MEATLESS DAYS IN HOTEL AND RESTAURANT

Two meatless days each week are in order in Lowell. Hotel dining rooms and restaurants bear placards announcing that Tuesday and Friday are fishdays and that no meat will be served. The notices are signed by Food Administrator Henry B. Endicott. "Please do not call for meat," is the request appearing on the placard.

The hotel and restaurant men have received a number of circulars from Frank C. Hall, chairman of the committee for hotels, restaurants, clubs, and steamboats, for Massachusetts, and all of them are taking kindly to the requests contained therein. In other words they are all anxious to do their bit along the line of food conservation as systematically laid down by the authorities and there is no doubt but what great results will be accomplished.

There is some keen philosophy and good arguments contained in the literature having to do with food conser-

DYS-PEP-LETS SWEETEN SOUR STOMACH

Aid digestion, stop belching, relieve heartburn, nausea, seasickness; also sleeplessness from indigestion. Their ingredients are the most effective remedies for these troubles.

The best advise that can be given the ordinary sufferer from indigestion is to take a Dys-pep-let or two after eating. The experience of a large and rapidly growing number of truly grateful people confirms our confidence in its soundness. Of course you should always eat slowly and chew your food thoroughly.

Dys-pep-lets are put up in three sizes, 10c, 25c and $1.

Have You Bought a Service Flag?

Service flags are priced moderately at Chalifoux's. Every home from which one or more young men have gone to help Uncle Sam should signify the fact by flying the Service flag. They are sold on the third floor. If there is some one gone from your home, why not fly the Service flag? Surely it is something to be proud of.

26,750 TONS OF SUGAR RELEASED

NEW YORK, Oct. 27.—Negotiations for the release of sugar stored in this vicinity and owned and paid for by foreign countries have been completed and 26,750 tons have been put on the market to relieve the shortage, it was announced today by George M. Rolph, chief of the sugar division of the federal food administration.

Negotiations for the release of 16,500 more tons are under way.

FRANCIS EARLY KILLED BY TRAIN TODAY

Francis M. Early, aged 41 years, and residing at 228 Cross street, was struck and instantly killed on what is known as the "Red bridge," about 7 o'clock this morning, by the train which left Lowell for Ayer at 6.55 o'clock. The body of the man was terribly mangled. The engineer of the train stopped after striking Early, but upon finding that life was extinct, continued on his way. The railroad officials and police were notified and later the body was taken to the funeral parlors of Undertakers James F. O'Donnell and Sons, but subsequently was removed to the funeral parlors of Charles H. Molloy's Sons at 343 Market street.

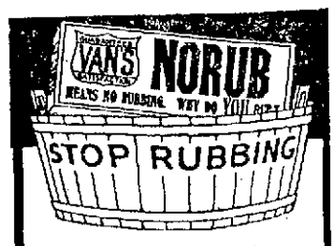

Early was walking along the track in order to make a "short cut" to his work at the Lamson Co., in Walker street. He was walking along the north bound track when the train approached and whether he heard the whistle or was confused by the sound of the approaching train is not known, but the pilot of the engine struck him and carried him along for a distance of about 25 feet.

The "Red bridge" is a railroad bridge over the canal between School and Walker street and is frequently used by people going to and from work to places in that vicinity. It is understood that when Early left his home in Cross street this morning he was a little late and took the railroad route. He was alone at the time and when he had reached a place adjacent to where the entrance to the Lamson Co. is located he was struck by the approaching train.

When picked up it was found that his head was crushed, the bones of his back and shoulders were broken and the lower limbs were lacerated.

The deceased had been employed in the storehouse of the Lamson Co. for a short time. He is survived by a father and mother, Frank A. and Eva Early; one brother, James A. Early; four sisters, Mrs. John Buckley, Mrs. Michael O'Brien, Mrs. William McCormack and Mrs. William J. Mitchell.

Concrete piles have been driven 9 feet into the coral rock of Honolulu with 3100 blows of an ordinary drop-hammer.

AMERICAN ARTILLERY OPENS FIRE ON GERMANS

Gen. Pershing's Forces Marched Into Trenches in Driving Rain—Enthusiastically Welcomed By French—German Positions and Troops Shelled—Fighting Continues

WITH THE AMERICAN ARMY IN FRANCE, Oct. 27. (By The Associated Press.)—American troops are in the first line trenches on the French front. The artillery fired the first shot of the war at 6 o'clock on the morning of a recent day, at a German working party. There has been intermittent artillery fighting since.

The helmeted infantry marched in without the knowledge of the enemy, on the same night, through rain and mud. The French soldiers in the trenches welcomed them enthusiastically.

The nearest enemy trench is several hundred yards away. The sector is one of the quietest on the front. It has not been taken over, being under the control of troops under the direction of the French.

Shell Case to President Wilson

The Americans have shelled German gun positions and troops, the enemy sending back shell for shell. The first shell case will be sent to President Wilson. The case is now in the possession of Gen. Sibert. The shot was fired by a red-haired gunner as his comrades in the ranks and the assembled officers cheered. Later a luncheon in the field was attended by the American and French artilleries in celebration of the first American contact with the enemy.

French 75 Gun Used

The gun used in firing the first shot was one of the famous French 75's. On the second day the French shelled a German battery position which was located by sound and the enemy replied vigorously, projectiles falling close to the Americans who joined in the artillery duel.

All the troops will be relieved after a certain period by others. Thus the American expeditionary forces are getting the benefit of actual war conditions.

Marched Up In Rain

Standing in a little, almost deserted shell-wrecked village, well within hostile gun range and a few kilometres from the trenches, The Associated Press correspondent watched the troops marchings up in a driving rain over roads covered with sticky mud. The artillery had been firing all day, and as a result the impression was given that there was considerable more activity on this front than there had been for some time.

It was soon after lulls in the firing and in the dark that the first machine guns hauled by Missouri mules, the drivers swathed in ponchos and with shrapnel helmets over their eyes, came up on the road beside a dark canal. There was a long line of these, and then came some infantry, rolling kitchens giving off a savory odor of warm food.

All passed in silence. The last gun carriage had sprawled on it the form of a soldier who had been taken ill and who was being held on by two of his walking comrades.

Through another street paved with cobbles and its sides lines with gaunt skeletons of shell-wrecked houses came the sound of the tread of many

FIRST OFFICIAL WAR REPORT FROM U. S. HEADQUARTERS

WITH THE AMERICAN ARMY IN FRANCE, Oct. 27.—(By The Associated Press).—Following is the first official statement issued from the American headquarters:

"In continuation of their training as a nucleus for instruction later a contingent of some battalions of our first contingents, in association with veteran French battalions, are in the first line trenches of a quiet sector of the French front. They are supported by some batteries of our artillery in association with veteran French batteries.

"The sector remains normal. Our men have adapted themselves to actual trench conditions in the most satisfactory manner."

PLANS FOR SECOND RED TRIANGLE CAMPAIGN

An enthusiastic meeting of a score or more Lowell men representative of the financial interests of the city was held this morning in the directors' room of the Union National bank. The object of the meeting was to make preliminary plans for the coming Red Triangle campaign to be waged in Lowell from Nov. 10 to 19.

A skeleton organization was perfected this morning to handle the campaign, although the personnel of the workers was not decided upon. The city is to be divided into ten divisions which will be lettered alphabetically from A to J. There will be five teams in each division and five men on each team. Supervising the campaign will be a general committee of 25 members.

Otto Hockmeyer presided at this morning's meeting and he made a report of the national convention of Red Triangle workers held recently at Atlantic City. He said that the campaign in prospect is to be waged to allow the extension of Red Triangle work into Italy and Russia as well as parts of France which have not yet been covered. The quota of the country is 35 million dollars and of this Lowell must raise $150,000. The surrounding towns, 12 in number, will be called upon to furnish $50,000 so that the complete quota for Greater Lowell will be $200,000.

"This money must be raised," said Mr. Hockmeyer. "Gen. Pershing has said that one Red Triangle secretary is worth 100,000 fighting men when the ultimate value of service is considered. It is absolutely necessary that the morale of the troops be maintained and no better way of accomplishing this can be found than through the agency of the Red Triangle."

The campaign will officially open with a banquet Nov. 10.

LOWELL LIBERTY LOAN ON WAY TO $7,000,000

Lowell passed the five million and three-quarter mark this noon in the Liberty loan campaign with every prospect of exceeding the six million mark this evening and with a possibility of approaching the seven million standard.

The final day of the campaign was marked by the expected pouring in of subscriptions from the corporations which had been held back until the last minute. It will not be until midnight this evening that all the industrial firms will have made their last report.

Among the large subscriptions reported this noon were one for $100,000 from the Tremont & Suffolk mills reported through the Union National bank, $20,000 additional from the Massachusetts cotton corporation, making a total of $170,000 for this company besides $15,350 in subscriptions from the employes of the mill; $50,000 from the Boott corporation and $54,000 from the employes. A total of $82,600 was reported through a Boston banking firm and credited to Lowell. Of this $75,000 is a subscription of a Lowell man but the bank is not able

60,000 ITALIAN TROOPS CAPTURED BY GERMANS

Grave inroads upon the Italian territory are being made by the powerful Austro-German army that broke through the Italian lines on the northern Isonzo front. Already, according to Berlin, no less than 60,000 prisoners and 450 guns have been taken by the invading forces.

Second Italian Army Defeated

The German official statement declares the second Italian army has been defeated and that almost the entire Isonzo front of the Italians, well down to the Carso, is imperilled by the Austro-German thrust.

It is semi-officially admitted in Rome that the situation is considered extremely serious with the enemy northwest of Gorizia well on the road to Cividale, which is some five miles within Italian territory, and seeking an opening to force his way through to the Italian plains. Attacks also

LOWELL BOYS IN THE WAR ZONE

Private Raymond Dowd, who left The Sun composing room to enlist with Co. C shortly after the declaration of war, but who was later transferred to the military police, has arrived in France. He has written to his parents here that he landed safely, after an uneventful trip. While many of the boys were seasick, he says that he was fortunate enough to escape.

Private William Hey, who enlisted in the same company with Private Dowd, but who was later transferred to the old Fifth, has notified his family here that he has safely arrived at a European port. Both Privates Hey and Dowd are members of the Mathew Temperance Institute, and were members of Co. C's "Cold water squad," before the ranks of the old Sixth were depleted by transfers.

Privates George Cunningham and Robert Doherty of Lowell were also among those who arrived on the same ship with Private Dowd.

BUNTING CLUB HOLDS ANNUAL MEETING

A very interesting meeting—the annual one—of the members of the United States Bunting club was held last evening in the quarters of the Club Citoyens-Americains in Middle street, with a large attendance. In the course of the evening considerable business was transacted and reports of the various officers, which showed the organization to be in a very prosperous condition, were read and accepted.

A feature of the meeting was the

FREDERICK G. HUMPHRISS

election of offices, which resulted as follows: Frederick G. Humphriss, president, (re-elected); John I'Anson, vice president; George Emsley, recording secretary, (re-elected); Harry Short, financial secretary, (re-elected); George Ingalls, treasurer; Charles D. Rodgers, auditor for three years; Francis Collinge, trustee for three years; John Burt, John W. Foster, William McShane and John Poole, directors for one year. The out-going directors, Samuel Nichol, Thomas E. Wilde, Alfred Chapman and William Gath, were extended a vote of thanks and appreciation for services rendered the club during their term of office.

President Humphriss' Address

In the course of the evening President Humphriss spoke interestingly to the members, reviewing the work of the organization during the past year, his address being in part, as follows:

The close of the year brings us to a point in the history of the Bunting club when your officers must again give an account of their stewardship. Another year has come in the ceaseless round of the ages, and as we stand on the threshold we pause for a moment to wonder what the coming year may have in store for us, and the thought comes to us as to how we may make the new year more profitable and productive than the year now drawing to a close.

No one can deny but what the Bunting club has made great progress during the year. The board of management for the year 1917 has set a pace for other succeeding boards to follow. This year saw the beginning of a movement to pay off our floating debt, and the success of such an enterprise by reducing our floating debt nearly one-half is a cause for congratulation in which the humblest member must share. Credit for this should not be withheld, and I believe there is not a member present here tonight, but what will be fair-minded enough to say that the work of the outgoing board of directors speaks for itself when they hear the financial report of the treasurer.

As president, I have given considerable thought to matters and things pertaining to the affairs of this club, and believe this an opportune time to give expression to them.

During many years of experience, I realize that the success of such an organization as ours depends upon the loyalty of the individual members, and that good team work is an important factor in keeping alive that enthusiasm necessary for our continued activity. The social feature of our club is a reserve that can never be estimated in figures, nor will it be found among the ledger assets of our society. It is an asset that can never be capitalized or supplanted by money. It is the enemy of none and the friend of all. It holds clubs and societies such as ours together; brings new members and extends an opportunity for social intercourse and intellectual development.

The question then arises, Do we have enough social activities in our club rooms?

Every thoughtful chairman of house committee or entertainment committee that has regard for the true welfare of our club has this problem to meet: How to make the clubroom most entertaining and alluring. The wide variety of clean, pure, solid fun open to us gives us opportunities to plan most enjoyable events. The amusement for one evening will suggest something for the next. We have had several social events during the year, our annual banquet and concert and ball were successful in every way and were enjoyed by all who attended. The visitations of the members of the C.M.A.C., the Arlington club of Lawrence and the French-American Citizens' club of Lowell were social events which pleased the entire membership and created new and lasting friendships between members of the social clubs of Lawrence and Lowell.

New Members

During the year we have admitted many new members, and I recommend that the same inducements be offered this year to get new members as were offered last year. If every member would make a resolution tonight to bring in at least one new member before the first of May, the club would be able to pay off the entire floating debt. We have a good club and there is no reason why every member should not go out and say a good word for the club and get a new member.

The question which every member should ask himself tonight is, What have I done towards the success of the Bunting club in the past? Have I done my share and, if not, what can I do in the future for the success of the club? The future of the club rests in the hands of the individual members. The officers may be doing all in their power but they cannot do it alone. They expect and should receive the hearty co-operation of every member.

Now, then, is the time to get busy. Now is the time we should realize that if we are to do anything to help our organization we must begin at once. We cannot stand still,—we are advancing or retreating—and the club is what we make it.

Deceased Members

I take the opportunity at this time to refer to our deceased members. During the year we have lost by death some of our best members. None of us knows whether we shall be present one year from now. One year ago we had with us several well known members who have since passed to the great beyond. We know that by their death we have lost staunch supporters and advocates, and their places left vacant are hard to fill. We deeply mourn the loss of our brother-members and co-workers, and sincerely join in the sorrow of relatives, friends and associates in their deep bereavement and affliction.

In conclusion, I congratulate the members on being able to give such a good account of our stewardship. I believe it is the best in the history of the club, but with the united efforts of all our members there is no reason why at this time next year we should not be able to again come before you with still a better account of our stewardship. All that your officers and board of directors ask for is the hearty co-operation and support of the members. The maxim, "United we stand, divided we fall," can nowhere be more appropriately applied than to our club, individually and collectively. The traditional bundle of sticks has ever been a forceful lesson. Bound together, it has resisted the efforts of those who have undertaken to break them. Taken separately, the several sticks have been broken, and thus the whole bundle has been destroyed. Let us ever remember then that "In unity there is strength." I take this opportunity of thanking the officers and members of the board of directors for their support during the year closing. Our sessions have been well attended and the best of feeling and harmony have prevailed at every meeting. To the members I express my grateful thanks for the favors with which they have been pleased to honor me. I have tried to bear in mind that this club is an organization composed "Of the people, by the people, and for the people," and that the will of the majority in all cases is to prevail, but that the minority possess their equal rights. Having been called upon, much against my will, to again undertake the duties of president for another year, I enter upon these duties which mean everything of value to you, with the determination of making this year as prosperous as the one now closed. All I ask for is to give me your moral and financial support, and a board of officers and directors who will work with me in everything pertaining to the welfare of this organization. You have an election tonight. See to it that you elect men who will work unceasingly and keep a watchful eye on everything pertaining to the success and welfare of your organization. You want men of integrity, common sense, courage and experience, competent and fit to perform the duties which they will be called upon to fulfill. You want men, who when weighed in the balance will not be found wanting. You want men whom you can trust and have confidence in. Elect such men to manage your club affairs and your club is safe.

ACADEMY OF MUSIC

Beginning Monday and continuing throughout the week, The Geo. B. Alexander Co. will appear at the Academy of Music twice daily in some of the best musical comedy seen in this section for years.

Mr. Geo. B. Alexander, the producer and principal comedian of this company needs no introduction to the theatregoers of this city.

The lark lyrics and music are all written and composed by Mr. Alexander and are restricted to use in these productions and cannot be heard anywhere else.

The bill for the first half of the week is "Swindling Swindlers" and is guaranteed to be a cure for the blues.

Among the cast are John McDonald, Mrs. Alice Kew, Miss Marion Kerrigan, Al Fox, Miss Miriam Daylos, Mr. Geo. Estes and John H. Faygan.

In this bill Mr. Alexander portrays his well known impersonation of the hobo in his inimitable way.

The chorus is well trained and handsomely gowned and the theatregoers of Lowell are promised a rare treat in being able to see this clever company.

SOLDIERS ENTERTAINED BY LOWELL TALENT

A number of local entertainers under the auspices of the Lowell lodge of Elks and under the immediate direction of Commissioner James E. Donnelly journeyed to the Y.M.C.A. recreation hut at Camp Devens last evening and staged a thoroughly enjoyable entertainment for the soldiers. Tommy Fall and partner, Finney Boyle and Tom Doyle, and Gardner Brooks and partner were the principals in several boxing bouts and the musical end of the affair was looked after by Commissioner Donnelly, Walter Davis, John F. Roane, Jr., Charles Clancy, Walter Clough and the Honey Boy Four with W. P. McCarthy as accompanist.

SAFEGUARD ELEVATORS AND STOCK YARDS

WASHINGTON, Oct. 27.—In response to a warning telegraphed by Food Administrator Herbert C. Hoover of a reported conspiracy afoot in the northwest to destroy grain supplies and cattle, steps were taken to safeguard elevators and stock yards in this state.

In his telegram Mr. Hoover calls attention to the recent destruction of cattle by fire at the Kansas City stock yards and to the serious loss of grain by the burning of elevators at Brooklyn, N. Y.

GENERAL STRIKE OF TELEPHONE EMPLOYES IS THREATENED

BOSTON, Oct. 27.—The state board of conciliation and arbitration closed public hearings yesterday in its investigation of the differences between the Western Electric company and its Boston employes. When the session ended William H. O'Brien, director of the telephone bureau of the public service commission, who has been an interested spectator at the hearings, told the newspapermen that the situation was extremely serious, because of reports that union electrical workers in Boston and elsewhere in New England may refuse to handle material constructed or repaired by strike breakers.

James H. Vahey, attorney for the employes, called attention in his argument to the possibilities of a general strike of telephone employes.

GREAT DEMAND FOR TICKETS FOR REINALD WERRENRATE'S RECITAL, NOV. 7

Persons who intend to hear Reinald Werrenrath's recital in Colonial hall, Nov. 7, had better purchase their tickets at once, as there is a very brisk advance sale already. The mere announcement of his name as one of the soloists at a Choral society concert has always been sufficient to sell out Keith's theatre, and as the seating capacity of Colonial hall is less than half that of Keith's theatre, it is entirely probable tht there will be no tickets on sale on the night of the recital. Inquiries have already been received from Lawrence and Nashua concerning the recital and a large contingent is expected to be present from both of those cities.

GARDE SACRE-COEUR

A successful whist and social was conducted last evening in Sacred Heart hall, East Pine street, by the members of Garde Sacre-Coeur. The affair was largely attended and the receipts of the evening was very substantial. Under the direction of Lieut. Henri Guerin, a pleasing entertainment program was given and whist was played, suitable prizes being awarded the winners. In the course of the evening, Rev. J. B. A. Barette, O.M.I., chaplain of the organization, delivered a forceful appeal in favor of the Liberty bond campaign.

C.M.A.C. MEETING

At a meeting of the officers of the C.M.A.C. held last evening the following committee was appointed to make arrangements for a whist and social to be held in the near future: Louis St. Jean, chairman; Philippe Morin, secretary; Henri Barry, treasurer; George Simard, Odilon Chandonnet, Arthur Hubert, Raoul Pelletier, Aurelien Simard, Theodore Letourneau, Joseph Eli, Joseph Tremblay, Hector McDonald, Albert Hamel, Ludger Ouellette, Ernest Lemire, Joseph Gosselin, Hector Laplante, Isidore Trudel, Emile Beauchesne and A. J. Fortier.

LOWELL MAN IN FRANCE WRITES TO GOVERNOR

Special to The Sun.

STATE HOUSE, Boston, Oct. 27.—An interesting letter from the American expeditionary forces "Overseas," which was written by Winfred C. MacBrayne of Lowell, formerly a member of the governor's military staff, has been received at the executive offices of the state house by Governor McCall.

No other address than "somewhere in France" is given by the Lowell soldier, and after expressing his hopes that the governor was successful over Cushing in the primaries, he writes patriotically of the spirit of the men

LIEUT. WINFRED C. MacBRAYNE

of the state and their determination to be a credit to the state of Massachusetts, regardless of the cost.

"I know that you will think of us officers and men of the American army in France and that Massachusetts will watch our contribution to the long-standing debt owed to this stricken land," he wrote. "We will with courage face the dangers which will be involved when we take our place in the firing line, remembering always that we bear the standards of the greatest nation in the world and that we represent the great state of Massachusetts.

"You may be sure, sir, that our part in this great conflict will be to the honor of our state and our distinguished governor. If I am one of those who shall return—when war is over—it is my hope that Governor McCall, in health and strength, will review victorious Massachusetts troops.

"If I do not return, may I feel that the governor's former aide-de-camp completed his country's service with honor and did his humble share in planting the flag of democracy on a firmer world basis. With best wishes, sir, I am, very truly yours,

W. C. MacBRAYNE."

From the tone of the Lowell officer's letter, those connected with the executive offices here feel that it is clearly indicated that the Massachusetts soldiers were on the eve of entering battle or are fast approaching the time when they will step into the trenches and wait for the command to "go over the top and get 'em."

MacBrayne, according to the records of the adjutant general's office, enlisted May 20, 1904, as a private in C Co., 6th regiment, and on Sept. 11, 1906, was transferred to Co. K of the same regiment. He was honorably discharged at the expiration of his service in 1907. He re-enlisted and served with that company until 1912, when he was commissioned second lieutenant and assigned to the quartermaster and commissary department, attached to the headquarters company of the regiment.

In 1917, on February 17, MacBrayne was promoted to the rank of captain and made commander-in-chief of the staff. In April he was elected first lieutenant of Battery B, 2nd regiment field artillery, and when the designation of that unit was changed to Battery F he was retained in the same rank. He entered the regular United States army service by the act of congress on May 18, 1917. HOYT.

WILL NOT FILL FIFTH AND EIGHTH REGIMENTS

BOSTON, Oct. 27.—The remnants of the old Fifth and Eighth regiments of the Massachusetts National Guard, now attached to the depot brigade, will not have their ranks filled from the draft army, and will in all probability lose their local character soon. It is the purpose of the war department to send the men remaining in these regiments to France as soon as possible as "surplus units," to be used by General Pershing in forming corps troops.

This information was contained in a letter received by Senator Weeks from Secretary Baker, which was made public last night. The secretary of war also informed Senator Weeks of the departure of the complete New England division under command of General Edwards. This is the first official statement of the leaving of New England troops for France. Nothing was said in the letter as to the assignment of General Sweetser when his corps reaches the war zone.

The letter to Senator Weeks follows:

"My dear Senator:

"I have your letter of the 17th instant in respect to filling to war strength the 5th and 8th regiments, Massachusetts infantry, National Guard.

"When it was decided as necessary to reorganize the National Guard divisions so as to conform to the organization recommended by General Pershing and the general staff, instructions were given division commanders to use their judgment in the selection of troops to compose the divisions and to do all things necessary to complete the organization of the divisions for early active service abroad.

"I find that General Edwards, in the reorganization of the 26th (New England) division, utilized the Second and Ninth regiments of Massachusetts infantry in the composition of his division and transferred to the depot brigade the Fifth, Sixth and Eighth regiments of Massachusetts infantry. The necessary privates and non-commissioned officers and some junior officers were taken from the last named regiments to bring up to war strength the first two named. The division has now been completely organized and has left the United States.

"The units assigned to the depot brigade, in which are included as above stated, the Fifth and Eighth Massachusetts infantry, are regarded as surplus units, and it is contemplated to send them to General Pershing as fast as transportation is available, for use in forming corps troops and for such other duty as he may determine. Inasmuch as the use to which General Pershing will put these troops must be left to his discretion no effort will be made to fill up regiments before sending them abroad. In this connection I desire to invite your attention to the fact that, after our troops become engaged in active service in France, it will be utterly impracticable for units to retain their local character, since replacements of casualties must be made from troops at hand.

"You can readily see that it would not be possible, in case the Massachusetts troops lost heavily in an engagement, to defer the filling up of their ranks until men from Massachusetts could be obtained for that purpose.

"Had it been necessary to send to General Edwards men for the purpose of completing the organization of his division it had been decided to take these men from the quota drafted from the localities from which the regiments came. It was found, however, that but few drafted men were needed, and none of these were needed for Massachusetts infantry regiment. Very truly yours,

"Newton D. Baker, secretary of war."

BUNTING CLUB EMPLOYES HOLD ANNUAL PARTY

The employes of the U. S. Bunting Co. held their tenth annual dancing party in Associate hall last evening and was largely attended both by the employes and their friends. A general dance order of 20 numbers interspersed with cabaret features by well known local entertainers composed the evening's entertainment. Music was furnished by Miner-Doyle's orchestra.

The officers of the affair were:

General manager, John A. Calnin; assistant general manager, John Gleason; floor marshal, Josie Cashman; assistant floor marshal, Josie O'Donnel, Mary Tighe; chief aid, Sadie Hayden; aids, Minnie I'Anson, Anna Bradley, Anna Livesey, Elizabeth Blackstock, Edith Richardson, Julia Harrington, Nellie Spillane, Alice Delaney, Frances Casey, William Hamilton, Mae Reynolds, Dolly Mills, Elizabeth Davidson, Anna Hockney, Anna Lardner, Bernard Ward, George Matthews, Frank Ogden, Dave Coleman.

BRITISH OFFICERS WOUNDED

LONDON, Oct. 27.—Capt. The Hon. Arthur J. P. Howard, second son of Baroness Strathcona has been wounded. Other British officers wounded include Maj. The Hon. Edward G. French, son of Viscount French, commander of the home forces and the Earl of Dunmore.

FRENCH SENATE PASSES WAR LOAN BILL

PARIS, Oct. 27.—The senate last night passed the war loan bill unanimously as it was sent from the chamber of deputies. After the vote the minister of finance signed, with the governor of the Bank of France, a convention renewing the bank's privileges for another 25 years.

Finance Minister Klotz, in introducing the loan bill in the chamber yesterday warned the chamber that new taxation measures would be introduced into the 1918 budget as the present taxation did not appear to be sufficient to meet the interest charges on loans. He justified the rate of 4 per cent because the market for 5 per cent was loaded sufficiently with the existing twenty-seven billions.

As the last loan produced more than ten billion francs, the present loan could not be fixed at below ten billions without reflection on the credit of the country.

An amendment offered by Minister Klotz promised that the expense of the issue should be added to the treasury's expenses. The amendment was dropped by a vote of 277 to 119. Another amendment proposing that the cost of advertising alone be submitted to the economic committee of the chamber was withdrawn. Minister Klotz said all editorial articles advocating the loan would be written without payment.

CHINESE MINISTER OF FINANCE EXTENDS CURRENCY AGREEMENT

PEKING, Oct. 26.—Representations of the American, British and French ministers here that their countries be allowed to continue their interest in currency reform in China have caused Liang Chi-Chao, the minister of finance, to extend the currency agreement of April 15, 1911, until April 14, 1918. This action gives the United States, Great Britain and France, the original parties to the agreement, the right to negotiate a currency loan during the next six months and to admit Russia and Japan if they so desire.

WAR CROSSES FOR YALE MEN

PARIS, Oct. 27.—War crosses have been awarded to Paul H. Ballou and Benjamin V. Harrison, Jr., for transporting wounded men under violent bombardment. Both are Yale men. Mr. Harrison is from Montclair, N. J.

CASUALTY LIST

OTTAWA, Ont., Oct. 27.—In the Canadian over-seas casualty list published here today appears the name of H. Metras, Chicopee Falls, Mass., wounded.

WALK ERECT AT EIGHTY

Because a man or woman is old does not mean that they must walk along bent over and supported with a cane. A man can be as vigorous and healthy at eighty as at twenty if he aids the organs of the body in performing their functions.

All diseases whether of a malignant or weak character tend to tear away our vitality. You must counteract disease in its incipient stage if you would live a happy and useful long life.

GOLD MEDAL Haarlem Oil Capsules, a 200-year old preparation that is used all over the world, contains soothing oils combined with strength-giving and system-cleaning herbs. These capsules are a prescription and have been and are still being used by physicians in daily practice. They have proven their merit in relieving backache, kidney and bladder complaints and all ailments arising from an excess of uric acid in the system.

GOLD MEDAL Haarlem Oil Capsules are sold at all reliable druggists. They are guaranteed to do everything as claimed or money refunded. Don't be misled by false imitations. Look for GOLD MEDAL on every box.

Backache of Women

How this Woman Suffered and Was Relieved.

Fort Fairfield, Maine.—"For many months I suffered from backache caused by female troubles so I was unable to do my house work. I took treatments for it but received no help whatever. Then some of my friends asked why I did not try Lydia E. Pinkham's Vegetable Compound. I did so and my backache soon disappeared and I felt like a different woman, and now have a healthy little baby girl and do all my house work. I will always praise Lydia E. Pinkham's Vegetable Compound to women who suffer as I did."—Mrs. ALTON D. OAKES, Fort Fairfield, Maine.

The Best Remedy is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

TERRIBLE CRISIS ON THE ISONZO FRONT

LONDON, Oct. 27.—The Austro-German blow on the Isonzo is featured by the morning newspapers rather anxiously. News despatches disclose that Field Marshal von Mackensen is in command of the enemy forces. A British correspondent on the Italian front in a telegram under Wednesday's date, says:

"This is going to be one of those terrible crisis when each side stakes all upon the throw and when thousands of men are strained to the limit of exhaustion for a decision whose effects will reach far beyond the battlefield and modify the whole course of the war. Italy is about to meet single handed almost the entire Austrian army and to bear alone the burdens she hitherto has shared with the Russians. It is known that at least ten German divisions are waiting behind the enemy front and that the number of newly arrived Austrian divisions is even greater."

Subsequent despatches confirming the violence of von Mackensen's onslaught, taken with the Italian and German official statements, cause commentators here to treat the situation very seriously. The Times sees the news from all other theatres eclipsed and reads grave warnings in the despatches from the Italian front.

"The immediate military possibilities of the Austro-German offensive," it says, "are of a character which the allies must instantly take into account. An extensive invasion of Italy at this juncture would affect the whole allied cause. In that spirit measures must be taken should the necessity arise."

The Morning Post says the situation evidently is critical and that the British nation must realize that fresh efforts and fresh sacrifices are necessary. The Daily News thinks that all the gains made in Italy's summer campaign are in jeopardy and fears that it is an evil omen that the period of military tension coincides with the political crisis in Italy.

On the other hand, the Times thinks that the menace of invasion has strengthened the parties in Italy who criticised the Boselli government for lack of vigor in conducting the war and that the Austro-German onslaught will have an effect in Italy contrary to that anticipated by the enemy.

Confidence also is expressed here in Gen. Cadorna and in the Italian army, while it is hoped that Gen. Petain's success on the Aisne and the pressure in Flanders will balance matters.

"The Germans must still be strong," says the Post, "if they can deliver a great assault on the Isonzo and at the same time rest secure in Flanders."

REPORT OF BIRTHS

Oct.

1—To Mr. and Mrs. Joseph Dubinsky, of 76 Linden st., a daughter.

5—To Mr. and Mrs. Karpo Pogrobnak, of 7 Chestnut st., a daughter.

7—To Mr. and Mrs. Harnomen Seslouvick, of 6 Watson ave., a daughter.

9—To Mr. and Mrs. Zidor Rudis, of 29 Summer st., a daughter.
To Mr. and Mrs. William O'Connell, of 5 Livermore st., a daughter.

11—To Mr. and Mrs. Costas Agaiter, of 450 Adams st., a son.

DUDLEY FIELD MALONE JOINS THE SOCIALISTS

NEW YORK, Oct. 27.—Dudley Field Malone, who resigned as collector of the port of New York because of the arrest of suffragists who were picketing the White House at Washington, has decided to support Morris Hillquit, socialist candidate for mayor, and the entire socialist municipal ticket, it was announced last night.

In a letter to Hillquit, telling him why he favored his election as mayor, Mr. Malone asserted he agreed with Gov. Whitman that "international issues are not germane to this city campaign." President Wilson and not the mayor of New York will be charged with the responsibility of handling our foreign relations during the next three years," Malone wrote. "I have always been an ardent advocate of America's preparedness and participation in the war."

Malone referred to the great joy the Russian revolution had given to the president, congress and leaders of the republican and democratic parties and the desire of the nation to "give to the masses of the Russian people a great social democracy with its revolutionary economic program."

"If this program is good for the masses of Russia," he aded, "it is just as good for the masses of the United States."

Malone declared that hundreds of thousands of working people in this city "are facing calmly the economic pressure of the war." He predicted they are going to vote for the candidate for mayor having "the purpose and the program which will mean lower rents, lower water, gas, electric light bills, street car fares with a more complete transfer system, and a program which will really provide farm lands and markets, so that the city of New York may sell foodstuffs at low prices to the workers of the five boroughs."

If you want to buy, sell or exchange anything try a Sun want adv.

"CASCARETS" FOR HEADACHE, COLDS, LIVER, BOWELS

Enjoy life! Don't stay bilious, sick, headachy and constipated.

Get rid of bad breath, sour stomach, coated tongue, indigestion.

Get a 10-cent box now.

They're fine! Cascarets liven your liver, clean your thirty feet of bowels and sweeten your stomach. You eat one or two, like candy, before going to bed and in the morning your head is clear, tongue is clean, stomach sweet, breath right and cold gone. Get a box from your druggist and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets stop sick headache, biliousness, indigestion, bad breath and constipation.

Mothers should give a whole Cascaret to cross, bilious, sick, feverish children any time. They are harmless and never gripe or sicken.

BRAZIL AT WAR WITH GERMANY

RIO JANEIRO, Oct. 27.—The chamber of deputies yesterday, by an almost unanimous vote, declared that a state of war existed between Germany and Brazil. The vote was 149 to 1.

President Braz has sanctioned the proclamation of a state of war with Germany.

The tribunes' chamber was filled to capacity. After a debate on the opportuneness of proclaiming martial law, the president of the diplomatic commission spoke in favor of a law worded as follows:

"A state of war between Brazil and Germany is hereby acknowledged and proclaimed. The president of the republic is authorized to adopt the measures enunciated in his message of the 25th of October, and to take all steps tending to ensure national defence and public security."

The virtually unanimous vote of the deputies was received with general acclamation.

The senate unanimously approved the proclamation of a state of war with Germany.

According to the newspapers, torpedo boat destroyers have received orders to proceed to Bahia and take possession of the German gunboat Eber, which has been lying there for some time.

The Eber is a vessel of 984 tons. She is 203 feet long and has a draught of nine feet, eight inches. She has a complement of 125 men.

ABSECON LIGHT HOUSE

MANSFIELD FOR 5 CENT FARE

BOSTON, Oct. 27.—Frederick W. Mansfield, candidate for governor on the democratic ticket, declared last evening in rallies at Cambridge, Somerville and Everett that Governor McCall had failed to take action in reducing the cost of food in Massachusetts. He also scored the governor's stand on the six-cent fare issue, saying that the governor favored the raising of street railway fares, regardless of the effect upon the travelling public.

Mr. Mansfield accused Governor McCall of a political trick during the last days of the last legislature, when he alleged that the governor sent a special message to the house advocating giving the public service commission the right to fix fares for the Boston Elevated.

"This would have meant the cancellation of the contract the Elevated has with the people," he said. "The contract, which has five years to run, reads that the Elevated shall not raise fares for 25 years.

"In the excitement of the mock session, the bill was passed, and not until Col. John H. Sherburn of Brookline, a republican, examined the governor's message did the full force of the political trick strike the representatives. They hastily reconsidered their action and sent the whole matter to a special commission.

"This message was nothing more or less than a midnight raid, intended to be passed when the legislature was not looking, and it would have meant the raising of fares to six cents. It was not an honorable way for the governor to attempt to legislate for the benefit of these roads.

"I realize that stockholders in street railways and steam railroads, too, deserve and ought to have a fair return for their money, and some constructive legislation must be devised whereby they can receive this and at the same time keep the fares down to the travelling public.

"Possibly something fashioned after the Cleveland plan might be adopted. In that city private capital owns the road, but the city runs it. The city guarantees to the stockholders 6 per cent. on their stock. The fare is only three cents and the road makes money, pays a 6 per cent. dividend, has the best equipment and rolling stock in the country and pays the highest wages.

"I know that conditions in Cleveland differ from those in Boston and that here our system of subways, tunnels and elevated structures present great difficulties, but surely it seems that if Cleveland can make money at three cents Massachusetts ought to get along on five-cent fares."

MOVE TO SAFEGUARD HEALTH OF SOLDIERS AND SAILORS AT NEWPORT, R. I.

NEWPORT, R. I., Oct. 27.—The board of health of this city has invited the federal public health service to detail a medical officer as sanitary adviser to the board for the duration of the war. The board also has asked the co-operation of the state board of health in its efforts to do everything possible to safeguard the health of soldiers and sailors quartered here.

THE REV. ISAAC MORGAN ATWOOD, AGED 80, UNIVERSALIST MINISTER, DEAD

WASHINGTON, Oct. 27.—The Rev. Isaac Morgan Atwood, aged 80, prominent Universalist minister, educator and editor, died here last night of natural causes.

Born at Pembroke, N. Y., and educated at Yale, Mr. Atwood was ordained in 1861 and held pastorates in New York and New England. In recent years he was professor at St. Lawrence university and editor of various religious publications.

SECOND FLOOR

TO REACH FIVE BILLION

WASHINGTON, Oct. 27.—The Liberty loan campaign went into its final hours today with every energy of two million field workers straining to carry it past the five billion dollar mark.

"Revised official and unofficial reports today strongly indicate, the treasury department announced "that approximately $4,000,000,000 in bonds have been sold.

"Additional sales of $1,000,000,000 today, bringing the total to the highest mark hoped for, seemed not only possible but entirely probable.

"Official returns show that the twelve federal reserve banks had returns of $2,750,105,000, representing subscriptions officially reported to them when they opened their books today. Inasmuch as this total indicates only sales upon which two per cent deposits have been paid the total is well under the amount of actual sales. A margin of at least $1,000,000,000 should be given unofficial sales over the official total. The official totals follow:

"Boston $330,100,000; New York, $1,175,000,000; Philadelphia, $102,026,000; Cleveland, $326,000,000; Richmond, $114,470,000; Atlanta, $33,545,000; Chicago, $271,250,000; St. Louis, $93,844,000; Minneapolis, $100,250,000; Kansas City, $57,950,000; Dallas, $37,105,000; San Francisco, $108,535,000. Total, $2,750,105,000."

Big Parades in Boston

BOSTON, Oct. 27.—A decided military tinge was given to Boston today for the purpose of making a rousing success of the last day of the campaign to reach the $500,000,000 maximum Liberty loan quota of New England. Two separate parades of coast artillery companies were arranged for the forenoon through down-town streets, converging on the common.

"Boston's Own," the 301st regiment of the National army, came from Camp Devens to march through the business district this afternoon. At the conclusion of this parade a great demonstration was planned, to be held on the common. All the banks will remain open till midnight to receive subscriptions.

The new "Liberty Mall" on the common, designed to give a vista of the state house from Tremont street, was dedicated today, having been christened in honor of the Liberty loan.

Motor Truck "Banks"

NEW YORK, Oct. 27.—A fleet of motor truck "banks" manned by volunteers from the sub-treasury and guarded by soldiers and policemen and each carrying new Liberty bonds in denominations from $50 to $1000, were prepared to rush to any part of the city today to divert waiting lines of bond buyers at banks and stores. This emergency force will remain on duty until midnight, and banks in all sections of the city will be kept open tonight as long as there is a demand to buy or subscribe for bonds.

New York Near Maximum

NEW YORK, Oct. 27.—Subscriptions rolled in yesterday in such large volume and amount that it was impossible for the banks, trust companies and other agencies to tabulate their figures, but it was conservatively estimated that the day's "drive" had produced at least $200,000,000, thus advancing the total for the second federal reserve district up to $1,275,000,000, as against its maximum quota of $1,500,000,000.

Trading in the new Liberty loan bonds will begin on the New York stock exchange next Monday, but transactions will be limited to actual dealings.

New England's Total

BOSTON, Oct. 27.—Liberty loan subscriptions of $386,347,000 for the First Federal Reserve district were announced today after the tabulation of over-night reports from all but 102 of the banks in New England. The total includes $49,270,000 subscribed yesterday and while the district must raise more than $100,000,000 to reach the maximum, members of the general committee said there was every reason to believe that this would be in hand by midnight. The report by states:

	Oct. 27	Total
Maine	$ 1,929,000	$ 18,370,000
New Hampshire	1,299,000	12,072,000
Vermont	1,092,000	8,075,000

PLOT TO DISABLE ARMY ANIMALS AT VANCOUVER

VANCOUVER, B. C., Oct. 27.—Double guards with orders to shoot any intruders have been placed at the army post stables and other points here, owing to the discovery of evidence indicating a plot to disable army animals. Several mules were crippled within the last few weeks by the insertion of needles into their joints. These mules were so badly hurt that they were shot.

SAILOR WAS JOY RIDING IN STOLEN AUTO

Joseph P. Shay, a sailor who claims to come from the northern part of New York, and Frank L. Henry, who has a residence in Arlington, were arrested in Merrimack square by Patrolman Winn last night when they failed to stop their machine upon receiving a signal from the officer. When questioned as to having a license, neither was able to produce one and the officer took the two men to the police station, where, after being put through an examination, it was found that they had stolen the machine in Boston.

An automobile which was coming through Prescott street to Bridge street was the cause of the arrest of the two men. The car in question had the right of way, according to Patrolman Winn, who was acting as traffic officer at the time. The sailor and friend in the machine, ignored the signal of the officer and kept on going with the result that there came near being a collision between the machines.

Patrolman Winn halted the machine operated by Sailor Shay and finding that he could show no license had the latter drive the machine to the police station where it was subsequently learned that the machine had been stolen.

Shay when questioned said that he and his friend were passing through Joy street in the rear of the police station about noon yesterday and seeing the machine jumped into it and drove to Manchester, N. H. Shay was at the wheel and they were on their way back to Boston when held up by Patrolman Winn.

The Boston police were notified and it was learned that the machine belonged to H. C. Darling, who is employed by the city of Boston. He had left his machine in the rear of the state house for a short time and upon returning found that it was missing.

This noon Patrolman Wm. J. Leonard of Division 3 of Boston, and Mr. Darling came to this city and returned with the prisoners who will be arraigned in one of the district courts in Boston Monday morning on a complaint charging them with larceny.

MATRIMONIAL

Thomas Ruckledge and Miss Annie Spencer were married Wednesday, the ceremony being performed at the home of Mr. and Mrs. Harry Spencer in Burton street by Rev. A. C. Archibald of the First Baptist church. The bridesmaid was Miss Elizabeth Howard, while Collin C. McCord acted as best man. After a honeymoon trip the couple will make their home in Lawrence street.

Randlett—Isherwood

Herbert Randlett and Miss Eva Isherwood were married Wednesday at the home of Mrs. Arthur Hird, 518 Princeton street by Rev. J. T. Carlyon of Newton. After an automobile wedding trip the couple will make their home in this city.

McNamara—Sullivan

One of the prettiest autumn weddings of the season took place Wednesday afternoon when Joseph J. McNamara and Miss Margaret T. Sullivan were united in marriage at the rectory of the Sacred Heart church, Rev. John P. Flynn, O.M.I., pastor, performing the ceremony. The bride looked charming in a gown of white Georgette crepe with pearl trimmings. She wore a white picture hat to match and carried a shower bouquet of lilies of the valley. She was attended by her sister, Miss Catherine Sullivan, who wore a gown of white duchess lace with silver trimmings. She wore a white picture hat and carried pink roses. Peter F. Sorrohan, a nephew of the groom, acted as best man. The groom's gift to the best man was a set of gold cuff links, while the gift of the bride to the bridesmaid was an emerald ring. After the ceremony a reception was held at the bride's home, 70 Andrews street, and a wedding supper served. An elaborate display of handsome and costly wedding gifts testified to the wide popularity of the happy couple. Mr. and Mrs. McNamara left late in the evening for an extended wedding trip to New York and Philadelphia. They will be home to their friends at 70 Andrews street after Dec. 1st.

MORTALITY OF LOWELL

For the week ending Oct. 2, 1917: Population, 107,978; total deaths, 29; deaths under five, 12; infectious diseases, 1; acute lung diseases, 5; tuberculosis, 1.

wish to extend a word of appreciation to Humphrey O'Sullivan for the interest which he has taken in them.

Sergt. John McClellan arrived in town last night and he, too, is on the outlook for men. He is the particular representative of Co. G, and he expects to add a little weight to his unit upon his return to Westfield. Sergt. John Egan is taking care of Co. C's interests and all three men will be stationed at the armory in Westford street daily until further notice. There is considerable rivalry between the three units and there ought to be an enthusiastic campaign staged while they remain here.

British Recruiting Party

The members of the British recruiting party who have been in this city for the past few days journeyed to Fitchburg yesterday and succeeded in signing up 21 men for the British forces. Tonight a monster rally will be held here in Lowell at John and Merrimack streets at 7.30 and later one will be held at the C.M.A.C. club in Pawtucket street.

The officers will "cover" the greater part of Middlesex county next week and will maintain their headquarters in Lowell at the war work headquarters. Schedule for the week has been mapped out and the party will be divided into two squads, each of which will have a certain town to cover each day. Following is the schedule as announced this noon: Monday, Salem and Peabody; Tuesday, Winchester and Woburn; Wednesday, Lynn and Wakefield; Thursday, Reading and Stoneham. This will take in all the Lowell district.

The local navy recruiting station had a total of 25 applicants during the week ending last Thursday, and of these only two were able to pass the required examinations. Joseph C. Tremblay of Lawrence was accepted at the station yesterday as an apprentice seaman.

Richard J. Grant of 2 Stackpole street has joined the Quartermaster corps of the regular army and left Lowell this morning. On Monday, Caleb F. Rogers of 12 Waldo street will leave these parts to become a member of the Coast Artillery corps. Rogers was formerly a Boy Scout belonging to Troop 9.

FOR CO. K

Continued

war strength as a measure analogous to the general rehabilitation of the Sixth regiment. The sergeant will be at the armory in Westford street every afternoon until further notice and the men who sign up may be sure of going away to camp at once. There will be no hanging around the armory.

Sergt. Hart is looking as well as ever and Lowell people who remember the excellent work which he did in the recruiting campaigns for Co. K last spring and summer are confident that he will go back to Westfield with his desired quota.

Since leaving Lowell the sergeant has made his way rapidly up the military ladder. He was formerly drill sergeant of K, but now he holds the premier non-commissioned rank of the unit—first sergeant.

Sergt. Hart says that the Lowell boys at Westfield more than did their bit in the Liberty loan campaign and Co. K "led all the rest." Here's tabulation, as the bankers would say, of the loan in Westfield as it affected the Sixth regiment units:

Co. K (Lowell, Capt. Greig)	$2100
Co. E	1950
Co. G (Lowell, Capt. Doyle)	1450
Co. B	1300
Headquarters Co. (Lowell)	1050
Co. M	650
Regimental Hdqtrs.	500
Supply Company	200
Medical Depr. (Attd.)	150
Quartermaster Corps. (Attd.)	150
Company H	100
Company A	50
Co. C Lowell, Capt. Powers)	50
Total	$9700

It will be noted that Co. K heads the list and that of the $9700 in bonds purchased, three Lowell organizations bought half the total for the regiment. This is a splendid showing for K and is all the more appreciable when it is stated that at present there are but 18 members of the original company left, practically all non-commissioned officers, and that these are the men who purchased the bonds.

Capt. Greig's company had planned a barbecue for Liberty day but on account of the storm it was postponed to Monday, Oct. 29. The boys bought bonds, nevertheless, and much credit should be given to Corp. Ralph Pollard of Co. K who had general charge of the sale of Liberty bonds in the entire Sixth regiment. The Lowell boys

FUNERALS

McLARNEY—The funeral of Mrs. Mary A. McLarney took place this morning from her late home, 4 Runels pl, at 8 o'clock and was largely attended by many sorrowing relatives, including many from Quebec, Canada, and Nashua, N. H. The funeral cortege proceeded to St. Peter's church where at 9 o'clock a funeral mass of requiem was celebrated by Rev. Daniel J. Heffernan. There was a profusion of beautiful floral tributes to testify the high esteem in which the deceased was held. The casket was borne from the church to the hearse by the following bearers: Messrs. Edward, William and John Farley, and Henry Mullin. Burial was in the family lot in St. Patrick's cemetery where the last solemn rites of the Catholic church were read at the grave by Rev. Fr. Heffernan. Funeral arrangements in charge of Undertakers O'Connell & Mack.

DWYER—The funeral of John H. Dwyer took place this morning at 8.30 o'clock from the home of his sister, Mrs. Katherine Lord, 215 Lincoln street and proceeded to the Sacred Heart church where at 9 o'clock a high mass of requiem was celebrated by the Rev. T. Franklin Wood, O.M.I. There was a profusion of beautiful and appropriate floral offerings and several spiritual bouquets showing the esteem in which the deceased was held by his many friends and acquaintances. The casket was borne by the following bearers: Messrs. Frank O'Neil, Thos. Mooney, Daniel Sullivan, Charles Provencher and Frank Dean. The funeral cortege proceeded to St. Patrick's cemetery, the burial being in the family lot where the committal prayers were read at the grave by the Rev. T. Franklin Wood, O.M.I. The funeral was largely attended and under the direction of Undertakers Higgins Bros.

FUNERAL NOTICES

CLOUGH—Died, in this city, Oct. 27, at the home of his parents, 58 West 5th ave., Frank A. Clough, aged 2 mos., 2 days. Services will be held Sunday afternoon at 2 o'clock. Burial private. The funeral in charge of Undertakers Young & Blake.

DERKHOOGASIAN—The funeral of Oscar Derkhoogasian, who died Tuesday, will take place on Sunday afternoon at 1 o'clock from the funeral parlors of Undertakers M. H. McDonough Sons. Services will be held at the Lawrence Street Armenian church at 2 o'clock. Burial will take place in the Edson cemetery, Undertakers M. H. McDonough Sons in charge.

DUGAN—The funeral of Margaret Dugan will take place Monday morning from her late home, 51 Butler ave. at 8.45 o'clock. At St. Peter's church at 9.45 o'clock a funeral mass of requiem will be celebrated. Burial will be in the family lot in St. Patrick's cemetery. Funeral arrangements in charge of Undertakers O'Connell & Mack.

FORGAYS—The funeral of Mrs. Margaret Burns Forgays will take place on Monday morning at 7.45 o'clock from her late home, 98 Cosgrove street. Solemn high mass of requiem will be sung at the Sacred Heart church at 9 o'clock. Burial will take place in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge.

HALE—The funeral of Mrs. Laura A. Hale will take place from her home in North Chelmsford, Tuesday, Oct. 30th at 2 o'clock. Friends invited without further notice. Funeral arrangements in charge of Undertaker John A. Weinbeck.

MORSE—Died Oct. 26 in this city, Mrs. Christina C. Morse, aged 85 years, at her home, 573 Westford street. Funeral services will be held at the Baptist church at Northwood Ridge, N. H., Sunday afternoon at 2 o'clock. Friends are invited without further notice. Please omit flowers. The funeral arrangements are in charge of Undertaker George W. Healey.

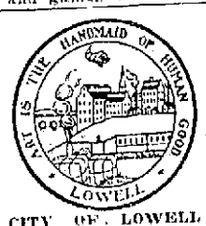

O'KEEFE—The funeral of the late Mrs. Catherine O'Keefe will take place Monday morning at 8.15 o'clock from her home, 169 Broadway. A funeral mass will be sung at St. Patrick's church, at 9 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

RILEY—The funeral of James Riley will take place Sunday afternoon at 2.15 o'clock from his home, 104 Concord street. Services at the Immaculate Conception church at 3 o'clock. Monday morning a mass of requiem will be sung at the Immaculate Conception church at 8 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

TYERS—The funeral of Walter J. Tyers will take place on Monday morning at 8 o'clock from his late home, 90 Union street. High mass of requiem will be sung at St. Peter's church at 9 o'clock. Burial will take place in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge.

CENTRALVILLE REBEKAH LODGE

The regular meeting of the Centralville Rebekah lodge, No. 137, I.O.O.F., was held Thursday night, and was followed by a delightful Halloween party, which was in charge of Mrs. Vina Prentiss and an efficient committee. An entertainment program was carried out which proved to be of an enjoyable nature. At the conclusion of the entertainment program dancing and games were held.

CITY OF LOWELL

The Municipal Council of the City of Lowell will give a hearing at its room, City Hall, Tuesday, November 13, 1917, at ten o'clock a. m. on the following petition:

E. F. Anderson
For a license to conduct and maintain a garage at premises rear 27 West Forest street.

By order of the Municipal Council,
STEPHEN FLYNN, Clerk.
Lowell, Oct. 27, 1917.

DEATHS

FORGAYS—Mrs. Margaret J. (Burns) Forgays, aged 45 years, died last evening at her home, 98 Cosgrove street. She was an attendant of the Sacred Heart church for many years, and leaves her husband, Charles N.; four sisters, Mrs. Annie Sheerin of Lowell, Mrs. Hugh McQuarrie of Perth Amboy, N. J., Mrs. Joseph McDonald of Lowell and Mrs. McGrade in Ireland; five brothers, John of this city, James of New York, and Thomas, Patrick and Francis of Ireland.

HALE—Died, at North Chelmsford, Mrs. Laura A. Hale, widow of Oliver H. Hale, aged 68 years, 6 mos., 18 days. She leaves two sons, Charles H. Hale of North Chelmsford, Alfred H., of Lowell; two brothers, Horace Robbins, of Fitchburg; Edward Robbins, of Ashby, Mass.; three sisters, Mrs. Isabella Elliott of Mason, N. H., Mrs. Sarah D. Hamilton, of Brookline, N. H., Mrs. Elvira Wright of Nashua.

KEEFE—Mrs. John Keefe, a well known resident of St. Patrick's parish, died last night at her home, 169 Broadway, after a lingering illness. Besides her husband, she leaves one brother, Edwin Woods, and three sisters, Mrs. Michael Hennessy, Mrs. John J. O'Malley of Methuen and Mrs. Michael Murnane.

DAIGLE—Alderic Daigle, aged 15 years, died early this morning at the home of his parents, Mr. and Mrs. Isaie Daigle, Arlington avenue, Dracut. Besides his parents he leaves five brothers, Telesphore, Wilfrid, Isaie, Jr., Wilbrod and Albert and two sisters, Aldea and Sylvia Daigle.

CLOUGH—Frank A. Clough, infant son of Mr. and Mrs. Frank Clough, died this morning at the home of his parents, 58 West 5th ave., aged 2 months. He leaves besides his parents, two sisters, Ethel and Frances; one brother, Robert.

DUGAN—Miss Margaret Dugan, a well known resident of St. Peter's parish, died last evening at the home of her parents, Patrick and Mary Dugan, 51 Butler avenue. She leaves one brother, Joseph and one sister, Catherine Dugan.

DUBE—Alexandre Dube, aged 71 years, died today in Tewksbury. The body was removed to the home of his daughter, Mrs. Napoleon Potvin, 35 East Merrimack street. Besides his daughter he leaves a son, Napoleon, of Spencer.

KREEN—Thomas B. Kreen, aged 61 years and formerly of this city, died Thursday at his home in Jewett City, Conn. He leaves his wife, one son and one daughter.

MORSE—Mrs. Christina C. Morse, aged 85 years, died yesterday at 573 Westford street.

TEXTILE WORKERS WILL MEET IN LOWELL

The 17th annual convention of the United Textile Workers of America will be held in this city beginning next Monday. The sessions will be conducted in Elks hall, Middle street, and it is expected about 150 delegates from all parts of the United States and Canada will be in attendance.

Some of the delegates, about 50 in number, arrived in this city this morning. The majority of them registered at the headquarters of the convention, the New American hotel in Central street, while others took up quarters in other hotels. During the forenoon the executive council of the organization, which includes John F. Golden of Fall River, president; Mrs. Sara Conboy of Dorchester, secretary, and John Hanley of this city as well as eight other members, held a meeting at the hotel and appointed the following committee of credentials: George Creech, Philadelphia, chairman; Theresa Cosgrove, Paterson, N. J., and John Mullin, Lowell.

Two Nights a Week, Saturday and Monday
MARKHAM'S ORCHESTRA NEW FLOOR

The council held another session this afternoon for the purpose of completing all arrangements for the first session of the convention, which will be held Monday morning at 10 o'clock.

According to present arrangements, the convention will open in Elks' hall Monday morning and sessions will be held every morning and afternoon until all the business is transacted. Monday evening it is planned to hold a big parade through the principal streets of the city, while Tuesday evening a banquet will be tendered the delegates. One of the features of the convention will be a report of President Golden on industrial conditions in England. Mr. Golden was one of a committee sent from this country to study industrial conditions in England and he returned from Europe a couple of days ago. Considerable business concerning the textile workers of this country and Canada will also be brought to attention of the delegates. The delegates will be welcomed at their opening session by Mayor James E. O'Donnell.

BROADWAY CLUB BUYS LIBERTY BONDS

The Broadway Social and Athletic club, one of Lowell's most prominent social and athletic organizations which since the declaration of war has more than once demonstrated its loyalty to the government and the cause for which the United States entered the conflict, again came to the front last evening, and unanimously voted to subscribe $200 to the Liberty loan. In addition to the club contribution, Pres. Timothy O'Sullivan sold 21 bonds to 19 members. The club subscribed $100 to the first loan, making a grand total of $1300 that the club and its members have contributed to the two issues.

Tonight at the clubroom a service flag, with 12 stars, signifying the number of members now in the service, will be raised.

Tomorrow the annual meeting of the club will be held, with the election of officers as the principal business. Timothy F. O'Sullivan, president, will have no opposition, the members being anxious for a continuance of his successful administration.

U. S. TROOPS IN ACTION
Continued

hob-nailed boots, and in the darkness the dim form of men could be seen marching.

Move With Machine-like Precision

The cautious flash of an electric pocket lamp disclosed that they were American infantry, packs on their backs, rifles slung on their shoulders, rain glistening on their helmets and coats, the wind whipping the bottoms of their coats around legs which were moving with machine-like precision.

The Americans swung down the street apparently as proud as though on dress parade, notwithstanding that they had marched miles from the billets where they had been since coming by motor trucks and railway from the instruction centers. As the ranks passed, every now and then a soldier could be heard whistling softly to himself, his nearby comrades listening silently to sentimental and popular pieces.

Sammies Whistle "Tipperary"

Finally from the rear came the whistled strain of a tune which all knew, and from many places in the ranks whistles and voices joined in. The tune was "Tipperary." It lasted briefly as an officer, turning, ordered "Stop that noise."

As the Germans were nearby, much depended on approaching the zone quietly. The troops turned a corner and disappeared down an ink-black screened road. As a major standing there listened, he looked continuously at an illuminated watch dial. He said:

All Entered Trenches In Safety

"The men from the other direction should now be entering the trenches. I have been standing here waiting to hear if the Germans discover the movement." He paused, listened and then continued:

"There is no firing yet, although I expect it, for no doubt we are in for a 'strafe' if the 'Boche' knows we are going in."

No "strafe" developed, although the Germans put over a few customary shells—hitting nothing.

The troops entered the trenches safely, unit by unit, passing quickly to the places assigned them. Quietness was essential, but the French welcome none the less was heard and it was enthusiastic.

Kissed by French

Every American was shaken by the hand, some were hugged and even kissed on both cheeks in the French custom. Some of the French troops were those who helped to train the Americans.

Battery Shatters Enemy Group

The trenches were found to be muddy but nevertheless in a condition of excellent construction. Greetings being over, the Americans settled down and at daylight, under low-hung dripping clouds, they got their first view of the German lines stretching away in the rolling terrain.

It has rained daily since, and the troops now are covered with mud. Officers say they are certain the Germans know the Americans are opposite them, but there has been no special activity.

One American battery observed and scattered a marching enemy group with shell fire.

90 Dozen Ladies' Shirt Waists

At 59c Each—2 for $1.00

LADIES' SHIRT WAISTS—Made in the newest models of fine fancy voile, with organdy collars and lingerie, nicely trimmed.

MERRIMACK ST.

THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

Member of the Associated Press

NOW FOR THE GRAND WIND-UP

We are now on the last lap of the second Liberty loan. After hearing the reports of Wednesday, Liberty Loan day, Secretary McAdoo announced that the results indicated the success of the loan. But at that time only $3,500,000,000 had been subscribed and $1,500,000,000 was certainly a large sum to get in the three remaining days.

Therefore, the fight must go on until the last minute or until midnight tonight. Let the dollars fly to make the bullets fly later at the head of the kaiser.

Within the past few months the German rulers ceased their pretense of paying little attention to what America is preparing to do in the war.

They are now directing their hymn of hate at us. First it was against the French, next against the English; but now it is our turn. The enmity of the "all highest" is directed particularly at President Wilson, who is scoffed at as a "presumptuous parvenu" for trying to drive a wedge between the German people and their "divinely appointed" rulers.

The German press asserts that the German people will answer Wilson's insult to the kaiser by oversubscribing the seventh war loan, said to be something over $3,000,000,000.

The American people in this Liberty loan are determined to show they are back of Wilson and that they will outdo Germany's effort, dollar for dollar and man for man.

If we agree with our president in his stirring and noble words, in which he lashed the Prussian masters of the plain people, if we resent the slurs and ridicule heaped upon the brave lads who comprise our army and navy, if we do not wish to be placed in a position where we shall have to pay a thumping indemnity to the kaiser, we will show the feeling that is in us by making the second Liberty loan go many millions over the mark set by the treasury department.

Only in that way can we help convince the kaiserists that our army is something more than a phantom and that we are going to equip it with something more than ghostly rifles and hot-air bullets.

Only in that way can we force the Prussians to believe that we are going to see this war through to the end—until the Hohenzollern autocracy is crushed to earth never to rise again.

RUSSIAN SITUATION BAD

Things go from bad to worse in Russia. The fatuity of the council of soldiers' and workmen's delegates is deplorable. The delegates will do nothing themselves and they will not allow Premier Kerensky to do what is necessary to save Russia. They charge him with ulterior motives, with a desire to become dictator and even to turn the nation over to Russia. Oh, the ingratitude of it.

Alas! for the fate of Russia when she has to depend upon men who do not see the real danger, the real situation, or seeing it, ignore and evade what patriotism demands.

The delegates cry out for an early peace. It appears that the subterranean German intrigue has reached them although they may not be conscious of that fact. They speak against Germany and declare their intention of defending Russia. To this end they want all the power and authority transferred from Kerensky to themselves which would mean an early peace with Germany regardless of what the allies may think about it.

If the men who talk in this strain get control of the government they will submit to German terms and in a short time Russia will be but a base of supplies for the Teutons. There is just one way to prevent this possibility, to wit the invasion of Russia by a large Japanese army. That would entail vast expenditure of men and money that the allies would much rather exert directly against Germany. But it seems that nothing can hold Russia in the war. The army is not fed or equipped to fight. The leaders are not supported by government authority. There is disloyalty, discord and anarchy brewing at every point. The council of workmen's and soldiers' delegates apparently does not know what liberty means. They do not seem to be able to see the real danger that threatens the nation if they keep on restraining the government and paralyzing the power to use the army and navy.

The German plotters will take all possible advantage of the situation to promote the separate peace propaganda. The forces of anarchy keep surging at the door of Premier Kerensky and his cabinet, and it is so difficult to secure any general support for the government that the case of Russia at the present moment is almost hopeless.

FOR CHILD WELFARE

The state department of health has taken a wise step in its determination to start a movement for child welfare in all large cities during the war.

Unfortunately in Lowell the rate of infant mortality has been so high that even in the absence of war, the time was ripe for a survey of the causes of this high death rate among young children.

There is no mystery about it in our judgment. It is due to ignorance, neglect, carelessness, poverty, drunkenness, and the breaking up of families from one cause or another. Young children are left to run around the streets while their mothers work in the mill. Many of them are killed by accident, while the infants left in care of older children are so neglected or so unskillfully treated that they contract diseases from which they die.

To some mothers the high wages paid in the factories is a great temptation to leave their infants under two years old in charge of somebody who is in no sense qualified to care for them.

There is certainly a big field here for the workers for child welfare and it is to be hoped they will be able to eradicate many of the evils that in the past have sent hundreds of little ones to their graves. In all fairness we should say that but for the work of the district nurses furnished by the Lowell Guild and the Metropolitan Insurance company, the death rate among young children here would have been even much higher.

BOOST FOR WOMAN SUFFRAGE

The surprise of the hour is President Wilson's endorsement of woman suffrage as a state issue. He was known to be favorably disposed to the suffrage issue, but he had given no indication that he would come out squarely in its favor as a step in the reconstruction of the new democracy of the world.

The obstinate pickets who have pestered the White House for the last six months will doubtless say that the president's endorsement is due to their work; but there is little ground for any such assumption. The pickets want the president to declare in favor of the Susan B. Anthony amendment to the federal constitution. This would be an unwarranted interference with state rights in the opinion of many prominent authorities. That is why the president has not heretofore declared in favor of it.

The suffrage issue comes up with prospects of unusual strength in the New York election, November 6. If the women win, their victory whether justly or not will be attributed to the president's declaration in their favor. This endorsement of the movement in New York state will of course apply equally in every other state in which the issue comes to the front.

GERMANY PLANS RETREAT

Between the crushing blows of the French under General Petain and the continuous pressure of the British under General Haig, the Germans are reported to be planning another "strategetical retreat." Of course Germany will never admit that the defeats inflicted upon her on the western front have had anything to do with this proposed retreat. That would not be in line with her policy of making her people, and so far as possible the rest of the world, believe that she is absolutely invincible. Germany is being steadily forced back and she will soon be obliged to evacuate her naval and submarine bases on the Belgian coast and transfer them to Wilhelmshaven or to the Baltic through the Kiel canal.

Germany undertook to send a force to help Austria against Italy, but while she was so doing her other armies suffered one of the most severe defeats of the war.

No Reason For It

WHEN LOWELL CITIZENS SHOW A WAY

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what this Lowell man says.

W. T. Foss, city fireman, 37 Pond St., says: "I can recommend Doan's Kidney Pills as a medicine of merit, for by using them occasionally, I have kept my kidneys in good condition. My kidneys have caused me to suffer a great deal, especially when I have taken cold. Doan's Kidney Pills have never failed to help me when I have had one of those attacks and I would not be without them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Foss uses. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

The local evening newspaper is the paper that reaches the home when the whole family is there to read it. The Sun fills this field in Lowell.

SEEN AND HEARD

Even in advertisements you see pictures of winter girls wearing furs, muffs and pumps.

When a woman is shopping and sees something she likes, even if she can't afford it, she likes to know the price.

When a man is wearing full evening dress, it doesn't make much difference whether he gets a splash of coffee or a splash of claret on his shirt front, unless he is a prohibitionist.

Just where self-esteem leaves off and egotism begins is hard to determine sometimes, but in your case, of course, it is proper self-esteem, while in the case of the man you don't like it is rank egotism.

Grateful to the Doctor

A Chinaman was asked if there were good doctors in China.

"Good doctors!" he exclaimed. "China have best doctors in world. Hang Chang one good doctor; he great; save life, to me."

"You don't say so! How was that?"

"Me velly bad," he said. "Me callee Doctor Han Kon. Give some medicine. Get velly, velly ill. Me callee Doctor San Sing. Give more medicine. Me glow worse—go die. Blime-bly callee Doctor Hang Chang. He got no time; no come. Save life."—Ladies' Home Journal.

Cupid Busy in France

This story of the lighter side of war comes to us from a correspondent at the American field headquarters in France:

Suzanne loves Donald. It is written in Susanne's little composition book like this:

"My love Donald, yes, much."

But it's 50-50, because on the next line is written in regular American script:

"Je aimer Suzanne, Beaucoup."

Donald's French isn't any better than Suzanne's English, but it means that his manly heart has been doing a little fluttering too.

They met one afternoon recently when Donald came thundering along in a big army truck. The motor gave an expiring snort and died right outside Suzanne's house—the little white cottage with the red roof and posies growing in pots on the window sills and pigs and chickens churning up the front yard in search of chow.

Donald climbed down, shoved his goggles up on his forehead and began experimenting with all the thing-a-majigs on the engine. Having no luck, he sat down on the nearest doorstep to wait for the next truck to come along and tow him in.

That was Suzanne's doorstep, under the eaves of the red-tiled roof.

"Bon jour, American," said Suzanne, looking out through the flowers on the window sill.

Well, Suzanne came and sat beside him and Donald pulled out his pocket edition combination French and English dictionary to help the conversation along. She fetched a note book, and they talked with a pencil, looking up the words one by one.

Arrival of another truck with a tow line broke up the lesson. But Donald walked down that evening from his billet in the next village. And he has been calling at every opportunity since then.

Suzanne says they will be married when the war is over—it is written in the village church.

Then Donald will take her with him back to America—to New York, where his parents live in a big house.

And Donald is not the only American to fall in love over here. Dozens of them are learning French and dozens of pretty village girls are acquiring English.

If a French village belle, especially a peach like Suzanne, ever spoke to you with her eyes you'd understand how it is.

TRY THIS FOR A COLD—IT'S FINE!

"Pape's Cold Compound" Ends Severe Colds or Grippe in Few Hours

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-TIVES".

NORAH WATSON
66 Drayton Ave., Toronto.

Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only *the natural result of pure Blood.*

"I was troubled for a considerable time with a very *unpleasant, disfiguring Rash*, which covered my face and for which I used applications and remedies without relief. After using "Fruit-a-tives" for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without "Fruit-a-tives".

NORAH WATSON.

50c. a box, 6 for $2.50, trial size, 25c. At dealers or sent by Fruit-a-tives Limited, Ogdensburg, New York.

TWO MORE PAGES OF JINGLES TO BE PRINTED IN THE SUN

Jinglers: Do you realize that there are but two more pages of the Jingle page to be printed in The Sun for this contest? There has been so much going on, so many calls upon your time that some of you have not taken the usual time for Jingles, and before you realize it your opportunity will be gone to win a few more dollars in this fine advertising contest.

These frosty days should brighten your wits and send the blood "Jingling" through your system. Take a turn around Lowell and visit the places of business of those advertising on the Jingle page and you will then return home with some new ideas to put into verse and make a winning Jingle for next Saturday's Sun.

Some of the winners are very appreciative of the checks that they receive for Jingle prizes.

Here is a note received by Jenny Wren this week:

"Dear Miss W——": Please accept my sincere thanks for the check for 50c. It is worth $50 to me because it was earned in a way different from my regular occupation. Sincerely, Blank."

It does one good to find that he has a latent talent and can make it worth while to bring it out and air it.

All forms of advertising that are successful take time and talent. You will read advertisements in verse in all the magazines, in the street cars and in fact these little verses are catchy, instructive and best of all fasten the attention of the reader upon the article advertised or the firm doing the business.

Jenny Wren has laughed many a time to see that some advertiser, say in the hardware business, has written a Jingle for the hardware advertiser on the Jingle page and had it accepted and printed. You see he knew what and how he would like to have his business advertised and he tried it on the other man and it hit.

Now, Jinglers, put yourselves in the place of the twenty advertisers on the Jingle Page in The Sun and see if you can't write so catchy a Jingle that they will select it for the winner next week.

Here's one that a reader and admirer of The Sun sent in:

Don't bother 'bout high prices,
Just have it understood
That when The Sun says "buy 'em"
We know the buying's good.

BIG BILL.

Lowell Morris Plan Co.

THE MORRIS PLAN

The success of the Chalifoux-Morris Plan Furniture Deal is pleasing. People are buying furniture at cash prices and paying on the Morris Plan.

You do not have to get anyone to endorse your note on this plan.

Inquire at Chalifoux's or here for full particulars. It's simple, plain, dignified and easy.

EXPLOSION NEAR NAVY STORES

Two Explosions Followed by Fire on Constitution Wharf, Boston

$60,000 Loss—Six Firemen Injured—Two Fire Horses Killed

BOSTON, Oct. 27.—Two tremendous explosions, followed by sheets of flame, were the beginning of a fire that resulted in the injury of six firemen, the death of two hose wagon horses and a propery loss of about $60,000 to the big storage sheds and contents of the Quincy Market Cold Storage company on Constitutional wharf.

The firemen injured were all buried under bales of hemp that fell while they were fighting inside of the shed. They were removed to the Relief hospital, where the doctors said they were all suffering from contusions and smoke, but would be able to leave today.

The horses killed were hauling the hose wagon of Engine 4, Bulfinch street. They were struck by something falling from the Elevated structure, dashed madly for nearly a mile before ending in a ditch, dug for water mains, at North and Richmond streets.

The burnt sheds are on the wharf adjoining the big storage sheds of the United States navy on Battery wharf, being separated by a partition only.

Investigation Started

Because of the initial explosions an investigation has been started by navy officials, under a suspicion that the fire was meant for the valuable navy property and that the wrong wharf was picked by the incendiaries. The building burned is about 500 feet long and about 300 feet wide and filled with general stores, mostly hemp, cotton, oils, automobiles and other highly combustible materials.

It was a few minutes after 9 when the first explosion was heard by Lieut. Swendeman of the harbor police and his officers. The second explosion followed within a few moments. Employes of the Storage company rushed to the assistance of Israel Morse, the watchman, who found the entire street end of the building in flames.

Four alarms were sounded in a few minutes and Chief Peter F. McDonough called the three fireboats which, with the land companies, held the fire to the section in which it was first seen burning.

Firemen Caught

The work of the firemen among the hemp bales, near a great store of barrels of oils, was counted among the most remarkable ever performed in this city. There was nothing but a burlap and canvas partition separating this stuff from the burning goods.

It was while working in here that firemen from Engines 7 and 39 were caught when part of the roof caved in and brought big piles of bales of hemp. The section in which they were working was so narrow that they had absolutely no chance to flee.

Other hose lines were immediately shut down by the men manning them, and scores of firemen rushed to dig their comrades out.

Dr. Wilcox of the Relief station and Dr. Edward R. Gookin, who was waiting outside, Medical Examiner George B. Magrath and Fr. Lynch of Dorchester gave the men first aid after they were extricated.

The burned material is such that the fire will not be fully extinguished for a number of days. Tons of hemp and other materials will be all hauled out and pulled apart to make sure that no smouldering fire is there.

Fire in Roxbury District

BOSTON, Oct. 27.—Many families were driven from tenement houses early today when sparks from a factory fire in the Roxbury district set fire to roofs. The factory of the Globe Tanning Co. on Ellsworth street was destroyed, causing a loss estimated at $20,000. The incipient blazes in the dwellings were quickly extinguished.

HALF OF $5,000,000 ESTATE OF WIDOW OF ROBERT D. EVANS BEQUEATHED TO CHARITY

SALEM, Oct. 27.—More than half of the $5,000,000 estate of Mrs. Marie Antoinette Evans, widow of Robert D. Evans of Boston and Beverly, was bequeathed to charitable, educational and other institutions under the terms of the will filed for probate here today. The largest specific bequests were $200,000 each to the Massachusetts Institute of Technology and the New England Conservatory of Music, while the Boston Museum of Fine Arts and the Robert Dawson Evans Memorial for Clinical Research and Preventative Medicine, a department of the Massachusetts Homeopathic hospital, are expected to receive upwards of $1,000,000 as residuary legatees.

The bequests include: Tuskegee Institute, Tuskegee, Ala., $100,000; Hampton Institute, Hampton, Va., $25,000; American Unitarian association, $100,000; Simmons college, $100,000; the Associated Charities of Boston, $100,000; Massachusetts Woman's Suffrage association, $25,000.

SALE OF 1000 SHIRTS
At $1

These Shirts are better than any we've seen this season for a popular price—they are worth vastly more than the $1 we ask for them. Cut over full generous patterns—carefully tailored, a fit is assured—

The materials are woven and printed Madras, Russian cords, Herringbone weaves and high-cut Percales; designs and colorings are very attractive.

The shirts may be had with either soft French or starched cuffs, and they're wonderful value for

$1

PUTNAM & SON CO.

STEAMER TURIL AFIRE --PLOT SUSPECTED

AN ATLANTIC PORT, Oct. 27.—Twice while at sea, once in the Mediterranean and once while in the Atlantic, fire, thought to have been caused by an infernal machine, broke out in the forward hold of a large freighter which arrived here yesterday. The fire was discovered first when the ship was off Gibraltar. It was a consignment of Turkish cigaret tobacco.

The compartment was flooded, and as a result the steamer sank down by the head. She then became almost unmanageable, as the sinking of the nose of the ship raised the stern out of water so far that the screws could hardly move her. For a while it was believed she would founder.

At last she reached Madeira, where the local fire department pumped the water out of the hold. She remained there three days, and then headed for the United States. Two days ago a smouldering was noticed in the same part of the ship. The boat's squad attempted to put the fire out but failed. She was smoking when she arrived in port yesterday, and a police boat went alongside, but could do nothing. Steam is now being pumped into the compartment.

MUNICIPAL FOREMEN AND FRIENDS HEAR INTERESTING TALK

At a finely attended informal meeting of the Association of Municipal Foremen, held Thursday evening, the foreman and their guests enjoyed a very pleasant evening. The address of the evening was delivered by Frank J. Donahue, chairman of the industrial accident board. Mr. Donahue took for his subject one with which the majority of people are unfamiliar, "The Compensation Act." This act was explained by Mr. Donahue, who told of its construction, workings and benefit to the working people. He cited the fact that for the year ending July 1917, over 6 million dollars were paid to the injured and their dependents in the state of Massachusetts alone. Those who were so fortunate as to hear Mr. Donahue realized that he was without a doubt the one man most familiar with this very humanitarian legislation.

The gathering was in the nature of a "Smoker" and proved to be a huge success. Among the out of town guests was Ex-Senator Quigley, of Holyoke, who enjoyed the meeting greatly.

FOUNDERS' DAY AT WHEATON COLLEGE—DEDICATION OF NEW CHAPEL

NORTON, Oct. 27.—The dedication of a new chapel, built along the lines of the traditional New England meeting house, marked the observance of Founders' day at Wheaton college today. Gov. McCall, Ralph Adams Cram of Boston, architect of the chapel and President Samuel Valentine Cole of the college delivered addresses.

GERMAN GOVERNMENT CONSIDERING INTRODUCTION OF NEW TAXATION MEASURES

COPENHAGEN, Oct. 27.—The German government is considering the introduction of new taxation measures at the December session of the reichstag. Additional revenue is necessary to meet interest on the seventh and preceding war loans, part of which were paid from the proceeds of the loan themselves.

FOOD BOARD RESCUES GRAIN EXPORTATION

NEW YORK, Oct. 27.—Desirous of "maintaining every facility of the American grain business," the federal food administration has arranged with the entente allied powers for discontinuance of grain buying by the Wheat Export company and resumption of buying through the established American export houses.

The milling division of the food administration explains the object in the following statement: "The importance of serving their steamers with grain exactly as needed in conjunction with their munition allotments has, in the past year, resulted in the creation by the allies of a grain forwarding organization which threatened to put out of business entirely the American grain exporting houses at the Atlantic seaboard and on the Gulf.

"The new plan starts with the most cordial co-operation on both sides and should facilitate the marketing of the crops of coarse grain. The forwarding organization built up by the allies for the tracing of cars will be used under the new plan, the wheat operation being in the hands of the food administration grain corporation."

MARION S. WILLIS, PROMINENT NEW HAMPSHIRE MAN, IS DEAD

CONCORD, N. H., Oct. 27.—The death occurred last night in Warner of Marion Simmons Willis, in his active life one of the best known men in New Hampshire. Born in Cambridgeport, Mass., July 16, 1843, he was the son of Rev. Lemuel Willis, one of the pioneers of the Universalist church in New England. Marion S. Willis served with Berdan's sharpshooters in the Civil war, was later a gold miner and from 1888 to 1907 a federal postoffice inspector. He had served in the state legislature and held other public positions.

LIBERTY LOAN COMMITTEE OF NEW ENGLAND

BOXING AND WRESTLING AT THE Y.M.C.A.

Tommy Fall, national amateur boxing champion, and Wilfred Barrette, champion middleweight wrestler of the west, both Lowell men, have been appointed as boxing and wrestling instructors at the local Y.M.C.A. for the 1917-18 season.

Classes in both these sports will be formed immediately and those desiring to become members of one or both classes should register at once.

Both men are well qualified for their new positions. Fall is a scientific fighter and has the added advantage of being able to impart to others what he knows of the game. Barrette's skill is well known to followers of the wrestling game and the following comment from the Detroit Free Press indicates what the western people think of him:

"Wilfrid Barrette, one of the best middleweight wrestlers in the world, has been appointed wrestling instructor of the Park Athletic association. The association couldn't have made a better choice. Barrette is well liked, as a fellow of gentlemanly deportment and what he doesn't know about the mat game hasn't been discovered."

LIVELY BOWLING CONTESTS

On Kittredge's alleys last evening four games were rolled and several lively contests were resultant. The scores:

BASKETBALL GAME TUESDAY

Lowell basketball fans will see their first game of the season next Tuesday night in Associate hall, when the jolly jackies from Charlestown navy yard will form the opposition.

Cecil P. Dodge, who is behind the enterprise, announces the appointment of Herve Cote as manager of the team. Cote is a clean, aggressive player, who knows basketball in all its angles. He is popular with the fans, who have followed his work the past two years with unfailing interest. Finn and Costello admittedly are the stars of the team, with the artful Allison and the reliable Lew to be considered in rounding out the outfit's strength.

The game Tuesday night will begin at 8 o'clock sharp. At the close of play, dancing will be enjoyed.

CARLSON BEATS DONOVAN

BOSTON, Oct. 27.—After 12 furious rounds of boxing at the Commercial A. C. last night, Harry Carlson of Brockton was given the decision over Johnny Donovan of South Boston, in the feature bout.

So bitter was the battling the boys had to be forcibly separated when the bell rang for the end of the last round. Donovan was so intent on continuing his assault on his opponent that Referee Larry Conley was unable to halt the action for almost half a minute after the bell rang.

LOWELL INCLUDED IN NEW POLO LEAGUE—PLAYERS SIGNED—TWO GAMES A WEEK

Fred M. Moore has signed three polo stars for his Lowell team and is now looking about for three more men. The players already under contract are Harkins, Hardy and Dugan. The new polo circuit will be Lowell, Worcester, Taunton, Brockton, Providence and Lawrence. Lowell's home games are to be played on Tuesday and Friday nights. Mr. Moore attended a league meeting in Providence yesterday and heard satisfactory reports from all cities. He says:

"Fans haven't had a good polo in this section for a dozen years or more, and with arrangements for playing surfaces perfected by men who have abundant means to make the game a success, we are looking forward to some excellent sport."

RANGERS DEFEATED AT BASKETBALL LAST EVENING BY THE O.M.I. CADETS

The O.M.I. Cadet basketball team won from the Rangers last evening, in the opening game of the season, with a score of 34 to 11. The game was played in the Cadet armory and was largely attended. A number of spectacular plays were furnished by Capt. O'Connor and LeMoine of the Cadets, and Curran and Carty of the Rangers. The proceeds were turned over to Lieut. Bernard McArdle for the Co. M Christmas fund.

NEW YORK WRESTLER WANTS TO GRAPPLE WITH WILFRED BARRETT OF LOWELL

Young Montana, an Italian wrestler from New York, is in Lowell as the guest of Jim Prokos, the local grappler. He dropped into The Sun office today and announced that he would like to meet Wilfred Barrett, the well known mat artist. The New York man tips the beam at 165, and he has been at the wrestling game for about six years. During that time he has won a number of matches, and he feels confident that he can pin Barrett to the floor if given a match. During his stay in Lowell Young Montan will be found at 22 Hancock avenue.

LOWELL HIGH FOOTBALL SQUAD MEETS FITCHBURG HIGH AT FITCHBURG

Lowell high's football squad left this city this morning at 10.45 for Fitchburg where the high school team of that town was on hand to greet the local men. Preceding the game itself a celebration to mark the formal opening of a new stadium was held and Coach Conway's men participated in a parade through the town to the new grounds.

Ideal weather conditions marked the game itself and in the early stages of play both teams showed a lot of snap.

FOOTBALL GAME AT AYER

AYER, Oct. 27.—National army soldiers were given an opportunity today to watch a gridiron battle between the Harvard varsity informal football eleven and a team made up from members of the Depot brigade. The army eleven has been coached by Charles Coolidge, of last year's Harvard team.

COLLEGE FOOTBALL GAMES

PHILADELPHIA, Oct. 27.—The football teams of the Universities of Pennsylvania and Pittsburg clashed on Franklin Field in their third annual gridiron struggle today. Pittsburg was the victor in both previous contests.

HANOVER, N. H., Oct. 27.—Five of the Dartmouth eleven were missing from the line-up because of injuries and the New Hampshire football squad expected to put up a hard fight in the game today. The state college team averaged 185 pounds.

ITHACA, N. Y., Oct. 27.—Cornell will present a new line-up against Bucknell here this afternoon. The weather is ideal and a close contest is expected.

PRINCETON, N. J., Oct. 27.—A football team made up of stars still at Princeton and a Camp Dix eleven composed of high class material from several colleges in the east will meet here today in a so-called informal game.

ANNAPOLIS, Md., Oct. 27.—After piling up a total of 125 points on Maryland state and the Carlisle Indians during the past two games and having continued to show improvement in practice this week Navy will meet Haverford college this afternoon.

WEST POINT, N. Y., Oct. 27.—The army meets Villa Nova here today in what will prove an interesting game from the viewpoint of army rooters who are watching the development of the soldier team. New men will be in the cadets line-up. Barrick, a plebe, will be at quarter, Badger will take Adams' place at guard and Hahn will go in one of the half back positions.

THE INDIAN SECONDS

The Indian Seconds football team wishes to correct a mistaken impression that they have already played and lost to the Mud cling team. The Indian seconds have not yet played a game this year but expect to get into the fray within a short time.

WOMAN SUFFRAGE PARADE

NEW YORK, Oct. 27.—A parade of 20,000 women to be held on Fifth avenue this afternoon, added interest to the vigorous campaign being conducted by New York state women for a woman suffrage amendment to the state constitution at the elections on Nov. 6.

An order was issued at police headquarters today instructing policemen along the line of march of the parade to suppress any banners casting reflection upon President Wilson or his cabinet and to arrest the women carrying them, should they resist this action.

THE DEATH RATE

The death rate for the week as reported at the office of the board of health is 13.97 against 15.41 for the past week and 20.22 for the week previous, the number of deaths being 29 against 32 for the past week and 42 for the week previous. Deaths under five years numbered 12, infectious diseases, 5 and cases, 11 acute lung diseases, 5 and tuberculosis, 1. The diseases reported were as follows: Diphtheria, 2; scarlet fever, 1; typhoid fever, 2 and tuberculosis, 4.

TO SUPPLY COAL TO NEW ENGLAND

WASHINGTON, Oct. 27.—Five New England governors, McCall of Massachusetts, Milliken of Maine, Keyes of New Hampshire, Graham of Vermont, and Holcomb of Connecticut, who called on Fuel Administrator Garfield yesterday to demand a more adequate and steadier supply of coal for their states, were told steps were being taken to meet the needs of that section.

For Massachusetts, Gov. McCall said the situation was note acute.

On the other hand, Gov. Keyes said that by Jan. 1 the supply would be short 6,000,000 tons of coal, and that, unless relief soon were given, it would be necessary to close down scores of plants which now are turning out every variety of necessaries for war and especially for the individual soldiers and the army as a whole.

Some industries already have been obliged to shut down, he said, and added that even water power was failing, because of lack of rain in the state.

Connecticut, in which a tremendous amount of munitions is manufactured, also was said to need coal, and Dr. Garfield was impressed with the imperative necessity for immediate relief.

The fuel administrator told the governors that coal would be available in sufficient quantities in their states before the cold weather sets in. Dr. Garfield said, however, that they will be expected to conserve the supply wherever possible.

Besides the plans to expedite the loading of ships at Hampton Roads by bunkering transient vessels in midstream, the fuel administration is considering taking vessels of the Great Lakes before the close of navigation, cutting them in half is necessary to get them through the Welland canal, and using them in the coastwise trade.

Coal also will be expedited by rail as much as possible and orders were issued yesterday by J. J. Storrow, New England fuel administrator, to continue the arrangement for sending at intervals special through trainloads of coal to New England points.

LUDWIG AND MICHAELIS OBSTACLES TO PEACE

COPENHAGEN, Oct. 27.—King Ludwig of Bavaria and Chancellor Michaelis were denounced as the two great obstacles to peace by Deputy Simon, a socialist, in the Bavarian diet, Thursday. The king, he said, had demanded that Germany control the mouth of the Rhine.

Premier von Hertling protested against the statement that the king of Bavaria wished to seize the mouth of the Rhine. The king, instead, advocated an artificial outlet for Rhine traffic by means of a canal under German control.

WAR RELIEF FUND

To see the pictures of "Our American Boys in the European War," which are to be shown at The Strand, October 31 from 11 a. m. to 1 p. m., makes one forget private grief, selfish aims, the petty rancor and desires of daily life. They are an inspiring object lesson for young and old. What these boys, for the most of the drivers are boys, are doing is not merely giving the temporary service to aid the wounded, they are laying a splendid cornerstone for newer American manhood. These ambulance drivers who are now so heroically facing the dire realities of life will return to their own country rid of theories, pretenses and smug contentment; they will bring back a deeper understanding of the meaning of patriotism, of humanitarism and a standard of ideals that will make them citizens to be proud of.

The tickets for this offering are on sale at Carter & Sherburne's in Merrimack square, and the prices are 25 and 50 cents. Mrs. H. M. Thompson is chairman of the war relief committee under whose auspices the affair is being conducted. Attend and help show your patriotism. At the same time enjoy a privilege that is not offered in every city.

SUN BREVITIES

Best Printing. Tubin's, Asso. Bldg.

When you have any real estate to sell, consult J. F. Donohoe, 223 Hildreth bldg. Telephone.

The Molly Varnum chapter, D.A.R., will hold open house at the Spalding house, Tuesday afternoon.

Thomas F. Kelly of this city has been appointed superintendent of the Bowditch dye works of Putnam, Conn.

Mr. George Bell, who recently underwent an operation, is staying with his sister, Mrs. John Lynch, 42 Third st.

The Educational club will meet next Tuesday at the home of Mrs. A. F. MacElroy, Billerica road, Chelmsford Centre.

Louis A. Spiess of Washington, examiner for the federal trade commission, is visiting at the home of Mrs. P. J. O'Brien in Concord street.

A regular meeting of the members of Washington Commandery, United Order of the Golden Cross was held last evening with a large attendance. In the course of the meeting G. C. Butterfield and G. T. Turnbull addressed the gathering. Refreshments were served.

The young ladies who are to take part in the "All-Girl" show at Camp Devens a week from tomorrow are requested to meet in the Bay State waiting room in Merrimack square tomorrow afternoon at 2.30. From there they will go to a hall selected for a rehearsal of the show.

At the regular Sunday afternoon reception and entertainment at the Y.M.C.A. building tomorrow afternoon a committee from the Kirk Street Congregational church will be in charge. The reception which is open to all soldiers from Camp Devens who happen to be in the city tomorrow afternoon will continue from four to six o'clock and will consist of a general entertainment and buffet supper.

BIG PUMPKIN SALE AT THE A. G. POLLARD CO.'S STORE, PALMER STREET

Last spring, the A. G. Pollard company gave away to children of the public schools 3000 packages of pumpkin seeds on condition that they be planted and of all the pumpkins raised at least one of them be given for the benefit of the Red Cross society. This idea was thought up by Mr. Pollard and it had very satisfactory results. The school children gladly accepted the seeds and planted them in the various school gardens and are now harvesting the fruits of their labor. Although Jack Frost came in quite early in September and a great many pumpkins were blighted, still the plate glass window front is filled with pumpkins raised by the school children and were on sale today. If the public doesn't have pumpkin pie for dessert at tomorrow's dinner it won't be the fault of the school children.

Miss Alice Lee, who was greatly in favor of school gardens, encouraged the children of the Lyon street school in the planting of flower seeds and it was thereby the first school to show wonderful results in the cultivation of flowers.

And this year, the increase caused by the war in the demand for vegetables was so great that even the children of various cities made themselves proud in their efforts to help in the production of vegetables to assist the Red Cross in supplying the wants of the soldiers here and "over there." Today, Miss Lee and Mrs. G. A. Leahey and a number of other ladies are conducting a sale of these pumpkins for the benefit of the Red Cross.

One of the interesting features of today's Sun is the names of the winners of these prize pumpkins and there are perhaps no prouder boys and girls in the city today than the ones who received these prizes. That is why Uncle Sam will win a glorious victory, because everybody, young and old, are interested in the welfare of our great country.

2000 GERMAN TROOPS REVOLT

LONDON, Oct. 27.—Two thousand German infantrymen at Cologne mutined when ordered to the Flanders front last week and destroyed their rifles and equipment, according to a despatch from Amsterdam to the Daily Press. A general who tried to calm them was stoned. The mutineers were arrested and 26 of the ringleaders were courtmartialed.

COL. ROOSEVELT 59 YEARS OLD TODAY

OYSTER BAY, Oct. 27.—Col. Theodore Roosevelt celebrated his 59th birthday at his home here today. Congratulatory letters and telegrams were received from all parts of the country, many of them from the "rough riders."

KAISER REFUSES TO DROP MICHAELIS

COPENHAGEN, Oct. 27.—The Berlin Deutsches Zeitung reports that Dr. Michaelis is to remain in the chancellorship. The Tageblatt says, according to what it considers a credible source, the emperor, on the counsel of his advisers, decided to retain Chancellor Michaelis and not to accept the solution of the crisis advocated by the majority party in the reichstag.

The National-Liberals, as well as representatives of the majority bloc, were unanimous, according to this newspaper, in their views that Dr. Michaelis' retirement was necessary and in their action at Potsdam loyally supported this view.

MEATLESS DAY
Continued

vation. It is pointed out that some men can fight, but all men must eat and you are told in very plain language that if you cannot go to war for your country, you can at least eat for it.

Then you are asked to think of nice, hot corn muffins; delicious, creamy, southern batter bread; tender chicken or duck; fish, fresh or salted as you like best; eggs in wonderful sauces, creamed or tasty broken; tender, green vegetables; mealy baked potatoes, piping hot; fruits in infinite variety.

That doesn't sound very difficult and you are told that if you eat those, consistently, you will serve your country as truly as he who carries a gun. Because that will leave the meat, the wheat, the fats and the sugar to go across the sea to the army and the allies. Food will win the war!

And besides the notices appearing in the dining room there are hung in conspicuous places in the kitchens, notices to stewards and assistants, chef and all cooks, bakers, pastry cooks, head waiter, dining room captains and waiters.

They are admonished to serve bread or rolls made from corn, rye, or from mixed flours, and to use breakfast food and hot cakes composed of corn, oatmeal, buckwheat, rice or hominy. They are also admonished to use more chicken, fish, hare, rabbit, duck, goose, lobster, oysters, clams, sea foods and egg dishes of all kinds. They are told to use less beef, mutton and pork and to serve smaller portions of these. "Have fewer of these items on the menu," the notice reads, "and if you must use one of the three, use mutton in preference. War portions at reduced prices may be served. Provide more entrees and made dishes. Beans are most useful as they contain nearly the same nutritive values as meat. Serve bacon only as a dish, not as a garniture."

Besides bread and meat the notice deals with fish, milk, fats, sugar, vegetables and other foods coming under a general head. The notice urges the use of more vegetables and potatoes and the making of fruits and vegetables into salads is encouraged. Those for whom the notices are intended are advised to feature vegetable dinners and vegetable salads of all kinds, and to encourage the use of cheese with salads. The foot note to the big circulars reads as follows: "The essential is a sincere and patriotic will to save —and thus serve the country."

TO LET

CITY OF LOWELL

NOTICE
—OF—
State Election

Tuesday, November 6, 1917

City Clerk's Office, Oct. 27, 1917.

Notice is hereby given in accordance with the provisions of Chapter 835 of the Acts of 1913, and amendments thereto, that meetings of the voters of the City of Lowell will be held on Tuesday, the sixth day of November next—state election—at the polling places designated by the Municipal Council in the several precincts of the different wards, for the election of state officers as follows:

Governor; lieutenant governor; secretary; treasurer and receiver general; auditor; attorney general; councillor in the Sixth district; senator in the Seventh and Eighth Middlesex districts; representatives in General Court in the 14th, 15th and 16th Middlesex districts, and county commissioner.

Also to give in their votes "Yes" or "No" on the question of the acceptance of the following articles of amendment submitted by the Constitutional Convention:

Article of Amendment No. 1—

The General Court shall have power to provide by law for voting by qualified voters of the commonwealth who, at the time of an election, are absent from the city or town of which they are inhabitants in the choice of any officer to be elected or upon any question submitted at such election.

Article of Amendment No. 2—

Article XVIII. Section 1—No law shall be passed prohibiting the free exercise of religion.

Section 2—All moneys raised by taxation in the towns and cities for the support of public schools, and all moneys which may be appropriated by the commonwealth for the support of common schools shall be applied to, and expended in, no other schools than those which are conducted according to law, under the order and superintendence of the authorities of the town or city in which the money is expended; and no grant, appropriation or use of public money or property or loan of public credit shall be made or authorized by the commonwealth or any political division thereof for the purpose of founding, maintaining or aiding any school or institution of learning, whether under public control or otherwise, wherein any denominational doctrine is inculcated, or any other school, or any college, infirmary, hospital, institution, or educational, charitable, or religious undertaking which is not publicly owned and under the exclusive control, order and superintendence of public officers or public agents authorized by the commonwealth or federal authority or both, except that appropriations may be made for the maintenance and support of the Soldiers' Home in Massachusetts and for free public libraries in any city or town, and to carry out legal obligations, if any, already entered into; and no such grant, appropriation or use of public money or property or loan of public credit shall be made or authorized for the purpose of founding, maintaining or aiding any church, religious denomination or society.

Section 3—Nothing herein contained shall be construed to prevent the commonwealth, or any political division thereof, from paying to privately controlled hospitals, infirmaries, or institutions for the deaf, dumb or blind not more than ordinary and reasonable compensation for care or support actually rendered or furnished by such hospitals, infirmaries or institutions to such persons as may be in whole or in part unable to support or care for themselves.

Section 4—Nothing herein contained shall be construed to deprive any inmate of a publicly controlled reformatory, penal or charitable institution of the opportunity of religious exercises therein of his own faith; but no inmate of such institution shall be compelled to attend religious services or receive religious instructions against his will, or, if a minor, without the consent of his parent or guardian:

Section 5—This amendment shall not take effect until the October first next succeeding its ratification and adoption by the people.

Article of Amendment No. 3—

The maintenance and distribution at reasonable rates, during time of war, public exigency, emergency or distress, of a sufficient supply of food and other common necessaries of life and the providing of shelter, are public functions, and the commonwealth and the cities and towns therein may take and may provide the same for their inhabitants in such manner as the General Court shall determine.

Also to give in their "Yes" or "No" on the question of the acceptance of Chapter 217, Acts of 1914, entitled "An act relative to vacations of laborers employed by cities and towns."

The polls to be opened at 6 o'clock in the forenoon and closed at 4 o'clock in the afternoon.

By order of the Municipal Council.
STEPHEN FLYNN, City Clerk.

RESTAURANT

CHAMBERS RESTAURANT is the place where you can get the best of everything in cooking that will please

ANOTHER AUTO ACCIDENT ON LITTLETON ROAD

James Cavanaugh, said to belong in Lowell, was instantly killed and five others were injured, three of them seriously, when a seven-passenger Buick automobile containing four soldiers and three civilians, on its way from Camp Devens, Ayer, to this city, crashed into a tree on the state road near Littleton about 7 o'clock last night.

The injured are: Private Charles Curtin of Waltham, skull fractured; Private G. F. Jennings of Waltham thigh fractured; E. A. Casone of North Adams, internal injuries; Beecher White of Salem, leg fractured. White is at St. John's hospital in this city, Casone is at the Groton hospital and the two soldiers are at the base hospital at Camp Devens.

The accident occurred on the state road near the junction with the road which leads to the depot and opposite the residence of former State Senator Charles E. Kimball. The place is known as Kimball's crossing and is considered very dangerous owing to a sharp curve.

There is a big tree on the curve and it sets well out in the road. As the jitney rounded the curve the driver faced the big Buick machine, a Ford automobile and a motorcycle. They were all going at a pretty good clip and in trying to avoid the collision the jitney smashed into the tree with the fatal result above recorded. The wreck was viewed by many Lowell people, including those who went to Ayer to entertain the soldiers at the Y.M.C.A. hut at Camp Devens.

The car was owned by Rose Robinson and was driven by her son, Benjamin Robinson of 153 Smith street, this city, it being used as a jitney between this city and the camp at Ayer. The soldiers in the party were members of Battery B of the 301st artillery and the civilians were employed at the camp.

The party left the camp about 6.30 o'clock last night and everything went along all right until Kimball's crossing was reached when the machine crashed against a tree.

The occupants were thrown out and Cavanaugh, striking on his head, was instantly killed. All the others with the exception of the driver, sustained injuries. The front of the machine was demolished.

Dr. James D. Christie of Littleton was soon on the scene and, assisted by Chief of Police Hibbard and officers of the Littleton force, the injured men were cared for. Two of them, White and Polequin, were rushed to St. John's hospital in this city, and Casone, with Privs. Jennings and Curtin, were taken to the base hospital at the cantonment. Casone was later released and sent to the Groton hospital. Assisting Dr. Christie in his first-aid work were Dr. B. H. Hopkins of Ayer and several camp surgeons, who were quickly on the scene.

Following the accident, the body of Cavanaugh was taken to the rooms of Undertaker E. C. Page in Ayer. Cavanaugh's name does not appear in the Lowell directory and so far as can be ascertained he is not known here.

STANDARD METHODS USED

60,000 CAPTURED
Continued

have been begun further south on the Carso front, but these have been repulsed by the Italians.

Final Effort to Bring Peace

The Austro-German blow apparently is a final effort to conquer one of the strong allied nations in the hope of bringing about a favorable peace. The efforts against Russia depite the poor morale of the Russian army cannot be said to have been greatly successful with such an aim in view. In France the Germans cannor advance, but on the contrary have been slowly giving up valuable strategic positions. The final hope was in aiding war-weary Austria to crush Italy.

Fighting in Mountains

In the spring of 1916 the Austrians carried out on extensive offensive movement in the Trentino, only to be thrown back beyond their original positions by the Italians a few months later. Whether the present offensive will result similarly depends on General Cadorna.

The fighting is in the mountains, and the Italians still hold positions capable of a stronge defense. Even a retirement to a line running from Ampezzo through Gemona to Cividale and thence to Gorizia could hardly affect the territory east of Gorizia and southward along the Carso.

French Extend Gains

The effectiveness of General Petain's smash on the Aisne southwest of Laon is shown by the fact that the German crown prince has not attempted counter attacks. The French are extending their gains eastward along the plateau north of the Chemin-des-Dames, while organizing their new positions for further action. Under a heavy downpour of rain the Anglo-French troops have carried out a successful minor movement in the Ypres salient, capturing more than 800 prisoners. The French, on the north, advanced their positions north of Bixschoote, west of Houtholst forest. The British gained ground around Passchendaele, east of Ypres, and in the region of Gheluvelt, southeast of Ypres.

Last night, besides consolidating the ground already won and repulsing two strong German counter attacks west and south of Passchendaele, Field Marshal Haig's troops made further progress in the direction of Passchendaele, clearing out ground in which eighteen German machine-guns were captured.

The French on the British left flank likewise continued pushing ahead during the night despite the difficult conditions. German trenches beyond the objectives reached yesterday were captured and additional prisoners taken.

Turks Retreat

LONDON, Oct. 27.—"On Tuesday Turkish columns, moving on both banks of the Tigris from Terkit approached our positions at Samara (on the Tigris above Bagdad) says an official report from the Mesopotamian front. The Turks retreated up the river during the night without fighting, on the advance of the British."

To Evacuate Helsingfors

PETROGRAD, Oct. 27.—Preparations are being made in Helsingfors for the evacuation of that city, according to a telegram received here.

A report from Stockholm to the Novoe Vremy says that in view of the easy advance in the Russian territory the Germans are preparing for a descent on Finland and, profiting by their propaganda, expect to be able with small forces to capture the Russian troops without resistance and to cut the railway at Tornea cutting off communion with Russia and Sweden.

Tornea is a Finnish town at the head of the Gulf of Bothnia, opposite the Swedish port of Haparanda.

French Capture German Trenches

PARIS, Oct. 27.—Continuing their offensive in Belgium, French troops have captured German trenches north of the objectives reached yesterday, the war office announces.

The statement adds:

"On the Aisne front the night was calm, being marked only by intermittent artillery actions, especially in the region west of Ailles.

"On the right bank of the Meuse enemy attacks against one of our trenches nort of Chaume wood and in the forest of Apremont were broken up by our fire.

"On Thursday evening German aviators threw down 20 bombs of large calibre on Dunkirk. There were 30 victims among the civilian population."

Italian Situation Grave

ROME, Oct. 26.—A semi-official statement, issued tonight, says the struggle on the Isonzo front is more than bitter, and that its alternatives are undecided. The situation created by the power of the enemy, says the announcement, is "certainly grave."

The statement says headquarters has taken necessary measures and that if the troops remember that on ten different occasions they defeated the enemy on his formidable Carso positions he is unlikely to tread the national soil long. The thanks of the country are due to the fifth Borsagllieri, which in the last few days has held the Globocak position at the Auzza gorge and is defending it by indefatigable and magnificent counter-attacks, during which prisoners have been taken.

Continuing, the semi-official announcement says:

"At the head of the Natsione valley and at the head of its confluence enemy regiments are headed toward Cividale, to the south of the communications with the central Isonzo.

"In the presence of this threat it has been necessary to anticipate the situation created in the sector which we conquered in August and to ameliorate the conditions on the Bainsizza plateau, which represents the whole of the Italian lines before Tolmino barring access to the Natisone basin."

British Bombing Raids

LONDON, Oct. 27.—The admiralty announces that yesterday afternoon bombing raids were carried out by naval aircraft on the Varssenaere airdrome and the Thouroury junction, in Belgium. Bad weather conditions rendered observation difficult. All the machines returned safely.

XMAS GIFTS FOR AMERICAN SOLDIERS GO TO HOBOKEN, N. J., FOR SHIPMENT

WASHINGTON, Oct. 27.—The war department made public yesterday rules governing the handling by mail and express of Christmas presents for members of the American expeditionary forces in France.

A general officer of the army will be stationed at Hoboken, N. J., as forwarding agent and will pass judgment and arrange for the delivery of the packages in co-operation with the postmasted and express company officials in New York city.

The rules provides that all parcel post packages must be under seven pounds and inclosed in wooden boxes; that express packages, also boxed, do not exceed 20 pounds, and that the covering of such boxes be fitted to facilitate inspection. Food products must be in cans or glass jars.

Mail and express packages should be addressed as now prescribed by postal regulations and plainly marked "Christmas Box." They should be sent to Pier One, Hoboken, N. J."

Every package before shipment will be inspected for explosives or other dangerous matter. The regulations require that the contents of each box be clearly stated on the outside.

The war department order provides that shipment of Christmas boxes may begin at once, but that none will be forwarded which reach Hoboken after midnight December 4. The name and address of the sender must be stated on the outside of each box.

MISS CUDAHY ENDS HER LIFE AT SEA

PARIS, Oct. 27.—Miss Helen Cudahy, daughter of Patrick Cudahy, the Milwaukee meat packer, committed suicide in mid-ocean on Oct. 19, according to the army edition of the Chicago Tribune.

Fear of submarines is believed to have been the motive for her act, the newspaper says. According to this account, Miss Cudahy, who was coming to France on a Red Cross mission, appeared to be cheerful in the early days of the voyage, but when the submarine zone was approached and a convoy met the steamer on which she was a passenger, she remained in her cabin.

A friend who went to her cabin on the night of Oct. 19 found the room empty, a porthole open and this hurriedly written note:

"It was all for the best. Keep as much as possible from father and mother. Notify my brother Michael."

Search of the boat failed to reveal any further evidences of her disappearance or any person who witnessed the tragedy. Miss Cudahy's body has not been recovered.

SHORT TIME CERTIFICATES

WASHINGTON, Oct. 27.—The second day's response of banks and other subscription agencies to the treasury's offering of short time certificates of indebtedness of an indefinite amount was announced today to be $99,228,000. This brings the total for the two days up to $261,025,000.

Today's subscriptions to the issue bring the total of outstanding certificates of indebtedness up to $1,899,222,000.

TOWN TREASURER MISSING

PROVIDENCE, Oct. 27.—William Burton, town treasurer of Johnston, has been reported as missing from his home in Thornton and an apparent shortage in town funds has caused Town Solicitor Frank W. Tillinghast to make a formal demand upon a surety company for $7500, the amount of the treasurer's bond.

Chief of Police Hiram Kimball of Johnston has asked the police of this and other cities to search for the missing treasurer, who is wanted to answer to a warrant alleging embezzlement of town funds.

WANT $35,000,000 FOR Y.M.C.A. WAR WORK

NEW YORK, Oct. 27.—A campaign to raise $35,000,000 for Young Men's Christian association war camp work on extended lines both among the forces of the United States at home and abroad and also among the troops of Russia, France and Italy will begin on an intensified nation-wide scope, it was announced here today by the association's war work council.

The $50,000,000 raised last April, it was shown, was proved inadequate to meet conditions arising from the fact that army mobilization has gone forward more rapidly than "anticipated even at Washington."

"Instead of 1000 secretaries," the announcement says, "$25,000 had to be provided and instead of 200 buildings costing $3000 each the call came for 500 at a cost of from $5000 to $8000.

For raising the $35,000,000 wanted in this country the campaign has been laid out in accordance with the military departments.

The northeastern department is to asked for $3,500,000.

LIBERTY LOAN
Continued

to divulge the name. The Morris Plan Co. has subscribed for $20,000 worth of the securities.

These sums combined to give the Lowell total a substantial boost and every effort will be made in the few remaining hours of the drive to make the ultimate total a record breaker.

The banks of the city will be ready to take subscriptions this evening and everyone who intends to participate in the loan must have his or her subscription "behind the bars" by closing time. The campaign ends officially at midnight.

The Boy Scouts of the city gave their total a substantial boost today when they reached the $192,750 mark at noon. This sum represents a total of 1122 bonds sold. The young men will not cease their efforts until the last minute and Executive Alex. Williams said at noon that they were out to reach the $200,000 mark. Harper Dixon, mascot of Troop 22, got into the game this morning and by noon he had corralled 11 subscriptions. The youngster is not yet 12 years old and for that reason is not a Boy Scout. Nevertheless, he wanted to do his bit and he did it. On account of the fact that he is not a scout he will not be entitled to the war service medal of the treasury department, but he was presented a suitable token this noon in recognition of his good work.

A telegram was received today from the national headquarters of the Boy Scouts in New York stating that in the first two days of the campaign the scouts all over the country had sold 36 million dollars' worth of the Liberty securities.

The Ancient Order of Hibernians has voted to purchase 30 $100 bonds as the organization's contribution to the fund.

The bank tabulation to date is as follows:

Union National	$1,945,700
Appleton National	1,051,000
Old Lowell National	276,900
Lowell Trust Co.	244,650
Middlesex Trust Co.	234,500
Wamesit National	162,300
Savings banks, not reported through national banks	717,150
Other sources	1,070,800
Total to date	$5,702,800

Lowell Five Cent	100,000
Washington	67,000
Total	$1,117,350

NEWS OF THE DAY IN THE POLICE COURT

Louis Henry Welch and Daniel Hogan, otherwise known as Francis Jones and Thomas Murray, soldiers, who appeared in police court during the earlier part of the week, were charged with the larceny of an automobile belonging to Thomas W. Smith of Nashua, N. H.

According to the story told by the police and also by Mr. Smith, the latter left his machine in front of the Middlesex street station last Monday night, and returning in about ten minutes found that it was missing. He reported the matter to the police and as a result of telephone calls to the police of cities and towns in the vicinity of Lowell, it was learned that the machine had been stopped at Nashua for gasoline and later was found abandoned in Hudson, N. H., across the river from Nashua, and two soldiers, who gave the names of Murray and Jones, were placed under arrest. Subsequently it was learned that Jones' name was Welch and that Murray was Hogan.

When asked to plead to a complaint of larceny this morning, each entered a plea of not guilty, but entered a plea of being guilty to having the machine in their possession. Each was held under $500 for appearance before the court one week from today.

Neglected Children

A number of cases of neglect took up the major portion of this morning's session of the police court. The case of Telosphore Vachon, charged with neglect of children, was continued until Tuesday, while in the case of Denis Connors, also charged with neglect of children, the defendant was placed on probation on condition that he pay his wife $8 a week.

When the case of Joseph Pepin, charged with neglect of wife, was called, it was learned that the wife was unable to be present, but the latter's daughter told a story to the court which caused Judge Enright to find the defendant guilty and give him a suspended sentence of five months in the house of correction on condition that he pay $5 a week.

It was the third time that Michael Considine had appeared before the court for drunkenness and after Sergt. Petrie had testified that the defendant had been giving liquor to soldiers Considine was found guilty and ordered to pay a fine of $10.

Arrested On Capias

Samuel H. Jarrett, who was arrested on a capias for the neglect of his children, was sentenced to five months in the house of correction.

The case of John S. Greig, charged with violation of the milk law, having watered milk in his possession, was continued until November 9. Walter A. Andrew, also charged with having watered milk in his possession, had his case continued until the same date.

Declared Defaulted

Joseph McSweeney, one of the pair arrested at the Middlesex street station on the night of July 3d and who was charged with attempt to commit larceny from an unknown person, having narcotic drugs in his possession and also with having a hyperdermic needle in his possession, failed to appear in court this morning and was declared defaulted.

Other Offenders

Lillian and Agnes King, sisters, were charged with being stubborn children. They were allowed to go on their personal recognizance on condition that they would appear in court Monday morning.

Peter Markowitz was charged with attempting to steal property from Alice J. Saunders yesterday, it being alleged that he reduced a check handed him by a clerk which he was to give to the cashier. According to the story told the court, the defendant purchased goods to the amount of $2.72 and upon receiving the check erased the $2 and proffered 72 cents, but one of the clerks detected the alleged theft and the goods were not delivered. A fine of $10 was imposed.

John Coyle, charged with assault and battery on Abraham A. McCutcheon was found guilty but by agreement of counsel and the court the defendant was allowed to go on his personal recognizance to keep the peace for one year.

There was but one drunk arrested during the 24 hours and he was released by the probation officer.

WANT ALL-AMERICAN TRANSPORT CREWS

BOSTON, Oct. 27.—The importance of having all-American crews for the new merchant fleet that will carry supplies to our soldiers in France was discussed in an all-day conference at the chamber of commerce yesterday by officials of the United States shipping board recruiting service, whose national headquarters are at the Boston custom house.

The sense of the conference was that it is highly important to have only men of unquestioned Americanism on board our cargo transports.

Other phases of the work of manning the country's coming great merchant fleet of 1600 ships were also taken up in two three-hour sessions. Most of the conference was devoted to methods of training experienced American seamen at government navigation and marine engineering schools to serve as officers on the new cargo ships that will be controlled by the shipping board.

Henry Howard of Boston, director of the nation-wide recruiting service, presided. George Uhler, supervising inspector general of the United States Steamboat Inspection service, who had planned to attend, was detained in Washington by pressing business.

Chief speakers were Prof. Carl C. Thomas of Johns Hopkins university, Baltimore; Farnham P. Griffiths, San Francisco; William J. Grambs, Seattle; Capt. Irving L. Evans, Cleveland, all section chiefs in the recruiting service, and Capt. Eugene E. O'Donnell, supervising inspector 5th district, Steamboat Inspection service.

The conference was continued today, when the general policy and expansion of the service will be discussed.

The service is to undertake to train 10,000 officers; already it has received 15,000 applications.

NEW LIBERTY LOAN DAY RECORD IN BOSTON

BOSTON, Oct. 27.—Boston with subscriptions yesterday of $20,981,000 established a new one day record for the Liberty loan campaign, and today was over 20 per cent over its maximum quota of $105,300,000.

Two Maine towns are given special mention in the report of the campaign committee today. Andover, Me., with an adult population of only about 300, ten miles from any railway and with no manufacturing industry has taken $16,250 worth of bonds, and Norway at noon Friday was 25 per cent beyond its maximum of $95,000.

MAJ. GEN. SCOTT AT THE BATTLE FRONT

PARIS, Oct. 27.—Maj. Gen. Hugh L. Scott, former chief of staff of the United States army, has arrived in France and gone to the front.

After his retirement last month as chief of staff, Maj. Gen. Scott was made chief instruction officer of the new national army. He went to France to study operations on the western front and on his return will supervise the intensive training of the national army in trench warfare.

CUTS BUTTER PRICES IN CHICAGO

CHICAGO, Oct. 27.—The consumer began to realize the benefits of government supervision of food sales yesterday when the butter price was slashed 8 to 6 cents by the local food price committee. This was done in the face of predictions by retail grocers that best grades of butter would sell at 55 to 58 cents a pound next week.

The food committee, after conferring with a committee from the Chicago butter and eggs board, decided that 44 to 49 1-2 cents a pound is a fair price for creamery extras in bulk and 45 to 50 1-2 cents the right figure for butter in cartons. Retailers have been asking 50 to 55 cents a pound.

The price committee also cut the cost of corn meal 1-4 to 1-2 cent a pound, with promises of a greater cut.

WEATHER PREDICTIONS

WASHINGTON, Oct. 27.—Weather predictions for the north and middle Atlantic states for the week beginning Sunday, issued by the weather bureau today are:

Fair until Wednesday or Thursday, and also for Friday and Saturday. Lower temperatures during last half of the week.

ANOTHER ZEPPELIN DESTROYED

TOULON, Oct. 27.—In addition to the four Zeppelins known to have been lost by the Germans in French territory last Saturday another has now been reported destroyed by falling into the Mediterranean last Saturday night. Two French naval aviators made this report today.

FINE MEN IN VICE DEN CASE

BOSTON, Oct. 27.—William Kirmis, a photographer, and Louis A. Dow, an artist, were fined $300 and $200 respectively in the superior criminal court yesterday and discharged from further prosecution. The men were rounded up as a result of the raids on vice dens in this city some months ago. Both men were given jail sentences in the lower court, but appealed to the superior court.

Judge White presided at the session yesterday.

SWITCHMEN DEMAND RAISE

CHICAGO, Oct. 27.—Switchmen of 19 railroads entering Chicago decided today to demand wage increases which would make $5 a day the minimum.

HERO DEAD, HIS WIDOW GETS CARNEGIE MEDAL

BOSTON, Oct. 27.—Mrs. Maud M. Sterling of 52 Falcon street, East Boston, has been awarded a silver medal and $40 a month by the Carnegie hero fund commission, according to a despatch from Pittsburg. The award is made for an act of bravery by her husband, the late William L. Sterling, a foreman carpenter, who died while attempting to save Edward J. Hughes and three others from suffocation on Nov. 2, 1916.

The accident which led to Sterling's act was on the steamship Devonian. Three carpenters were overcome in the boat's hold, which had been fumigated with prussic acid gas, and a fourth man fell from a ladder as he was descending into the hold. Sterling and another man started to the rescue. The group of men above advised them not to enter the hold and one man returned. Sterling continued to the bottom, 42 feet below the main deck. He tied a rope about a man and started to re-climb the ladder, but was overcome and fell backward before he reached the deck. His injuries proved fatal. Two of the men were removed from the hold and recovered, but the two others died. One of the latter was Sterling's eldest son.

In connection also with the accident the following other award was made:

John J. Shelby, Tuebrook, Liverpool, England, helped to save Charles J. Coleman from suffocation in the Devonian's hold at Boston, Nov. 2, 1916.

ROOSEVELT PLAN DROPPED

WASHINGTON, Oct. 27.—The plan for drafting Col. Roosevelt into the army as division commander of New England troops, which five governors of that section were due to present to Secretary of War Baker today, fairly died a-borning.

Last night when it was all over, Gov. McCall of Massachusetts and Gov. Milliken of Maine, whose names have been most prominently connected with the movement, admitted that the colonel's name had not even been presented. Early in the conference Mr. Baker and Gen. Bliss, by plain statement of army conditions and plans, made it plain to the governors that there was no use in going any further on the project.

OF THE REAL ESTATE AND HOUSEHOLD FURNITURE OF THE LATE MAJOR ANDREWS, THURSDAY, NOV. 1, 1917, AT 10 A. M., SITUATED IN THE TOWN OF TYNGSBORO, MASS., ON THE CORNER OF THE DUNSTABLE AND TYNGSBORO ROADS, RIGHT IN THE CENTRE OF THE TOWN, ON THE STATE HIGHWAY.

The real estate will be sold in three lots, as follows:

Lot 1. The Homestead, consists of a 2½-story house, barn, carriage house and about three acres of land. The house has 10 large, sunny rooms, fireplaces built in, with old Colonial designed mantels, is in good condition and would make a very desirable home. It is on the state highway, in the centre of the town, facing the square, sets well back from the road, with a large lawn in front. It has town water, electric lights may be had if desired; electric cars pass the place and there is good steam car service to Boston. The barn is large; there is a good carriage house and some fruit trees.

Lot 2. Consists of 1½ acres of land, more or less, on the Dunstable road, in the centre of the town, just beyond the meeting house adjoining the homestead property.

Lot 3. Consists of a six-acre lot of hay land on the Dunstable road, on the border of Flint's pond, directly opposite the homestead property. This is a good piece of tillable land.

The household furniture consists of many antique pieces of mahogany furniture, swing-top table, tip top table, sewing table, spinning wheels and reels, old-fashioned pictures, hand-worked pictures in worsted yarns, parlor suite, mahogany framed mirror, lot of books, chamber suites, extra dressers, rocking chairs, bric-a-brac, whatnots, fire irons, lot of china, kitchen and parlor stoves, old trunks and many pieces of furniture that space will not allow mentioning.

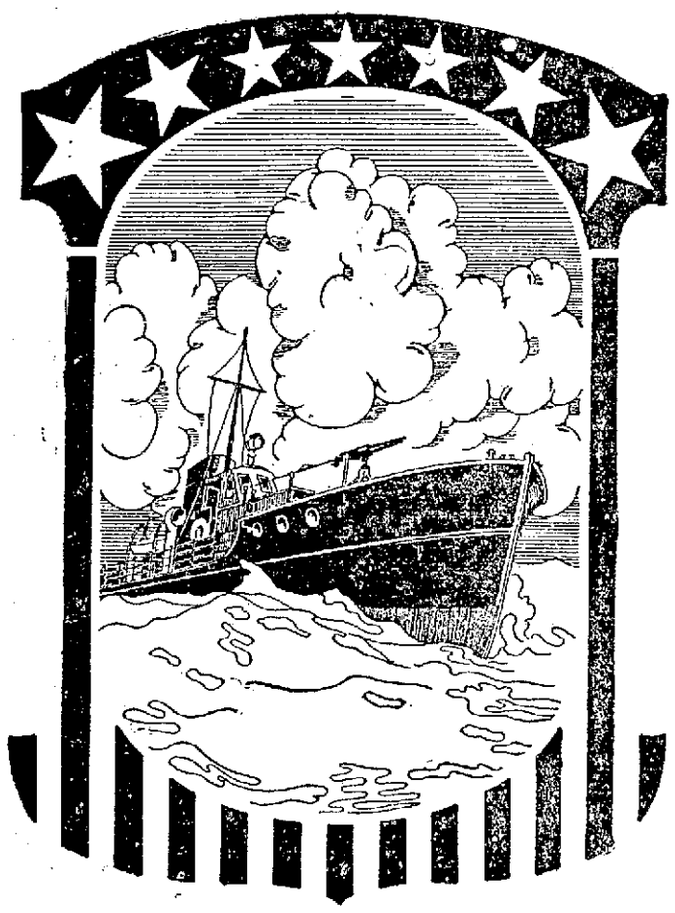

The furniture will be sold commencing at 10 a. m. The real estate will be sold at 3 p. m. The house will be open for inspection Tuesday, Oct. 30 and Wednesday, Oct. 31.

Terms of sale: $500 must be paid as a deposit on the homstead, $200 on lot No. 2, and $200 on lot No. 3, as soon as sold. All personal property, cash. Other terms at sale. Per order

W. A. BARRY, Administrator.

Can you find seven faces in this Picture?
READ THIS CAREFULLY

Trace the outline of the faces on this or a separate piece of paper. Number them, 1, 2, 3, etc. Mail or bring answers to our store. Costs you nothing to try. You may win one of the large prizes. Remember, you must find at least 7 of the 10 faces in the picture, and anyone answering this puzzle will get something. You can use this or other material if you desire. To the 16 neatest, correct and artistic solutions will be given absolutely free the 16 prizes in the order named. Remember that neatness and artistieness will be taken into consideration by the judges, as well as correctness. Only those living in New England are eligible and only one answer from one household. Winners will be notified by mail. All answers must be in our hands not later than Nov. 3, 1917. Mail or bring answers to our piano store.

Lord's Piano Warerooms
34 LAWRENCE STREET, LAWRENCE, MASS.

ARE YOU HELPING THE UNITED STATES WIN THE WAR?

You can help fight in the trenches---or you can help fight by buying a LIBERTY BOND. Your part, your duty, is to fight or pay. Every dollar you give may help save one of our soldier's lives. Uncle Sam does not ask you to give your money, he only asks that you lend it at a good rate of interest.

Buying a LIBERTY BOND is not merely a patriotic act, it is a wise, far-seeing, profitable investment. It is better than hoarding gold because it is as good as gold and draws interest. It is the best investment in the world and NOW is the time to buy.

AMERICA MUST EAT HER LARGEST CORN CROP TO HELP WIN WORLD WAR

BY HARRY B. HUNT

America is just beginning the harvest of her greatest corn crop—greater by 123,000,000 bushels than any previous crop in our history and greater by 665,000,000 bushels than the crop of 1916.

Government estimates of this year's corn production indicate a yield of 3,248,000,000 bushels.

How can this enormous crop best be used both to stabilize prizes of other foodstuffs not so plentiful and also to release for export to our allies the largest possible volume of supplies which they need?

The answer is that we should not only feed corn but should eat corn. By eating more corn and less wheat we will:

Save money!
Benefit our health!
Help win the war!

Corn meal, even at the present unprecedented prices, is the cheapest food, nutritive values considered, found in a government survey of 50 food staples.

There is twice as much nutritive value in a dollar's worth of corn meal, at prevailing prices, as in a dollar's worth of wheat bread. In fact, the same nutriment contained in a dollar's worth of bread can be had in corn meal for just 47.4 cents.

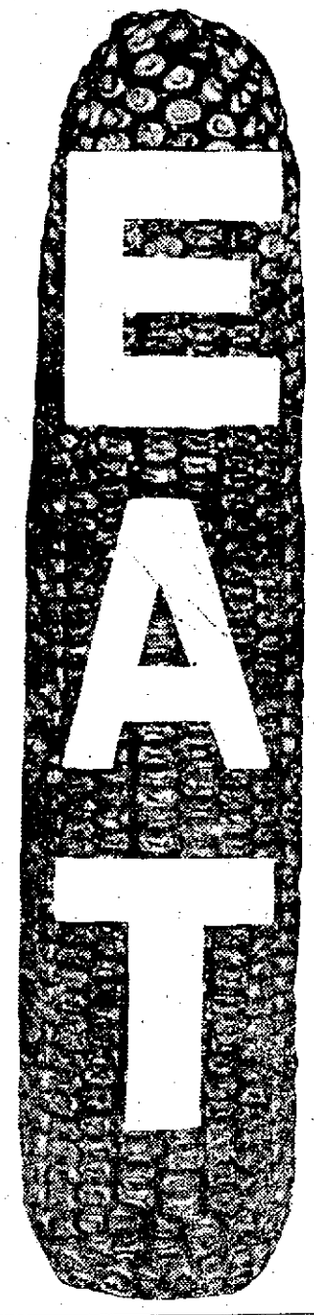

By substituting corn bread, corn cakes, corn muffins or fried mush for wheat bread, at least once each day, the housewives of America could perform one of the greatest works of the war. With absolutely no hardship but, instead, with actual benefit to ourselves, we would release more than 100,000,000 bushels of additional wheat to our allies, who despite all that we can otherwise do to supply their requirements for breadstuffs, must exist on a rigidly restricted diet.

But why, some ask, should we not eat the wheat ourselves and send the corn abroad?

In France, England and Belgium virtually all baking is done in public bakeshops. Corn bread is essentially a home product; it cannot acceptably be prepared and sold over the baker's counter. It would be impossible, in the midst of war, to make over the home baking facilities of these nations. We must adjust our supplies to meet their facilities for proper handling.

Then, too, because of its additional richness, corn meal does not keep as well as flour and is not as suitable for overseas export. At home we consume the meal as it is produced. Corn meal sent to Europe would deteriorate and grow rancid, while wheat flour keeps.

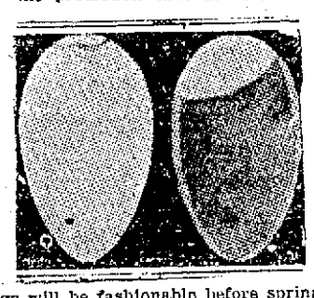

Upon the success of our substitution of corn meal for flour will depend very largely the question of whether the United States is to meet the first essential demand upon her by her allies—which is a demand that we provide them with sufficient food so they may continue the fight.

X-RAY YOUR EGGS

HOME-MADE DEVICE WILL QUICKLY SHOW WHICH ARE GOOD AND WHICH ARE BAD

Eggs are 60 cents a dozen in many towns and housewives are haunted by the prediction that dollar-a-dozen

eggs will be fashionable before spring.

The housewife who pays out her good money for eggs at such rates must demand that she get good eggs. She owes this to herself and to her neighbor. But how is she to test eggs without breaking the shells?

By X-raying the eggs in her own kitchen. She can make her own machine from materials which she has at hand, a shoe box, or any other box of the same shape and size, and a small electric bulb or candle.

In one end of the box cut a hole, the shape of an egg, only slightly smaller, so the eggs to be tested will fit tightly.

Insert the lighted bulb or candle in the box and fasten the cover on closely.

Fresh eggs fill shell, bad eggs shrink

Draw down the shades and make the room dark.

To test eggs, hold them up, one by one, before the egg-shaped hole. A fresh egg will fill its shell. The older an egg gets, the more it will shrink, and the empty part of the shell will show plainly against the light in the box.

DOES HOOVER DO IT, TOO? READ

What does Herbert Hoover eat?

Does he observe meatless days?

Does he conserve wheat and sugar?

Does he attend banquets?

"Does he practice what he preaches?"

The country is entitled to know.

Red meat—beef—is found on the Hoover table not more than once each week. Fresh meats of all kinds—beef, pork and mutton—are served not to exceed three or four times in a week, approximately every other day. The meat menu is supplemented by using more fowl and fish.

As to wheat, pure white bread never is found on Hoover's table. Corn bread and corn muffins are consumed in great quantities and graham bread and breads of mixed flours are the order. Hoover's table, in fact, has been the testing ground for a great many experimental breads.

Practically the only sugar used is for sweetening coffee and tea, and this reduced to a minimum. There are no cakes heavily iced, no sweet deserts. Unsweetened rice cakes are a favorite. Fresh fruits are used for deserts. The only sweet he uses in any quantity is honey.

Vegetables and fruits in season form the backbone of the Hoover menu. Hoover himself has eaten more watermelon than anything else this summer.

As to banquets—Hoover hates them. He never goes if he can escape. But the few he has attended this year have been primarily food conservation layouts.

Yes, Madam Housewife! Herbert Hoover is the sort of leader you can follow.

UNCLE SAM TELLS YOU HOW TO MAKE CORN BREAD AND CAKE

Here are some government-tested recipes for corn breads. All are simple, wholesome, cheap.

SPOON CORN BREAD

Two cupfuls water, 1 cupful milk, 1 cupful white corn meal, 1 tablespoonful butter, 2 eggs, 2 teaspoonfuls salt.

Mix the water and the corn meal and bring slowly to the boiling point and cook 5 minutes. Add the eggs well beaten and the other ingredients. Beat thoroughly and bake in a well-greased pan for 25 minutes in a hot oven. Serve from the same dish with a spoon.

SOUR-MILK CORN BREAD

Two cupfuls corn meal, 2 cupfuls sour milk, 2 tablespoonfuls butter, 2 tablespoonfuls sugar, white or brown, 1 1-2 teaspoonfuls salt, 2 eggs, 1 teaspoonful soda, 1 tablespoonful cold water.

There are two ways of mixing this bread. By the first the meal, milk, salt, butter, and sugar are cooked in a double boiler for about 10 minutes. When the mixture is cool, the eggs are added well beaten and the soda dissolved in the water. By the other method all the dry ingredients, including the soda, are mixed together, and then the sour milk and eggs well beaten and the butter are added. If the second method is followed, the cold water is not needed. The bread should be baked in a shallow iron or granite pan for about 30 minutes.

CRISP CORN MEAL CAKE

One cupful milk, 1-2 cupful white corn meal, 1-2 teaspoonful salt.

Mix the ingredients and heat slowly until the boiling point is reached. It is not necessary to stir. Spread on a shallow buttered pan to a depth of about 1-4 of an inch. Bake in a moderate oven until crisp.

HALLOWEEN MENUS

Halloween menus usually include the homely cider and doughnuts, chestnuts and apples which belong to other harvest home celebrations.

The following menu is plain and substantial, and just a little different.

JACK-O'-LANTERN MENU

Jack-o'-Lantern Salad
Brown Bread Sandwiches
Fruit Loaf Cake
Priscilla Pop Corn
Cider or Coffee.

JACK-O'-LANTERN SALAD

Soak salt herring in lukewarm water and drain. Cook in boiling water for 15 minutes. When cool, separate into flakes and add an equal quantity of cold boiled potato, and 1-4 the quantity of chopped, hard-boiled eggs. Mix with French dressing and chill in refrigerator until serving time. Beat 1-4 cupful of cream until stiff and mix with it 2 tablespoonfuls of chopped pimentos. Mix with equal portion of mayonnaise dressing and combine with the salad. Serve on lettuce leaves, slightly flattening the heap on top to receive the "Jack-o'-Lantern," which is a small full moon face cut from a very thin slice of American cheese, the eyes marked with bits of clove, and the nose and mouth by thin strips of pimento. Brown bread sandwiches, with a filling of chopped peanuts is served with this salad.

RAISED FRUIT LOAF

One cupful butter, 2 cupfuls brown sugar, 2 eggs, 2 cupfuls bread sponge, 2 teaspoonfuls cinnamon, 1 teaspoonful clove, 2 teaspoonful soda, 1 teaspoonful salt, 2 cupfuls raisins, 1 cupful flour.

Cream butter and add slowly, while beating constantly sugar, then add well-beaten eggs, bread sponge, spice, soda and salt, and flour mixed and sifted, and raisins, cut in half and dredged with flour. Turn into buttered and floured oblong pans and let rise 2 1-2 hours and then bake for an hour.

Millions of women and children in Europe—our allies—can be saved from bitter hunger if you will eat one slice less of wheat bread each day.

PREACH GOSPEL OF CHEAP BUT NUTRITIOUS FOODS FROM WAR BREAD WAGON IN GOTHAM

They not only tell them—but show them—how to make appetizing dishes out of cheap foods, especially of corn and oatmeal. These New York women, members of the city food aid committee, travel from the Bronx to the Battery, stopping as often as a crowd can be gathered to demonstrate new methods of preparing war foods. They have no end of recipes, not one of which demands wheat flour. The muffins and other good things they bake are handed out as "proof of the pudding." The picture shows a group of men from offices waiting for a noon handout.

SELF-HELP FOR HOUSEWIVES

Woman-talk in these days is enjoying a respite from its age-old topics of husbands, babies, cooks, and clothes. It is now almost wholly concerned with knitting for soldiers or food conservation.

Poor Mrs. Housewife is sore beset with the increasing difficulty of performing that famous feat known as "making ends meet" when everybody in the world is busily engaged in pulling them apart. Everybody lectures. If she serves beef-stew more than twice a week Friend Husband says "What! again!"

And every day the grocer sings a new verse of the song entitled "Going Up."

The government tries to help her by fixing prices, and the city by establishing municipal markets, but neither of these assistants seems to have much luck and the little war-game of the producers and wholesale and retail purveyors of food in laying on all that the traffic will bear, goes merrily on.

The American housewife is up against a big problem—and it will not be solved by the ending of the war. It will run right along. Stated in the simplest terms the problem is this—to get more food for less money.

Here's one main fact: Some foods of low cost produce as much human energy as other foods of high cost. The idea is to learn what the low cost, high-value foods are, and then use them. The body is a machine and food is the fuel which generates its power.

Food is measured in terms of this fuel value and the heat unit is called a calorie. A man requires about 3790 calories of energy a day, and a woman 3200. Given amounts of food contain certain amounts of heat, for instance a whole egg contains 36 calories, and a pint of milk 314. Thus a meal resolves itself into a problem in arithmetic.

Tables showing the fuel values of all foods commonly used in American homes may be had from the public library, or the U. S. department of agriculture, without cost. Such a table in the kitchen is real money in the housewife's pocket, for it reveals that a pound of cream cheese has more food value than a pound of beefsteak, that two whole eggs are more valuable as food than a pound of beef, that mutton is more nutritious than the more expensive beef, and that veal, which costs more than any other meat, has less food value.

When it is realized that nearly half of the average family's total income is expended for food, the woman who will not put a little study and energy into learning how to get the best return for her food money must be considered something of a "slacker" at home making.

No one can help the housekeeper as much as she can help herself.

SWEET POTATO ADDS SUGAR TO YOUR DAILY MEAL

The sweet potato is a sort of "tropical cousin" to the Irish potato and while it contains most of the food elements of the white variety, it adds to its attractions a much larger percentage of sugar, and by the same token increases its price and lends itself to more elaboration and delicacy of preparation as a food.

To most housekeepers except in the south the sweet potato suggests a "company dish," something which involves a bit of extra preparation and a particularly delectable result. The following recipes have been found satisfactory.

SWEET POTATOES, GEORGIAN STYLE

Season boiled and mashed sweet potatoes with butter, salt, pepper, and sherry. Moisten with cream, and beat 5 minutes. Put in buttered baking dish, leaving a rough surface. Pour over top a syrup made by boiling 2 tablespoonfuls molasses and 1 teaspoonful butter for 5 minutes. Bake in oven until delicately brown.

SWEET POTATOES AU GRATIN

Cut 5 medium sized cold boiled sweet potatoes in 1-3-inch slices. Put a layer in a buttered baking dish, sprinkle with salt, pepper, and 3 tablespoonfuls brown sugar, and dot with 1 tablespoonful butter. Repeat, cover with buttered cracker crumbs and bake until brown.

GLAZED SWEET POTATOES

Wash and pare 6 medium sized potatoes and cook until soft. Drain, cut in lengthwise halves and put in buttered pan. Make a syrup by boiling 1-2 cupful sugar, 1 tablespoonful butter, and 4 tablespoonfuls water. Brush potatoes with syrup and bake brown, basting twice with syrup.

SWEET POTATOES EN BROCHET

Cut boiled potatoes in 1-3-inch slices and arrange on skewers in groups of 3 or 4. Brush with melted butter, sprinkle with brown sugar, and bake in hot oven till brown.

SWEET POTATO BALLS

To 2 cupfuls of hot riced sweet potatoes add 3 tablespoonfuls butter, 1-3 teaspoonful salt, few grains pepper and 1 beaten egg. Shape in small balls, roll in flour and fry in deep fat.

SCALLOPED SWEET POTATOES

Slice boiled sweet potatoes and place in buttered baking dish with layers of brown sugar dotted with butter between layers of potatoes. Cover the top with 3 tablespoonfuls of cream, dots of butter, and bake until brown. A few minutes before serving cover the top with a layer of marshmallows and return to the oven to brown.

WARTIME MENUS

"Why should I observe wheatless and meatless and sugarless days when I can afford to pay any price for food?" a millionaire's wife asked at a food conservation meeting.

"Because we must divide our food supply with our allies and the meat and bread and sugar you do not eat can be sent overseas to needy people," was the reply.

According to this principle, the rich who can pay for luxuries ought to use them, lobster in place of steak, for instance, but it is their duty to save the staples as conscientiously as the poor are obliged to do.

No income is large enough to exempt a person from observing the conservation principle of wartime menus.

SUNDAY

Breakfast—Cantaloupe, bread crumb griddle cakes and syrup, coffee.

Dinner—Pot roast with carrots and turnips, steamed sweet potatoes, cold slaw, Brown Betty, coffee.

Supper—Broiled oysters on toast, cucumbers, chocolate cake, tea.

MONDAY (Wheatless)

Breakfast—Baked apples, johnny cake, broiled bacon, coffee.

Luncheon—Minced meat and potato rolls, rye bread, sliced peaches, tea.

Dinner—Baked potatoes and creamed codfish, fried eggplant, rye muffins, fruit gelatine and cream.

TUESDAY

Breakfast—Stewed prunes, graham gems, coffee.

Luncheon—Baked hash, brown bread, orange marmalade, tea.

Dinner—Mutton stew, sweet potatoes, creamed turnips, apple pie, coffee.

WEDNESDAY (Meatless)

Breakfast—Grapes, French toast, coffee.

Luncheon—Green corn omelet, gingerbread, cocoa.

Dinner—Curry of rice (nuts replacing mutton), spinach, fruit salad, wafers and cheese, coffee.

THURSDAY

Breakfast—Peaches, potato and codfish pancakes, toast, coffee.

Luncheon—Tomato pie, cookies, tea.

Dinner—Peppers stuffed with minced meat, baked potatoes, succutash, chocolate cream cake, coffee.

FRIDAY

Breakfast—Baked apples and nuts, milk toast, coffee.

Luncheon—Sausage cakes with corn bread, peach butter, tea.

Dinner—Fish chowder, carrots, peach shortcake, coffee.

SATURDAY (Meatless)

Breakfast—Oatmeal and cream, toast, homemade orange marmalade, coffee.

Luncheon—Rarebit, pear salad, wafers, tea.

Dinner—Bread and cheese pudding, baked potatoes, squash, celery and apple salad, small cakes, tea.

ONCE HUMBLE POTATO NOW FIRST FOOD AID TO WARRING AMERICA!

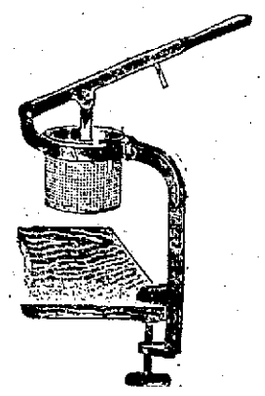

DOING HER BIT

Every Housewife is Asked to Become Potato Expert in Her Own Kitchen

Fortunately, the present garden season has escorted us to the threshold of winter with a potato crop that promises full bins in the cellar.

By scientific investigation it has been shown that potatoes furnish 31.7 of the total nutrients in the average diet and represent only 3.9 per cent of the total food cost. For the money expended they return a generous supply of nutrients.

Cooking increases the palatability and digestibility of potatoes, but by the methods of cooking most commonly used a large part of the nutriment may be lost. Baking and steaming are the cooking methods which best preserve the full food value of the potato.

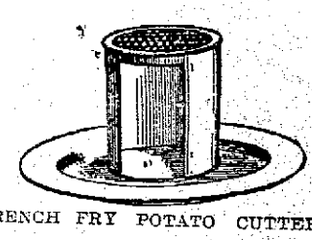

POTATO RICER ATTACHED TO TABLE

Many convenient utensils have been invented for expediting the work of preparing potatoes. A new masher or ricer is attached to the edge of the table and is worked on the principle of the lever. Thus it saves the cooks' "elbow grease." A cup shaped dish has a cutter top, upon which a whole potato may be pressed and sliced into even strips for French fry, Julienne potatoes and garnishes. A screw cutter which can be fastened to the wall, converts a potato into a long ribbon which has a decorative value as a garnish, or a practical value if the potatoes are to be dried.

STUFFED POTATOES

Cut baked potatoes in half, remove the pulp, mash it, moisten with milk, add the beaten white of egg (1 egg to 3 medium-sized potatoes), fill the cases with the mixture. Dot the top with butter and return to a hot oven for 10 minutes. If preferred, instead of adding the egg, a half-cupful of grated cheese, or a half cupful of chopped meat, or 1 tablespoonful of parsley may be added to the potato filling. Stuffed potatoes may be prepared in the morning and kept for the second quick baking until noon or the evening meal.

FRENCH FRY POTATO CUTTER

SCALLOPED POTATOES

Remove skin from boiled potatoes and cut in slices a quarter-inch thick. Arrange sliced potatoes in a baking dish, using between the layers sliced, hard-boiled eggs, or minced ham, or grated cheese, according to taste.

Cover the whole with a white sauce made of 2 tablespoonfuls butter, 2 tablespoonfuls of flour, 1-2 teaspoonful salt, pepper, and 1 cupful of milk. Sprinkle the top with buttered crumbs and bake for 20 minutes.

POTATO SOUP

Two cupfuls of hot riced or mashed potatoes, 1 quart of milk, 2 slices onion, 3 tablespoonfuls butter, 2 tablespoonfuls flour, 1 1-2 teaspoonfuls salt, celery salt, pepper, 1 teaspoonful chopped parsley.

Scald the milk with the onion, remove the onion and add milk slowly to the potatoes. Melt butter and add it to dry ingredients, stirring until well blended. Add to liquid mixture stirring constantly, and boil soup 1 minute. Add parsley and serve.

POTATO MUFFINS

Four tablespoonfuls butter, 4 tablespoonfuls sugar, 1 egg, 1 cupful potatoes, 1 cupful flour, 4 teaspoonfuls baking powder, salt, 1 cupful milk.

Cream butter and sugar and add the egg, well beaten, and then the potato and mix all thoroughly. Sift flour, baking powder and salt together and add them and the milk to the mixture alternately. Bake muffins in greased gem pans for 25 minutes.

POTATO STUFFING FOR FOWL

Two cupfuls hot mashed potatoes, 1 1-4 cupfuls bread crumbs, 1-3 cupful butter, 1 egg, 1 teaspoonful salt, 1 teaspoonful sage, 1-4 cupful chopped fat salt pork, 1 finely chopped onion.

Add to the potatoes the other ingredients in order given.

FAIRBURN'S

For Food

Our new plan of no deliveries and all cash sales has worked out with great success. We wish to thank the people for their co-operation and their readiness in understanding we are working for lower prices for every day in the year. Our advertisements every day of special sales will be continued.

REMEMBER—NOTHING BUT THE BEST IS SOLD HERE AT THE LOWEST PRICES

Any suggestions to the betterment of our service will be highly appreciated.

12 Merrimack Sq. "WHERE YOU GET YOUR CAR" Tel. 788

ANOTHER AUTO ACCIDENT ON LITTLETON ROAD

James Cavanaugh, said to belong in Lowell, was instantly killed and five others were injured, three of them seriously, when a seven-passenger Buick automobile containing four soldiers and three civilians, on its way from Camp Devens, Ayer, to this city, crashed into a tree on the state road near Littleton about 7 o'clock last night.

The injured are: Private Charles Curtin of Waltham, skull fractured; Private G. F. Jennings of Waltham thigh fractured; E. A. Casone of North Adams, internal injuries; Beecher White of Salem, leg fractured. White is at St. John's hospital in this city, Casone is at the Groton hospital and the two soldiers are at the base hospital at Camp Devens.

The accident occurred on the state road near the junction with the road which leads to the depot and opposite the residence of former State Senator Charles E. Kimball. The place is known as Kimball's crossing and is considered very dangerous owing to a sharp curve.

There is a big tree on the curve and it sets well out in the road. As the jitney rounded the curve the driver faced the big Buick machine, a Ford automobile and a motorcycle. They were all going at a pretty good clip and in trying to avoid the collision the jitney smashed into the tree with the fatal result above recorded. The wreck was viewed by many Lowell people, including those who went to Ayer to entertain the soldiers at the Y.M.C.A. hut at Camp Devens.

The car was owned by Rose Robinson and was driven by her son, Benjamin Robinson of 153 Smith street, this city, it being used as a jitney between this city and the camp at Ayer. The soldiers in the party were members of Battery B of the 301st artillery and the civilians were employed at the camp.

The party left the camp about 6.30 o'clock last night and everything went along all right until Kimball's crossing was reached when the machine crashed against a tree.

The occupants were thrown out and Cavanaugh, striking on his head, was instantly killed. All the others with the exception of the driver, sustained injuries. The front of the machine was demolished.

Dr. James D. Christie of Littleton was soon on the scene and, assisted by Chief of Police Hibbard and officers of the Littleton force, the injured men were cared for. Two of them, White and Polequin, were rushed to St. John's hospital in this city, and Casone, with Privs. Jennings and Curtin, were taken to the base hospital at the cantonment. Casone was later released and sent to the Groton hospital. Assisting Dr. Christie in his first-aid work were Dr. B. H. Hopkins of Ayer and several camp surgeons, who were quickly on the scene.

Following the accident, the body of Cavanaugh was taken to the rooms of Undertaker E. C. Page in Ayer. Cavanaugh's name does not appear in the Lowell directory and so far as can be ascertained he is not known here.

60,000 CAPTURED
Continued

have been begun further south on the Carso front, but these have been repulsed by the Italians.

Final Effort to Bring Peace

The Austro-German blow apparently is a final effort to conquer one of the strong allied nations in the hope of bringing about a favorable peace. The efforts against Russia depite the poor morale of the Russian army cannot be said to have been greatly successful with such an aim in view. In France the Germans cannot advance, but on the contrary have been slowly giving up valuable strategic positions. The final hope was in aiding war-weary Austria to crush Italy.

Fighting in Mountains

In the spring of 1916 the Austrians carried out an extensive offensive movement in the Trentino, only to be thrown back beyond their original positions by the Italians a few months later. Whether the present offensive will result similarly depends on General Cadorna.

The fighting is in the mountains, and the Italians still hold positions capable of a stronge defense. Even a retirement to a line running from Ampezzo through Gemona to Cividale and thence to Gorizia could hardly affect the territory east of Gorizia and southward along the Carso.

French Extend Gains

The effectiveness of General Petain's smash on the Aisne southwest of Laon is shown by the fact that the German crown prince has not attempted counter attacks. The French are extending their gains eastward along the plateau north of the Chemin-des-Dames, while organizing their new positions for further action. Under a heavy downpour of rain the Anglo-French troops have carried out a successful minor movement in the Ypres salient, capturing more than 800 prisoners. The French, on the north, advanced their positions north of Bixschoote, west of Houthoist forest. The British gained ground around Passchendaele, east of Ypres, and in the region of Gheluvelt, southeast of Ypres.

Last night, besides consolidating the ground already won and repulsing two strong German counter attacks west and south of Passchendaele, Field Marshal Haig's troops made further progress in the direction of Passchendaele, clearing out ground in which eighteen German machine-guns were captured.

The French on the British left flank likewise continued pushing ahead during the night despite the difficult conditions. German trenches beyond the objectives reached yesterday were captured and additional prisoners taken.

Turks Retreat

LONDON, Oct. 27.—"On Tuesday Turkish columns, moving on both banks of the Tigris from Terkit approached our positions at Samara (on the Tigris above Bagdad) says an official report from the Mesopotamian front. The Turks retreated up the river during the night without fighting, on the advance of the British."

To Evacuate Helsingfors

PETROGRAD, Oct. 27.—Preparations are being made in Helsingfors for the evacuation of that city, according to a telegram received here.

A report from Stockholm to the Novoe Vremy says that in view of the easy advance in the Russian territory the Germans are preparing for a descent on Finland and, profiting by their propaganda, expect to be able with small forces to capture the Russian troops without resistance and to cut the railway at Tornea cutting off communion tion with Russia and Sweden.

Tornea is a Finnish town at the head of the Gulf of Bothnia, opposite the Swedish port of Haparanda.

French Capture German Trenches

PARIS, Oct. 27.—Continuing their offensive in Belgium, French troops have captured German trenches north of the objectives reached yesterday, the war office announces.

The statement adds:

"On the Aisne front the night was calm, being marked only by intermittent artillery actions, especially in the region west of Ailles.

"On the right bank of the Meuse enemy attacks against one of our trenches nort of Chaume wood and in the forest of Apremont were broken up by our fire.

"On Thursday evening German aviators threw down 20 bombs of large calibre on Dunkirk. There were 30 victims among the civilian population."

Italian Situation Grave

ROME, Oct. 26.—A semi-official statement, issued tonight, says the struggle on the Isonzo front is more than bitter, and that its alternatives are undecided. The situation created by the power of the enemy, says the announcement, is "certainly grave."

The statement says headquarters has taken necessary measures and that if the troops remember that on ten different occasions they defeated the enemy on his formidable Carso positions he is unlikely to tread the national soil long. The thanks of the country are due to the fifth Borsaglieri, which in the last few days has held the Globocak position at the Auzza gorge and is defending it by indefatigable and magnificent counter-attacks, during which prisoners have been taken.

Continuing, the semi-official announcement says:

"At the head of the Natsione valley and at the head of its confluence enemy regiments are headed toward Cividale, to the south of the communications with the central Isonzo.

"In the presence of this threat it has been necessary to anticipate the situation created in the sector which we conquered in August and to ameliorate the conditions on the Bainsizza plateau, which represents the whole of the Italian lines before Tolmino barring access to the Natisone basin."

British Bombing Raids

LONDON, Oct. 27.—The admiralty announces that yesterday afternoon bombing raids were carried out by naval air craft on the Varssenaere airdrome and the Thouroury junction, in Belgium. Bad weather conditions rendered observation difficult. All the machines returned safely.

XMAS GIFTS FOR AMERICAN SOLDIERS GO TO HOBOKEN, N. J., FOR SHIPMENT

WASHINGTON, Oct. 27.—The war department made public yesterday rules governing the handling by mail and express of Christmas presents for members of the American expeditionary forces in France.

A general officer of the army will be stationed at Hoboken, N. J., as forwarding agent and will pass judgment and arrange for the delivery of the packages in co-operation with the postmasted and express company officials in New York city.

The rules provides that all parcel post packages must be under seven pounds and inclosed in wooden boxes; that express packages, also boxed, do not exceed 20 pounds, and that the covering of such boxes be fitted to facilitate inspection. Food products must be in cans or glass jars.

Mail and express packages should be addressed as now prescribed by postal regulations and plainly marked "Christmas Box." They should be sent to Pier One, Hoboken, N. J."

Every package before shipment will be inspected for explosives or other dangerous matter. The regulations require that the contents of each box be clearly stated on the outside.

The war department order provides that shipment of Christmas boxes may begin at once, but that none will be forwarded which reach Hoboken after midnight December 4. The name and address of the sender must be stated on the outside of each box.

MISS CUDAHY ENDS HER LIFE AT SEA

PARIS, Oct. 27.—Miss Helen Cudahy, daughter of Patrick Cudahy, the Milwaukee meat packer, committed suicide in mid-ocean on Oct. 19, according to the army edition of the Chicago Tribune.

Fear of submarines is believed to have been the motive for her act, the newspaper says. According to this account, Miss Cudahy, who was coming to France on a Red Cross mission, appeared to be cheerful in the early days of the voyage, but when the submarine zone was approached and a convoy met the steamer on which she was a passenger, she remained in her cabin.

A friend who went to her cabin on the night of Oct. 19 found the room empty, a porthole open and this hurriedly written note:

"It was all for the best. Keep as much as possible from father and mother. Notify my brother Michael."

Search of the boat failed to reveal any further evidences of her disappearance or any person who witnessed the tragedy. Miss Cudahy's body has not been recovered.

SHORT TIME CERTIFICATES

WASHINGTON, Oct. 27.—The second day's response of banks and other subscription agencies to the treasury's offering of short time certificates of indebtedness of an indefinite amount was announced today to be $99,228,000. This brings the total for the two days up to $264,625,000.

Today's subscriptions to the issue bring the total of outstanding certificates of indebtedness up to $1,599,222,000.

TOWN TREASURER MISSING

PROVIDENCE, Oct. 27.—William Burton, town treasurer of Johnston, has been reported as missing from his home in Thornton and an apparent shortage in town funds has caused Town Solicitor Frank W. Tillinghast to make a formal demand upon a surety company for $7500, the amount of the treasurer's bond.

Chief of Police Hiram Kimball of Johnston has asked the police of this and other cities to search for the missing treasurer, who is wanted to answer to a warrant alleging embezzlement of town funds.

WANT $35,000,000 FOR Y.M.C.A. WAR WORK

NEW YORK, Oct. 27.—A campaign to raise $35,000,000 for Young Men's Christian association war camp work on extended lines both among the forces of the United States at home and abroad and also among the troops of Russia, France and Italy will begin on an intensified nation-wide scope, it was announced here today by the association's war work council.

The $50,000,000 raised last April, it was shown, was proved inadequate to meet conditions arising from the fact that army mobilization has gone forward more rapidly than "anticipated even at Washington."

"Instead of 1000 secretaries," the announcement says, "$25,000 had to be provided and instead of 200 buildings costing $3000 each the call came for 500 at a cost of from $5000 to $8000.

For raising the $35,000,000 wanted in this country the campaign has been laid out in accordance with the military departments.

The northeastern department is to asked for $3,500,000.

LIBERTY LOAN
Continued

to divulge the name. The Morris Plan Co. has subscribed for $20,000 worth of the securities.

These sums combined to give the Lowell total a substantial boost and every effort will be made in the few remaining hours of the drive to make the ultimate total a record breaker.

The banks of the city will be ready to take subscriptions this evening and everyone who intends to participate in the loan must have his or her subscription "behind the bars" by closing time. The campaign ends officially at midnight.

The Boy Scouts of the city gave their total a substantial boost today when they reached the $192,750 mark at noon. This sum represents a total of 1122 bonds sold. The young men will not cease their efforts until the last minute and Executive Alex. Williams said at noon that they were out to reach the $200,000 mark. Harper Dixon, mascot of Troop 23, got into the game this morning and by noon he had corralled 11 subscriptions. The youngster is not yet 12 years old and for that reason is not a Boy Scout. Nevertheless, he wanted to do his bit and he did it. On account of the fact that he is not a scout he will not be entitled to the war service medal of the treasury department, but he was presented a suitable token this noon in recognition of his good work.

A telegram was received today from the national headquarters of the Boy Scouts in New York stating that in the first two days of the campaign the scouts all over the country had sold 36 million dollars' worth of the Liberty securities.

The Ancient Order of Hibernians has voted to purchase 30 $100 bonds as the organization's contribution to the fund.

The bank tabulation to date is as follows:

Union National	$1,945,700
Appleton National	1,051,000
Old Lowell National	276,900
Lowell Trust Co.	244,650
Middlesex Trust Co.	234,300
Wamesit National	163,300
Savings banks, not reported through national banks	717,150
Other sources	1,070,800
Total to date	$6,702,800

Lowell Five Cent	100,000
Washington	67,000
Total	$1,117,350

NEWS OF THE DAY IN THE POLICE COURT

Louis Henry Welch and Daniel Hogan, otherwise known as Francis Jones and Thomas Murray, soldiers, who appeared in police court during the earlier part of the week, were charged with the larceny of an automobile belonging to Thomas W. Smith of Nashua, N. H.

According to the story told by the police and also by Mr. Smith, the latter left his machine in front of the Middlesex street station last Monday night, and returning in about ten minutes found that it was missing. He reported the matter to the police and as a result of telephone calls to the police of cities and towns in the vicinity of Lowell, it was learned that the machine had been stopped at Nashua for gasoline and later was found abandoned in Hudson, N. H., across the river from Nashua, and two soldiers, who gave the names of Murray and Jones, were placed under arrest. Subsequently it was learned that Jones' name was Welch and that Murray was Hogan.

When asked to plead to a complaint of larceny this morning, each entered a plea of not guilty, but entered a plea of being guilty to having the machine in their possession. Each was held under $500 for appearance before the court one week from today.

Neglected Children

A number of cases of neglect took up the major portion of this morning's session of the police court. The case of Telesphore Vachon, charged with neglect of children, was continued until Tuesday, while in the case of Denis Connors, also charged with neglect of children, the defendant was placed on probation on comition that he pay his wife $8 a week.

When the case of Joseph Popin, charged with neglect of wife, was called, it was learned that the wife was unable to be present, but the latter's daughter told a story to the court which caused Judge Enright to find the defendant guilty and give him a suspended sentence of five months in the house of correction on condition that he pay $5 a week.

It was the third time that Michael Considine had appeared before the court for drunkenness and after Sergt. Petrie had testified that the defendant had been giving liquor to soldiers Considine was found guilty and ordered to pay a fine of $10.

Arrested On Capias

Samuel H. Jarrett, who was arrested on a capias for the neglect of his children, was sentenced to five months in the house of correction.

The case of John S. Greig, charged with violation of the milk law, having watered milk in his possession, was continued until November 9. Walter A. Andrew, also charged with having watered milk in his possession, had his case continued until the same date.

Declared Defaulted

Joseph McSweeney, one of the pair arrested at the Middlesex street station on the night of July 3d and who was charged with attempt to commit larceny from an unknown person, having narcotic drugs in his possession and also with having a hyperdermic needle in his possession, failed to appear in court this morning and was declared defaulted.

Other Offenders

Lillian and Agnes King, sisters, were charged with being stubborn children. They were allowed to go on their personal recognizance on condition that they would appear in court Monday morning.

Peter Markewitz was charged with attempting to steal property from Alice J. Saunders yesterday, it being alleged that he reduced a check handed him by a clerk which he was to give to the cashier. According to the story told the court, the defendant purchased goods to the amount of $2.72 and upon receiving the check erased the $2 and proffered 72 cents, but one of the clerks detected the alleged theft and the goods were not delivered. A fine of $10 was imposed.

John Coyle, charged with assault and battery on Abraham A. McCutcheon was found guilty, but by agreement of counsel and the court the defendant was allowed to go on his personal recognizance to keep the peace for one year.

There was but one drunk arrested during the 24 hours and he was released by the probation officer.

WANT ALL-AMERICAN TRANSPORT CREWS

BOSTON, Oct. 27.—The importance of having all-American crews for the new merchant fleet that will carry supplies to our soldiers in France was discussed in an all-day conference at the chamber of commerce yesterday by officials of the United States shipping board recruiting service, whose national headquarters are at the Boston custom house.

The sense of the conference was that it is highly important to have only men of unquestioned Americanism on board our cargo transports.

Other phases of the work of manning the country's coming great merchant fleet of 1600 ships were also taken up in two three-hour sessions. Most of the conference was devoted to methods of training experienced American seamen at government navigation and marine engineering schools to serve as officers on the new cargo ships that will be controlled by the shipping board.

Henry Howard of Boston, director of the nation-wide recruiting service, presided. George Uhler, supervising inspector general of the United States Steamboat Inspection service, who had planned to attend, was detained in Washington by pressing business.

Chief speakers were Prof. Carl C. Thomas of Johns Hopkins university, Baltimore; Farnham P. Griffiths, San Francisco; William J. Grambs, Seattle; Capt. Irving L. Evans, Cleveland, all section chiefs in the recruiting service, and Capt. Eugene E. O'Donnell, supervising inspector 5th district, Steamboat Inspection service.

The conference was continued today, when the general policy and expansion of the service will be discussed.

The service is to undertake to train 10,000 officers; already it has received 15,000 applications.

NEW LIBERTY LOAN DAY RECORD IN BOSTON

BOSTON, Oct. 27.—Boston with subscriptions yesterday of $20,981,000 established a new one day record for the Liberty loan campaign, and today was over 20 per cent over its maximum quota of $105,300,000.

Two Maine towns are given special mention in the report of the campaign committee today. Andover, Me., with an adult population of only about 300, ten miles from any railway and with no manufacturing industry has taken $16,250 worth of bonds, and Norway at noon Friday was 25 per cent beyond its maximum of $95,000.

MAJ. GEN. SCOTT AT THE BATTLE FRONT

PARIS, Oct. 27.—Maj. Gen. Hugh L. Scott, former chief of staff of the United States army, has arrived in France and gone to the front.

After his retirement last month as chief of staff, Maj. Gen. Scott was made chief instruction officer of the new national army. He went to France to study operations on the western front and on his return will supervise the intensive training of the national army in trench warfare.

CUTS BUTTER PRICES IN CHICAGO

CHICAGO, Oct. 27.—The consumer began to realize the benefits of government supervision of food sales yesterday when the butter price was slashed 8 to 6 cents by the local food price committee. This was done in the face of predictions by retail grocers that best grades of butter would sell at 55 to 58 cents a pound next week.

The food committee, after conferring with a committee from the Chicago butter and eggs board, decided that 44 to 49 1-2 cents a pound is a fair price for creamery extras in bulk and 45 to 50 1-2 cents the right figure for butter in cartons. Retailers have been asking 50 to 55 cents a pound.

The butter and eggs board committee agreed that a fair profit for the grocer would be 2 cents a pound over the jobber's price on bulk butter and 3 1-2 cents for cartons.

The price committee also cut the cost of corn meal 1-4 to 1-2 cent a pound, with promises of a greater cut.

WEATHER PREDICTIONS

WASHINGTON, Oct. 27.—Weather predictions for the north and middle Atlantic states for the week beginning Sunday, issued by the weather bureau today are:

Fair until Wednesday or Thursday, and also for Friday and Saturday. Lower temperatures during last half of the week.

ANOTHER ZEPPELIN DESTROYED

TOULON, Oct. 27.—In addition to the four Zeppelins known to have been lost by the Germans in French territory last Saturday another has now been reported destroyed by falling into the Mediterranean last Saturday night. Two French naval aviators made this report today.

FINE MEN IN VICE DEN CASE

BOSTON, Oct. 27.—William Kirmis, a photographer, and Louis A. Bow, an artist, were fined $300 and $200 respectively in the superior criminal court yesterday and discharged from further prosecution. The men were rounded up as a result of the raids on vice dens in this city some months ago. Both men were given jail sentences in the lower court, but appealed to the superior court.

Judge White presided at the session yesterday.

SWITCHMEN DEMAND RAISE

CHICAGO, Oct. 27.—Switchmen of 19 railroads entering Chicago decided today to demand wage increases which would make $6 a day the minimum.

HERO DEAD, HIS WIDOW GETS CARNEGIE MEDAL

BOSTON, Oct. 27.—Mrs. Maud M. Sterling of 52 Falcon street, East Boston, has been awarded a silver medal and $40 a month by the Carnegie hero fund commission, according to a despatch from Pittsburg. The award is made for an act of bravery by her husband, the late William L. Sterling, a foreman carpenter, who died while attempting to save Edward J. Hughes and three others from suffocation on Nov. 2, 1916.

The accident which led to Sterling's act was on the steamship Devonian. Three carpenters were overcome in the boat's hold, which had been fumigated with prussic acid gas, and a fourth man fell from a ladder as he was descending into the hold. Sterling and another man started to the rescue. The group of men above advised them not to enter the hold and one man returned. Sterling continued to the bottom, 42 feet below the main deck. He tied a rope about a man and started to re-climb the ladder, but was overcome and fell backward before he reached the deck. His injuries proved fatal. Two of the men were removed from the hold and recovered, but the two others died. One of the latter was Sterling's eldest son.

In connection also with the accident the following other award was made:

John J. Shelby, Tuebrook, Liverpool, England, helped to save Charles J. Coleman from suffocation in the Devonian's hold at Boston, Nov. 2, 1916.

ROOSEVELT PLAN DROPPED

WASHINGTON, Oct. 27.—The plan for drafting Col. Roosevelt into the army as division commander of New England troops, which five governors of that section were due to present to Secretary of War Baker today, fairly died a-borning.

Last night when it was all over, Gov. McCall of Massachusetts and Gov. Milliken of Maine, whose names have been most prominently connected with the movement, admitted that the colonel's name had not even been presented. Early in the conference Mr. Baker and Gen. Bliss, by plain statement of army conditions and plans, made it plain to the governors that there was no use in going any further on the project.

Administrator's Auction Sale
OF THE REAL ESTATE AND HOUSEHOLD FURNITURE OF THE LATE MAJOR ANDREWS, THURSDAY, NOV. 1, 1917, AT 10 A. M., SITUATED IN THE TOWN OF TYNGSBORO, MASS., ON THE CORNER OF THE DUNSTABLE AND TYNGSBORO ROADS, RIGHT IN THE CENTRE OF THE TOWN, ON THE STATE HIGHWAY.

The real estate will be sold in three lots, as follows:

Lot 1. The Homestead, consists of a 2½-story house, barn, carriage house and about three acres of land. The house has 10 large, sunny rooms, fireplaces built in, with old Colonial designed mantels, is in good condition and would make a very desirable home. It is on the state highway, in the centre of the town, facing the square, sets well back from the road, with a large lawn in front. It has town water, electric lights may be had if desired; electric cars pass the place and there is good steam car service to Boston. The barn is large; there is a good carriage house and some fruit trees.

Lot 2. Consists of 1½ acres of land, more or less, on the Dunstable road, in the centre of the town, just beyond the meeting house adjoining the homestead property.

Lot 3. Consists of a six-acre lot of hay land on the Dunstable road, on the border of Flint's pond, directly opposite the homestead property. This is a good piece of tillable land.

The household furniture consists of many antique pieces of mahogany furniture, swing-top table, tip top table, sewing table, spinning wheels and reels, old-fashioned pictures, hand-worked pictures in worsted yarns, parlor suite, mahogany framed mirror, lot of books, chamber suites, extra dressers, rocking chairs, bric-a-brac, whatnots, fire irons, lot of china, kitchen and parlor stoves, old trunks and many pieces of furniture that space will not allow mentioning.

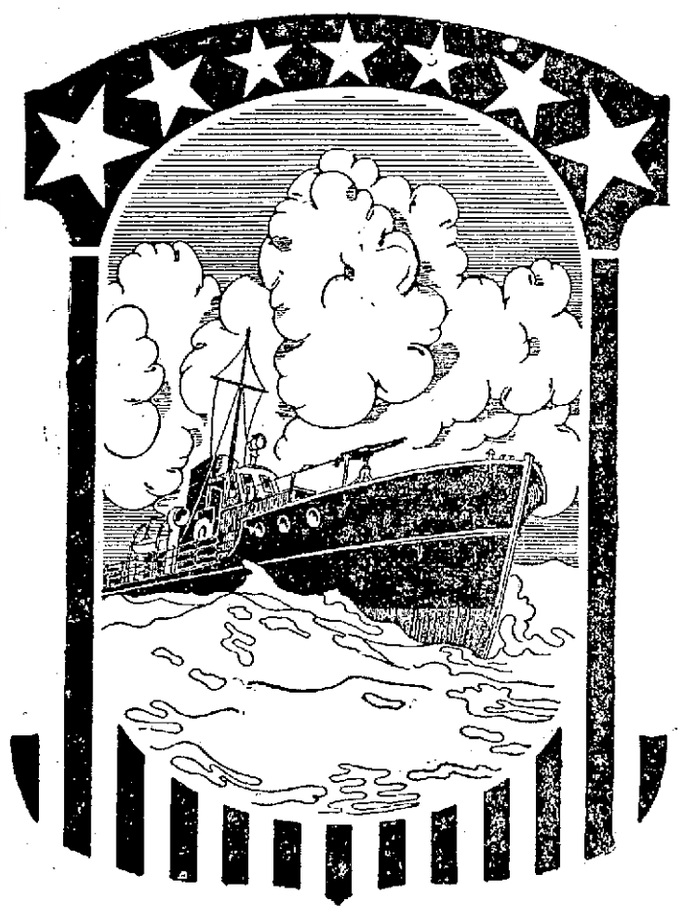

The furniture will be sold commencing at 10 a. m. The real estate will be sold at 3 p. m. The house will be open for inspection Tuesday, Oct. 30 and Wednesday, Oct. 31.

Terms of sale: $500 must be paid as a deposit on the homstead, $200 on lot No. 2, and $200 on lot No. 3, as soon as sold. All personal property, cash. Other terms at sale. Per order
W. A. BARRY, Administrator.

Can you find seven faces in this Picture?
READ THIS CAREFULLY

Trace the outline of the faces on this or a separate piece of paper. Number them, 1, 2, 3, etc. Mail or bring answers to our store. Costs you nothing to try. You may win one of the large prizes. Remember, you must find at least 7 of the 10 faces in the picture, and anyone answering this puzzle will get something. You can use this or other material if you desire. To the 16 neatest, correct and artistic solutions will be given absolutely free the 16 prizes in the order named. Remember that neatness and artisticness will be taken into consideration by the judges, as well as correctness. Only those living in New England are eligible and only one answer from one household. Winners will be notified by mail. All answers must be in our hands not later than Nov. 3, 1917. Mail or bring answers to our piano store.

ARE YOU HELPING
THE UNITED STATES WIN THE WAR?

You can help fight in the trenches---or you can help fight by buying a LIBERTY BOND. Your part, your duty, is to fight or pay. Every dollar you give may help save one of our soldier's lives. Uncle Sam does not ask you to give your money, he only asks that you lend it at a good rate of interest.

Buying a LIBERTY BOND is not merely a patriotic act, it is a wise, far-seeing, profitable investment. It is better than hoarding gold because it is as good as gold and draws interest. It is the best investment in the world and NOW is the time to buy.

MEATLESS DAYS IN HOTEL AND RESTAURANT

Two meatless days each week are in order in Lowell. Hotel dining rooms and restaurants bear placards announcing that Tuesday and Friday are fishdays and that no meat will be served. The notices are signed by Food Administrator Henry B. Endicott. "Please do not call for meat," is the request appearing on the placard.

The hotel and restaurant men have received a number of circulars from Frank C. Hall, chairman of the committee for hotels, restaurants, clubs, and steamboats, for Massachusetts, and all of them are taking kindly to the requests contained therein. In other words they are all anxious to do their bit along the line of food conservation as systematically laid down by the authorities and there is no doubt but what great results will be accomplished.

There is some keen philosophy and good arguments contained in the literature having to do with food conser-

DYS-PEP-LETS SWEETEN SOUR STOMACH

Aid digestion, stop belching, relieve heartburn, nausea, seasickness; also sleeplessness from indigestion. Their ingredients are the most effective remedies for these troubles.

The best advise that can be given the ordinary sufferer from indigestion is to take a Dys-pep-let or two after eating. The experience of a large and rapidly growing number of truly grateful people confirms our confidence in its soundness. Of course you should always eat slowly and chew your food thoroughly.

Dys-pep-lets are put up in three sizes, 10c, 25c and $1.

DRAFT BOARDS URGED TO ROUND UP SLACKERS

BOSTON, Oct. 27.—Local draft boards were urged to use every effort to round up men who have not responded to the draft summons in a letter sent out today by Col. Thomas D. Barroll in charge of the mobilization of the National Army. Assistance of the police and other officials should be enlisted to make them answer, Col. Barroll declared, pointing out that to let these men escape their duty would be an injustice to men further down the draft list.

COMMISSIONER BROWN PROMOTES FIREMEN

Commissioner George H. Brown of the fire and water department, has created four new positions, those of second lieutenant, which will go into effect Monday morning and the lucky firemen are Willis S. Holt, P. F. Mooney, Harold L. Foster and T. H. Welch.

Willis S. Holt, who is located at Truck 2 in Westford street will remain at his present location as will P. F. Mooney of Engine 1 and T. H. Welch at Hose 7. Harold L. Foster, who has been chauffeur on the protective, is transferred to Engine 2 with the rank of lieutenant.

Lieut. George Campbell of Hose 7 has been transferred to the Protective company.

NEW DRAFT REGULATIONS

WASHINGTON, Oct. 27.—Provost Marshal General Crowder formally notified the governors of states today that the proposed changes in the draft regulations, involving classification of registrants does not affect the quota which has been chosen. He also gave notice that the new regulations still are in tentative form and will not be interpreted at this time.

AMERICAN ARTILLERY OPENS FIRE ON GERMANS

General Pershing's Forces in First Line Trenches in France—Enthusiastically Welcomed By French—German Positions and Troops Shelled—Fighting Continues

WITH THE AMERICAN ARMY IN FRANCE, Oct. 27. (By The Associated Press.)—American troops are in the first line trenches on the French front. The artillery fired the first shot of the war at 6 o'clock on the morning of a recent day, at a German working party. There has been intermittent artillery fighting since.

The helmeted infantry marched in without the knowledge of the enemy, on the same night, through rain and mud. The French soldiers in the trenches welcomed them enthusiastically.

The nearest enemy trench is several hundred yards away. The sector is one of the quietest on the front. It has not been taken over, being under the control of troops under the direction of the French.

Shell Case to President Wilson

The Americans have shelled German gun positions and troops, the enemy sending back shell for shell. The first shell case will be sent to President Wilson. The case is now in the possession of Gen. Sibert. The shot was fired by a red-haired gunner as his comrades in the ranks and the assembled officers cheered. Later a luncheon in the field was attended by the American and French artilleries in celebration of the first American contact with the enemy.

French 75 Gun Used

The gun used in firing the first shot was one of the famous French 75's. On the second day the French shelled a German battery position which was located by sound and the enemy replied vigorously, projectiles falling close to the Americans who joined in the artillery duel.

All the troops will be relieved after a certain period by others. Thus the American expeditionary forces are getting the benefit of actual war conditions.

Marched Up In Rain

Standing in a little, almost deserted shell-wrecked village, well within hostile gun range and a few kilometres from the trenches, The Associated Press correspondent watched the troops marchings up in a driving rain over roads covered with sticky mud. The artillery had been firing all day, and as a result the impression was given that there was considerable more activity on this front than there had been for some time.

It was soon after lulls in the firing and in the dark that the first machine guns hauled by Missouri mules, the drivers swathed in ponchos and with shrapnel helmets over their eyes, came up on the road beside a dark canal. There was a long line of these, and then came some infantry, rolling kitchens giving off a savory odor of warm food.

All passed in silence. The last gun carriage had sprawled on it the form of a soldier who had been taken ill and who was being held on by two of his walking comrades.

Through another street paved with cobbles and its sides lines with gaunt skeletons of shell-wrecked houses came the sound of the tread of many

FIRST OFFICIAL WAR REPORT FROM U. S. HEADQUARTERS

WITH THE AMERICAN ARMY IN FRANCE, Oct. 27.—(By The Associated Press).—Following is the first official statement issued from the American headquarters:

"In continuation of their training as a nucleus for instruction later a contingent of some battalions of our first contingents, in association with veteran French battalions, are in the first line trenches of a quiet sector of the French front. They are supported by some batteries of our artillery in association with veteran French batteries.

"The sector remains normal. Our men have adapted themselves to actual trench conditions in the most satisfactory manner."

PLANS FOR SECOND RED TRIANGLE CAMPAIGN

An enthusiastic meeting of a score or more Lowell men representative of the financial interests of the city was held this morning in the directors' room of the Union National bank. The object of the meeting was to make preliminary plans for the coming Red Triangle campaign to be waged in Lowell from Nov. 10 to 19.

A skeleton organization was perfected this morning to handle the campaign, although the personnel of the workers was not decided upon. The city is to be divided into ten divisions which will be lettered alphabetically from A to J. There will be five teams in each division and five men on each team. Supervising the campaign will be a general committee of 25 members.

Otto Hockmeyer presided at this morning's meeting and he made a report of the national convention of Red Triangle workers held recently at Atlantic City. He said that the campaign in prospect is to be waged to allow the extension of Red Triangle work into Italy and Russia as well as parts of France which have not yet been covered. The quota of the country is 35 million dollars and of this Lowell must raise $150,000. The surrounding towns, 22 in number, will be called upon to furnish $50,000 so that the complete quota for Greater Lowell will be $200,000.

"This money must be raised," said Mr. Hockmeyer, "Gen. Pershing has said that one Red Triangle secretary is worth 100,000 fighting men when the ultimate value of service is considered. It is absolutely necessary that the morale of the troops be maintained and no better way of accomplishing this can be found than through the agency of the Red Triangle."

The campaign will officially open with a banquet Nov. 10.

LOWELL'S CORPORATIONS BOOST LIBERTY LOAN

Lowell passed the five million and three-quarter mark this noon in the Liberty loan campaign with every prospect of exceeding the six million mark this evening and with a possibility of approaching the seven million standard.

The final day of the campaign was marked by the expected pouring in of subscriptions from the corporations which had been held back until the last minute. It will not be until midnight this evening that all the industrial firms will have made their last report.

Among the large subscriptions reported this noon were one for $100,000 from the Tremont & Suffolk mills reported through the Union National bank, $20,000 additional from the Massachusetts cotton corporation, making a total of $170,000 for this company besides $15,350 in subscriptions from the employes of the mill; $50,000 from the Boott corporation and $54,000 from the employes. A total of $82,600 was reported through a Boston banking firm and credited to Lowell. Of this $75,000 is a subscription of a Lowell man but the bank is not able

60,000 ITALIAN TROOPS CAPTURED BY GERMANS

Grave inroads upon the Italian territory are being made by the powerful Austro-German army that broke through the Italian lines on the northern Isonzo front. Already, according to Berlin, no less than 60,000 prisoners and 450 guns have been taken by the invading forces.

Second Italian Army Defeated

The German official statement declares the second Italian army has been defeated and that almost the entire Isonzo front of the Italians, well down to the Carso, is imperilled by the Austro-German thrust.

It is semi-officially admitted in Rome that the situation is considered extremely serious with the enemy northwest of Gorizia well on the road to Cividale, which is some five miles within Italian territory, and seeking an opening to force his way through to the Italian plains. Attacks also

OFFICIALS RETICENT ON NEWS FROM ABROAD

WASHINGTON, Oct. 27.—Announcement from Gen. Pershing's headquarters that American troops were in the front line trenches in France marks the beginning of the culminating phase of the training of the American war army.

Neither Secretary Baker or any war department officials would comment upon the news from abroad. It was plainly indicated, however, that the movement was regarded simply as the final course in instruction and not the real initiation of participation by the United States troops in the war.

The fact that a quiet sector of the French line has been selected for this final training work is evidence that the actual American front will be located elsewhere.

It has been the custom of the British army to harden their new units gradually to the shock of shell fire before making them responsible for the holding of any portion of the front. The section in which the American infantry and artillery is at work is a finishing school for the military education of the men, and particularly gunners.

LIBERTY BONDS

The following Lowell Banks will be open next

Friday and Saturday Evenings From 7 to 9 O'Clock

to receive subscriptions to the 4 Per Cent. Liberty Bonds:

Buy a United States Government Bond.

The United States Treasury will pay you interest every six months.

LOWELL MAN IN FRANCE WRITES TO GOVERNOR

Special to The Sun.

STATE HOUSE, Boston, Oct. 27.—An interesting letter from the American expeditionary forces Overseas," which was written by Winfred C. MacBrayne of Lowell, formerly a member of the governor's military staff, has been received at the executive offices of the state house by Governor McCall.

No other address than "somewhere in France" is given by the Lowell soldier, and after expressing his hopes that the governor was successful over Cushing in the primaries, he writes patriotically of the spirit of the men

LIEUT. WINFRED C. MacBRAYNE

of the state and their determination to be a credit to the state of Massachusetts, regardless of the cost.

"I know that you will think of us officers and men of the American army in France and that Massachusetts will watch our contribution to the long-standing debt owed to this stricken land," he wrote. "We will with courage face the dangers which will be involved when we take our place in the firing line, remembering always that we bear the standards of the greatest nation in the world and that we represent the great state of Massachusetts.

"You may be sure, sir, that our part in this great conflict will be to the honor of our state and our distinguished governor. If I am one of those who shall return—when war is over—it is my hope that Governor McCall, in health and strength, will review victorious Massachusetts troops.

"If I do not return, may I feel that the governor's former aide-de-camp completed his country's service with honor and did his humble share in planting the flag of democracy on a firmer world basis. With best wishes, sir, I am, very truly yours.

W. C. MacBRAYNE."

From the tone of the Lowell officer's letter, those connected with the executive offices here feel that it is clearly indicated that the Massachusetts soldiers were on the eve of entering battle or are fast approaching the time when they will step into the trenches and wait for the command to "go over the top and get 'em."

MacBrayne, according to the records of the adjutant general's office, enlisted May 20, 1904, as a private in C Co., 6th regiment, and on Sept. 11, 1906, was transferred to Co. K of the same regiment. He was honorably discharged at the expiration of his service in 1907. He re-enlisted and served with that company until 1912, when he was commissioned second lieutenant and assigned to the quartermaster and commissary department, attached to the headquarters company of the regiment.

In 1917, on February 17, MacBrayne was promoted to the rank of captain and made commander-in-chief of the staff. In April he was elected first lieutenant of Battery B, 2nd regiment field artillery, and when the designation of that unit was changed to Battery F he was retained in the same rank. He entered the regular United States army service by the act of congress on May 18, 1917. HOYT.

FRENCH SENATE PASSES WAR LOAN BILL

PARIS, Oct. 27.—The senate last night passed the war loan bill unanimously as it was sent from the chamber of deputies. After the vote the minister of finance signed, with the governor of the Bank of France, a convention renewing the bank's privileges for another 25 years.

Finance Minister Klotz, in introducing the loan bill in the chamber yesterday warned the chamber that new taxation measures would be introduced into the 1918 budget as the present taxation did not appear to be sufficient to meet the interest charges on loans. He justified the rate of 4 per cent because the market for 5 per cent was loaded sufficiently with the existing twenty-seven billions.

As the last loan produced more than ten billion francs, the present loan could not be fixed at below ten billions without reflection on the credit of the country.

An amendment offered by Minister Klotz promised that the expense of the issue should be added to the treasury's expenses. The amendment was dropped by a vote of 377 to 119. Another amendment proposing that the cost of advertising alone be submitted to the economic committee of the chamber was withdrawn. Minister Klotz said all editorial articles advocating the loan would be written without payment.

CHINESE MINISTER OF FINANCE EXTENDS CURRENCY AGREEMENT

PEKING, Oct. 26.—Representations of the American, British and French ministers here that their countries be allowed to continue their interest in currency reform in China have caused Liang Chi-Chao, the minister of finance, to extend the currency agreement of April 15, 1911, until April 14, 1918. This action gives the United States, Great Britain and France, the original parties to the agreement, the right to negotiate a currency loan during the next six months and to admit Russia and Japan if they so desire.

THE STOCK MARKET

NEW YORK, Oct. 27.—Trading in stocks during today's short session was attended by many substantial advances Shippings led the entire list, Marine preferred gaining over 6 points. Prominent rails rose 1 to 2 points, steels, coppers and related equipments, 1 to 3, and oils and sugars about as much. The few weak issues included Brooklyn Transit, which dropped 2½ points to the new minimum of 50½ and Pittsburg, Cincinnati, Chicago and St. Louis, which lost 7¾ points on a single sale. The closing was strong. Sales approximated 350,000 shares. Liberty bonds were firm at 99.92 to 99.94.

Cotton Futures

NEW YORK, Oct. 27.—Cotton futures opened easy. December, 27.56; January, 26.80 to 26.60; March, 26.35; May, 26.15; July, 25.98.

Futures closed steady. December, 27.28; January, 26.67; March, 26.32; May, 26.06; July, 25.90. Spot, quiet; middling, 28.60.

TRAIN ROBBER TAKEN IN SHACK IN WORCESTER

WORCESTER, Oct. 27.—Worcester Police Inspectors Brady and Thayer and Policemen Conway, Henry and Strozini yesterday arrested Felix Peloquin, alias Joe Peloquin, charged with being a fugitive from justice. He and his brother, Peter, who is still at large, are charged with the robbery of an Adams express car in the Chicago freight yards on June 17 of nearly $23,000 in bank notes, gold and currency.

It was learned that the Peloquins lived in Worcester about ten years ago, and would probably come back here. He arrived in Worcester last night and the detectives traced him to a shack in Mullbury.

When the police went to the shack yesterday afternoon Inspectors Brady and Thayer went to the door while the three policemen surrounded the place. When Peloquin saw the men he rushed to the cellar, kicked out a bulkhead and tried to make for the woods, but was overpowered. He had a loaded revolver on his person. His wife and a small child, who were in the shack, went to police headquarters, but left after he was placed in a cell. He will be held pending advices from the Chicago authorities.

Late last night Peloquin admitted the entire robbery.

He said he and his brother, together with the Adams Express company agent, Burgess, who later turned state's evidence, planned the robbery. Burgess gave the combination on the safe to the brothers and also the time that the money was coming through. They boarded the car, tied up the two messengers and took the money. He said he received $2000 and gave $2000 more to his sister-in-law, who turned it over to the authorities.

He said his brother received $2650 and that the rest of it had been buried in Chicago, but that some one had dug it up.

TELLS OF THRILLS IN GOING OVER TOP

ATTLEBORO, Oct. 27.—Thomas Tuffley of this city received yesterday a letter from Lahan Hill, who is serving in the British army, having enlisted with a Canadian troop a year ago. Hill writes in part:

"I am still in the land of the living although the old Fritzies have had a good many tries to land me in Kingdom Come. They nearly were successful in their last attempt. I have seen some pretty hot fighting since I came to France, but I had more thrills the last few hours I was in the line than I had in all the other months put together.

"We went over the top Aug. 15 at daybreak, capturing one of the Fritz' strongholds, a hill he had held for over two years, and also captured three villages and made a generous advance of a mile.

"The going over was glorious, for talk about thrills, looping the loop at Coney Island wasn't in it, but, believe me, the holding of the captured position was a different thing. I was in the line 42 hours, and during that time they made 10 counter-attacks. They sent over everything they had—gas, fire, gas shell, and last, but not least, their blooming iron foundries.

"I got hit early in the morning but the wound was not bad enough to make me quit. Toward evening the next day my leg got hit and I had to quit. For three days I had scarcely anything to eat, and as for sleep, I hadn't closed my eyes from Monday night until Friday morning, so you see it is no Sunday school picnic. But we don't worry. We just keep on smiling. We are winning and that is everything.

"I was in the hospital in France six weeks and about 10 days ago I was sent to England. I am still in bed on account of trench fever, my wounds having healed."

RED CROSS AIDED THE ANTILLES SURVIVORS

WASHINGTON, Oct. 27.—Prompt aid was given by the American Red Cross in France to 170 survivors of the army transport Antilles, torpedoed and sunk Oct. 17 with the loss of sixty-seven lives. Cable reports to the headquarters here say today that besides attending to those suffering from wounds and exposure, the Red Cross furnished money and clothing to destitute survivors.

"After being three hours either in the water or on the wet upper side of life rafts," says the report, "the survivors were landed at a port in France. As soon as news of their arrival was received in Paris, a representative of the Red Cross provided with ample funds was despatched to this port to give all possible aid in the sudden emergency.

"As the transport was under charter to the American government, the members of the crew were in government employ; therefore an amount sufficient for a week's wage for all of them was at once advanced. The Red Cross representative also attended immediately to the matter of communicating to the families of the survivors in America that they were safe and well.

"In addition to aiding these men, the Red Cross was able to give funds and clothing to a number of junior army officers who had been unable to save anything in the hasty abandonment of the sinking vessel. For those of the army officers who could not receive donations the Red Cross cashed personal checks."

HARD FIGHTING ON THE YPRES FRONT

BRITISH FRONT IN BELGIUM, Oct. 27. (By The Associated Press.)—Polderhoek chateau, on the Ypres front, which the British entered yesterday, was in the hands of the Germans today. Hard fighting is continuing.

The terrible condition of the ground prevented as much of an advance yesterday as was desired. Nevertheless the main purpose of the attack—occupation of the Bellevue spur—was achieved.

The Canadians today are digging in across the neck of the Bellevue spur west of Passchendaele, the dominating vital position.

Yesterday the Canadians were compelled by a counter attack to relinquish some captured ground on the crest of the spur, but they fought their way back, resisting another counter attack last night.

LONDON, Oct. 27.—British troops have made further progress west of Passchendaele, east of Ypres, says the official statement from Field Marshal Haig today. Two strong German counter-attacks were repulsed during the night, and the ground gained yesterday was consolidated.

LOWELL BOYS IN THE WAR ZONE

Private Raymond Dowd, who left The Sun composing room to enlist with Co. C shortly after the declaration of war, but who was later transferred to the military police, has arrived in France. He has written to his parents here that he landed safely, after an uneventful trip. While many of the boys were seasick, he says that he was fortunate enough to escape.

Private William Hey, who enlisted in the same company with Private Dowd, but who was later transferred to the old Fifth, has notified his family here that he has safely arrived at a European port. Both Privates Hey and Dowd are members of the Mathew Temperance Institute, and were members of Co. C's "Cold water squad," before the ranks of the old Sixth were depleted by transfers.

Privates George Cunningham and Robert Doherty of Lowell were also among those who arrived on the same ship with Private Dowd.

26,750 TONS OF SUGAR RELEASED

NEW YORK, Oct. 27.—Negotiations for the release of sugar stored in this vicinity and owned and paid for by foreign countries have been completed and 26,750 tons have been put on the market to relieve the shortage, it was announced today by George M. Rolph, chief of the sugar division of the federal food administration.

Negotiations for the release of 16,500 more tons are under way.

ITALIANS REPORT AUSTRO-GERMAN ADVANCE HELD IN CHECK

ITALIAN ARMY HEADQUARTERS, Oct. 26.—(By The Associated Press.)—The military situation late tonight is summed up by army officers as follows:

"The Austro-German advance still is held in check in the passes west of the Isonzo river leading to the Venetian plain, but the gravity of the conditions caused by the enormous forces of the enemy has led the supreme command of the Italian army to adopt precautionary measures.

Gen. Cadorna, the Italian commander-in-chief, announced that in consequence of the retirement of the Italians to the former frontier line further arrangements are now being made for falling back from the Bainsizza back to Cabaun.

WAR CROSSES FOR YALE MEN

PARIS, Oct. 27.—War crosses have been awarded to Paul H. Ballou and Roderick F. Harrison, jr., for transporting wounded men under violent bombardment. Both are Yale men. Mr. Harrison is from Montclair, N. J.

FIREMEN ARE PATRIOTIC

The members of the Lowell Permanent Firemen's association have subscribed $500 towards the Liberty loan loan.

EMPEROR CHARLES HEADS TROOPS ON ITALIANS

BERLIN, Oct. 27., via London.—Sixty thousand Italians have been taken prisoner by the Austro-German forces in their offensive on the Italian front, army headquarters announced today. Guns to the number of 450 have been captured.

The mountain ridge of Stol has been captured from the Italians as also has the summit of Mount Matajur, says the official announcement.

The statement claims the defeat of the second Italian army and that the Isonzo front of the Italians is imperilled as far as Wippach.

On the Carso front the Italians are maintaining their positions.

Emperor Charles of Austria-Hungary is commanding the attacking Austro-German army which, the statement says, is pressing toward the Italian plain through the spurs of the Julian Alps.

FRANCIS EARLY KILLED BY TRAIN TODAY

Francis M. Early, aged 41 years, and residing at 228 Cross street, was struck and instantly killed on what is known as the "Red bridge," about 7 o'clock this morning, by the train which left Lowell for Ayer at 6.55 o'clock. The body of the man was terribly mangled. The engineer of the train stopped after striking Early, but upon finding that life was extinct, continued on his way. The railroad officials and police were notified and later the body was taken to the funeral parlors of Undertakers James F. O'Donnell and Sons, but subsequently was removed to the funeral parlors of Charles H. Molloy's Sons at 343 Market street.

Early was walking along the track in order to make a "short cut" to his work at the Lamson Co., in Walker street. He was walking along the north bound track when the train approached and whether he heard the whistle or was confused by the sound of the approaching train is not known, but the pilot of the engine struck him and carried him along for a distance of about 25 feet.

The "Red bridge" is a railroad bridge over the canal between School and Walker street, and is frequently used by people going to and from work to places in that vicinity. It is understood that when Early left his home in Cross street this morning he was a little late and took the railroad route. He was alone at the time and when he had reached a place adjacent to where the entrance to the Lamson Co. is located he was struck by the approaching train.

When picked up it was found that his head was crushed, the bones of his back and shoulders were broken and the lower limbs were lacerated.

The deceased had been employed in the storehouse of the Lamson Co. for a short time. He is survived by a father and mother, Frank A. and Eva Early; one brother, James A. Early; four sisters, Mrs. John Buckley, Mrs. Michael O'Brien, Mrs. William McCormack and Mrs. William J. Mitchell.

MEN NEEDED FOR THE 23RD ENGINEERS' REGIMENT IN FRANCE

WASHINGTON, Oct. 27.—Although recruiting of the 23rd engineers' regiment, National army for immediate service in France to build roads and bridges for the American expeditionary forces under Gen. Pershing, has been proceeding rapidly, Col. E. N. Johnston, its commander, said today that there was still need of men, boat builders, quarry men, riggers, derrick men, water supply engineers and other men above or below draft age, qualified in the engineer branch. He is receiving applications for enlistment by mail and telegraph.

If you want to buy, sell or exchange anything try a Sun want adv.

WALK ERECT AT EIGHTY

Because a man or woman is old does not mean that they must walk along bent over and supported with a cane. A man can be as vigorous and healthy at eighty as at twenty if he aids the organs of the body in performing their functions.

All diseases whether of a malignant or weak character tend to tear away our vitality. You must counteract disease in its incipient stage if you would live a happy and useful long life.

GOLD MEDAL Haarlem Oil Capsules, a 200-year old preparation that is used all over the world, contains soothing oils combined with strength-giving and system-cleaning herbs. These capsules are a prescription and have been and are still being used by physicians in daily practice. They have proven their merit in relieving backache, kidney and bladder complaints and all ailments arising from an excess of uric acid in the system.

GOLD MEDAL Haarlem Oil Capsules are sold at all reliable druggists. They are guaranteed to do everything as claimed or money refunded. Don't be misled by false imitations. Look for GOLD MEDAL on every box.

PUMPKINS FOR A JACK-O'-LANTERN JUBILEE

PRANKS AND GAMES TO ENLIVEN YOUR JACK-O'-LANTERN FETE

The Jack-o'-Lantern jubilee is but a new name for the familiar Halloween frolic, with some new wrinkles in the way of decorations and amusements. Jack-o'-Lanterns in every form should predominate in the decorations. If the hint contained in the invitations be accepted each guest will bring a "Jack" of his own, and on arriving the first stunt should be a goblin parade, each white-swathed goblin wearing his "Jack" a-top of his head. After the march and the first stunt the pumpkin lanterns may be set about the house in dark corners and add their broad grins to the decorations already prepared by the hostess. Besides the Jack-o'-Lantern which should be used profusely, corn shocks and autumn leaves make the simplest and most effective decorations.

All electric lights should be dimmed by deep orange or green crepe paper shades, yellow producing the most becoming light, and green the ghastly hue of mystery.

If there is a fortune-teller's booth it should be lightly built of cornstalks arranged in a secluded corner and dimly lighted by a green shaded light. Cats, and bats cut out of black paper should adorn the walls, and the fortune teller herself should wear a flowing black robe and a gray wig.

In the dining room the decorations should be pretty rather than mysterious. A huge hollowed pumpkin, overflowing with fruit and set in a thick bed of red and yellow autumn leaves, is a good centerpiece.

APPLE PLAYS PROMINENT PART

As the guests for the Jack-o-Lantern jubilee arrive each accompanied by his or her lighted "Jack," a ghost with two or three raw oysters firmly fastened inside its gloved hands, greets each and asks them to wait in silence in the dimly lighted hall or parlor. When all are assembled the ghost whispers to each in turn an invitation to take a ghost walk on which he or she will meet the "Jack" or Jack-o-Lantern queen of the heart. Each is led down a short, dark passage at the end of which he or she is firmly seized and embraced by a carefully masked ghost who whispers sentimentally "We'll meet again!" at the same time pushing into a woman's hand a "Jack" from a deck of cards, and giving the men a "Queen." The embarrassed guest is then led into the well lighted and decorated room where the real games of the evening are to be played and from there he may watch the blushing entrance of other victims. After this stunt, all the "Jack-o-Lanterns" brought by the guests are submitted to a general inspection and a prize given to the one whose "features" display the best grin. The prize is a paper "Jack" filled with candy.

Then follows a Jack-o'-Lantern pie contest in which each guest is required to write a good recipe for pumpkin pie on the card which is handed him. The best cook in the party then acts as judge and a prize, a large pumpkin pie, is awarded for the best recipe, while a small tart of pumpkin mixed with sawdust or bran is inflicted for the worst or most ridiculous. Consolation prizes of individual pumpkin tarts are then given to the guests and while these are eaten the hostess explains that her idea in asking each to bring his own Jack was to collect enough pumpkins to furnish the local hospitals or orphans' homes with pumpkin pies all winter. If she cares to, the hostess may donate a supply of sugar and spice to accompany the pumpkins on their jolly mission of cheer. This is an idea for a church or school society which wishes to do its bit for the local charities.

A Jack-o-Lantern seed battle is next introduced, in which the company is divided into teams of three or five, and in as many groups as convenient. Large pie-tins, lined with brown paper and marked to represent a pie, and with a bit of cardboard set so as to divide the tin in halves, are placed on the floor, the teams choose sides, and each is provided with a bowl of pumpkin seeds, damp and very slick. Each member of the team in turn tries to snap or shoot the slippery seeds into the side of the pan chosen by his team standing five feet away, the battle raging for five minutes. The team having shot the most seeds into the pie may be rewarded with a plate of fudge, while the losing team receives a plate of rather green persimmons or sour apples and is considered under forfeit to eat the bitter fruit and then perform a whistling chorus.

After the seed battle a Jack-o-Lantern contest is held in which each guest is given a rosy apple and a fruit knife and directed to carve a grinning Jack on one apple cheek and a gloomy Jack on the other. The best grinning face wins a huge ginger cookie with a wide currant grin—and the sorry face draws a toy black cat.

The usual Halloween games should not be neglected, the apple paring test, ducking for apples, naming chestnuts to be roasted before the fire. In the saucer "test of fate" three saucers, one empty, one filled with clear water and one with muddy water, indicate celibacy, happy marriage and troubled marriage, when touched by the finger of the blindfolded seeker of knowledge.

Halloween fun is not complete without the magical Halloween apple the parings of which, if thrown over the left shoulder as the clock strikes the hour of 12, will form the initial of the future bride or groom of the person most interested.

The hostess will plan a full evening of games and contests, reserving the services of a good fortune teller for late in the evening and serving supper between 11 and midnight—with a realistic spook to enter, just as the clock chimes midnight—to predict. In a nonsense rhyme—great matrimonial luck for all present.

TERRIBLE CRISIS ON THE ISONZO FRONT

LONDON, Oct. 27.—The Austro-German blow on the Isonzo is featured by the morning newspapers rather anxiously. News despatches disclose that Field Marshal von Mackensen is in command of the enemy forces. A British correspondent on the Italian front in a telegram under Wednesday's date, says:

"This is going to be one of those terrible crisis when each side stakes all upon the throw and when thousands of men are strained to the limit of exhaustion for a decision whose effects will reach far beyond the battlefield and modify the whole course of the war. Italy is about to meet single handed almost the entire Austrian army and to bear alone the burdens she hitherto has shared with the Russians. It is known that at least ten German divisions are waiting behind the enemy front and that the number of newly arrived Austrian divisions is even greater."

Subsequent despatches confirming the violence of von Mackensen's onslaught, taken with the Italian and German official statements, cause commentators here to treat the situation very seriously. The Times sees the news from all other theatres eclipsed and reads grave warnings in the despatches from the Italian front.

"The immediate military possibilities of the Austro-German offensive," it says, "are of a character which the allies must instantly take into account. An extensive invasion of Italy at this juncture would affect the whole allied cause. In that spirit measures must be taken should the necessity arise."

The Morning Post says the situation evidently is critical and that the British nation must realize that fresh efforts and fresh sacrifices are necessary. The Daily News thinks that all the gains made in Italy's summer campaign are in jeopardy and fears that it is an evil omen that the period of military tension coincides with the political crisis in Italy.

On the other hand, the Times thinks that the menace of invasion has strengthened the parties in Italy who criticised the Boselli government for lack of vigor in conducting the war and that the Austro-German onslaught will have an effect in Italy contrary to that anticipated by the enemy.

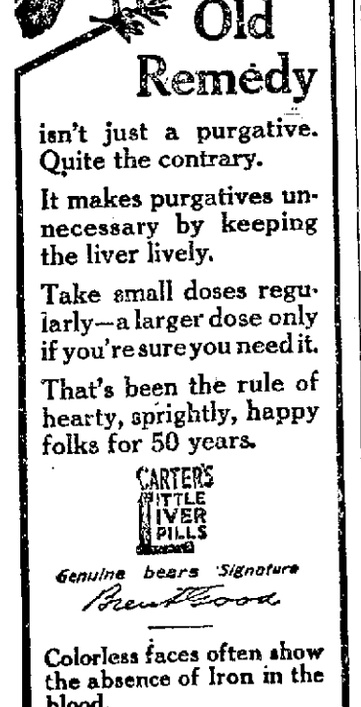

Confidence also is expressed here in Gen. Cadorna and in the Italian army, while it is hoped that Gen. Petain's success on the Aisne and the pressure in Flanders will balance matters.

"The Germans must still be strong," says the Post, "if they can deliver a great assault on the Isonzo and at the same time rest secure in Flanders."

REPORT OF BIRTHS

Oct.

1—To Mr. and Mrs. Joseph Dubinsky, of 76 Linden st., a daughter.
5—To Mr. and Mrs. Karpo Pogrebnak, of 7 Chestnut st., a daughter.
7—To Mr. and Mrs. Harnomen Sesiouvick, of 6 Watson ave., a daughter.
9—To Mr. and Mrs. Zidor Rudis, of 39 Summer st., a daughter.
To Mr. and Mrs. William O'Connell, of 6 Livermore st., a daughter.
11—To Mr. and Mrs. Costas Agaiter, of 460 Adams st., a son.
13—To Mr. and Mrs. Michalos Gabriel, of 61 Suffolk st., a daughter.
To Mr. and Mrs. Webster Ferris, of 72 Newhall st., a son.
To Mr. and Mrs. Peter Denkoumakos, of 115 Salem st., a son.
15—To Mr. and Mrs. Harry C. Bowen of 37 Canada st., a daughter.
To Mr. and Mrs. James Gaffney, of 49 Concord st., a daughter.
To Mr. and Mrs. John Tyrrell, of 38 Laurel st., a son.
16—To Mr. and Mrs. Daniel Lynch, of 650 Broadway, a son.
To Mr. and Mrs. James O'Rourke, of 92 West Sixth st., a daughter.
To Mr. and Mrs. James Nasos, of 441 Market st., a son.
To Mr. and Mrs. Francis Silva, of 354 Chelmsford st., a son.
17—To Mr. and Mrs. Harry A. Tanner, of 30 Manahan st., a daughter.
To Mr. and Mrs. George L. Doole, of 241 Moore st., a daughter.
To Mr. and Mrs. John J. Smith, of 11 South Wilder st., a daughter.
To Mr. and Mrs. Herbert Riddick, of 559 School st., a son.
18—To Mr. and Mrs. Lewis Favas, of 63 Lewis st., a son.
To Mr. and Mrs. Anton Jacktha, of 88 Common st., a daughter.
To Mr. and Mrs. Albey Pyrakis, of 359 Market st., a daughter.
To Mr. and Mrs. Howard L. Williams, of 37 Greendale ave., a son.
19—To Mr. and Mrs. George Moran, of 467 Middlesex st., a daughter.
To Mr. and Mrs. Henry E. Deering, of 2 Mt. Pleasant st., a son.
To Mr. and Mrs. Albert Roux, of 1024 Gorham st., a son.
To Mr. and Mrs. Omer Desmarais, of 21 Hancock ave., a daughter.
To Mr. and Mrs. Samuel H. Silcox, of 237 White st., a daughter.
20—To Mr. and Mrs. Peter Karavorlias, of 451 Adams st., a son, and a daughter, twins.
To Mr. and Mrs. John Broderick, of 70 Chapel st., a daughter.
21—To Mr. and Mrs. Carl Christianson of 87 Weed st., a daughter.
To Mr. and Mrs. Hector Brown, of 19 Olive st., a daughter.
To Mr. and Mrs. Edmond Tremblay, of 44 Lamb st., a son.
To Mr. and Mrs. Harold Hayes, of 82 Ell st., a son.
To Mr. and Mrs. Polycarp Berube, of Salem st., a son.
To Mr. and Mrs. Joseph Rosario, of 7 Ames st., a daughter.
To Mr. and Mrs. Daniel F. Leary, of 61 Mt. Pleasant st., a son.
To Mr. and Mrs. Noe Clairmont, 179 Ludlam st., a daughter.
To Mr. and Mrs. Thomas Hamel, of 28 First st., a daughter.
To Mr. and Mrs. Frank Bridges, of 131 Mt. Washington st., a son.
22—To Mr. and Mrs. Nikolaos Avehtiopoulos, of 179 Suffolk st., a son.
To Mr. and Mrs. John Cashman, of 506 Lawrence st., a son.
To Mr. and Mrs. Theophilo Texeira, of 31 Tyler st., a son.
To Mr. and Mrs. Harry Beaulieu, of 109 Cheever st., a son.
23—To Mr. and Mrs. George Rafferty, of 9 Bassett st., sons, twins.
To Mr. and Mrs. William H. Mulligan, of 9 Cedar st., a son.
To Mr. and Mrs. George H. Simpson, of 51 Wamesit st., a daughter.
To Mr. and Mrs. John J. Cassidy, of 342 Broadway, a daughter.
24—To Mr. and Mrs. Robert Cunliffe, of 82 Adams st., a son.
To Mr. and Mrs. John M. Carroll, of 67 Whitney ave., a son.
25—To Mr. and Mrs. John T. Fels, of 51 Wamesit st., a son.
To Mr. and Mrs. Raoul LeBlanch, of 7 Leverett st., a daughter.

This Good Old Remedy

isn't just a purgative. Quite the contrary.

It makes purgatives unnecessary by keeping the liver lively.

Take small doses regularly—a larger dose only if you're sure you need it.

That's been the rule of hearty, sprightly, happy folks for 50 years.

DUDLEY FIELD MALONE JOINS THE SOCIALISTS

NEW YORK, Oct. 27.—Dudley Field Malone, who resigned as collector of the port of New York because of the arrest of suffragists who were picketing the White House at Washington, has decided to support Morris Hillquit, socialist candidate for mayor, and the entire socialist municipal ticket, it was announced last night.

In a letter to Hillquit, telling him why he favored his election as mayor, Mr. Malone asserted he agreed with Gov. Whitman that "international issues are not germane to this city campaign." President Wilson and not the mayor of New York will be charged with the responsibility of handling our foreign relations during the next three years," Malone wrote. "I have always been an ardent advocate of America's preparedness and participation in the war."

Malone referred to the great joy the Russian revolution had given to the president, congress and leaders of the republican and democratic parties and the desire of the nation to "give to the masses of the Russian people a great social democracy with its revolutionary economic program."

"If this program is good for the masses of Russia," he aded, "it is just as good for the masses of the United States."

Malone declared that hundreds of thousands of working people in this city "are facing calmly the economic pressure of the war." He predicted they are going to vote for the candidate for mayor having "the purpose and the program which will mean lower rents, lower water, gas, electric light bills, street car fares with a more complete transfer system, and a program which will really provide farm lands and markets, so that the city of New York may sell foodstuffs at low prices to the workers of the five boroughs."

BRAZIL AT WAR WITH GERMANY

RIO JANEIRO, Oct. 27.—The chamber of deputies yesterday, by an almost unanimous vote, declared that a state of war existed between Germany and Brazil. The vote was 149 to 1.

President Braz has sanctioned the proclamation of a state of war with Germany.

The tribunes' chamber was filled to capacity. After a debate on the opportuneness of proclaiming martial law, the president of the diplomatic commission spoke in favor of a law worded as follows:

"A state of war between Brazil and Germany is hereby acknowledged and proclaimed. The president of the republic is authorized to adopt the measures enunciated in his message of the 25th of October, and to take all steps tending to ensure national defence and public security."

The virtually unanimous vote of the deputies was received with general acclamation.

The senate unanimously approved the proclamation of a state of war with Germany.

According to the newspapers, torpedo boat destroyers have received orders to proceed to Bahia and take possession of the German gunboat Eber, which has been lying there for some time.

The Eber is a vessel of 984 tons. She is 203 feet long and has a draught of nine feet, eight inches. She has a complement of 125 men.

MOVE TO SAFEGUARD HEALTH OF SOLDIERS AND SAILORS AT NEWPORT, R. I.

NEWPORT, R. I., Oct. 27.—The board of health of this city has invited the federal public health service to detail a medical officer as sanitary adviser to the board for the duration of the war. The board also has asked the co-operation of the state board of health in its efforts to do everything possible to safeguard the health of soldiers and sailors quartered here.

THE REV. ISAAC MORGAN ATWOOD, AGED 80, UNIVERSALIST MINISTER, DEAD

WASHINGTON, Oct. 27.—The Rev Isaac Morgan Atwood, aged 80, prominent Universalist minister, educator and editor, died here last night of natural causes.

Born at Pembroke, N. Y., and educated at Yale, Mr. Atwood was ordained in 1861 and held pastorates in New York and New England. In recent years he was professor at St. Lawrence university and editor of various religious publications.

CIVIL SERVICE EXAMS

The United States civil service commission announces competitive examinations to be held as follows:

Assistant ship draftsman, navy yard service, salary, $2.40 to $4.48 per diem.

Nov. 20—Special agent in educational community organization, (male), salary, $1800 per annum.

Nov. 21.—Physical laboratory helper, (male), salary, $600 to $840 per annum.

TONIGHT AT ASSOCIATE

A very pleasant dance will be given this evening at Associate hall. In addition to the dancing number, those who attend will be delightfully entertained with the novelty selections of the Jazz band of Boston which has been secured to contribute to the good time of those who attend this evening. Prices are: Ladies, 15 cents; gentlemen, 25 cents.

MANSFIELD FOR 5 CENT FARE

BOSTON, Oct. 27.—Frederick W. Mansfield, candidate for governor on the democratic ticket, declared last evening in rallies at Cambridge, Somerville and Everett that Governor McCall had failed to take action in reducing the cost of food in Massachusetts. He also scored the governor's stand on the six-cent fare issue, saying that the governor favored the raising of street railway fares, regardless of the effect upon the travelling public.

Mr. Mansfield accused Governor McCall of a political trick during the last days of the last legislature, when he alleged that the governor sent a special message to the house advocating giving the public service commission the right to fix fares for the Boston Elevated.

"This would have meant the cancellation of the contract the Elevated has with the people," he said. "The contract, which has five years to run, reads that the Elevated shall not raise fares for 25 years.

"In the excitement of the mock session, the bill was passed, and not until Col. John H. Sherburn of Brookline, a republican, examined the governor's message did the full force of the political trick strike the representatives. They hastily reconsidered their action and sent the whole matter to a special commission.

"This message was nothing more or less than a midnight raid, intended to be passed when the legislature was not looking, and it would have meant the raising of fares to six cents. It was not an honorable way for the governor to attempt to legislate for the benefit of these roads.

"I realize that stockholders in street railways and steam railroads, too, deserve and ought to have a fair return for their money, and some constructive legislation must be devised whereby they can receive this and at the same time keep the fares down to the travelling public.

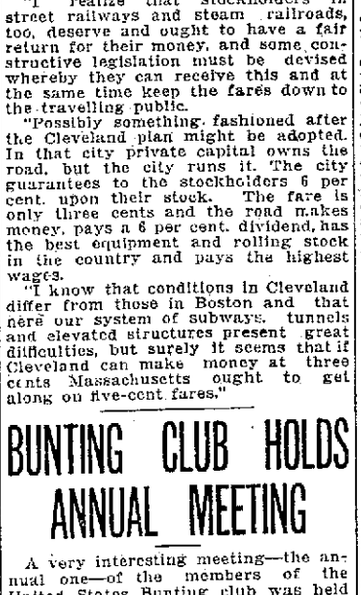

"Possibly something fashioned after the Cleveland plan might be adopted. In that city private capital owns the road, but the city runs it. The city guarantees to the stockholders 6 per cent. upon their stock. The fare is only three cents and the road makes money, pays a 6 per cent. dividend, has the best equipment and rolling stock in the country and pays the highest wages.

"I know that conditions in Cleveland differ from those in Boston and that here our system of subways, tunnels and elevated structures present great difficulties, but surely it seems that if Cleveland can make money at three cents Massachusetts ought to get along on five-cent fares."

BUNTING CLUB HOLDS ANNUAL MEETING

A very interesting meeting—the annual one—of the members of the United States Bunting club was held last evening in the quarters of the Club Citoyens-Americains in Middle street, with a large attendance. In the course of the evening considerable business was transacted and reports of the various officers, which showed the organization to be in a very prosperous condition, were read and accepted.

A feature of the meeting was the

FREDERICK G. HUMPHRISS

election of offices, which resulted as follows: Frederick G. Humphriss, president, (re-elected); John P. Anson, vice president; George Emsley, recording secretary, (re-elected); Harry Short, financial secretary, (re-elected); George Ingalls, treasurer; Charles D. Rodgers, auditor for three years; Francis Collinge, trustee for three years; John Burt, John W. Foster, William McShane and John Poole, directors for one year. The out-going directors, Samuel Nichol, Thomas E. Wilde, Alfred Chapman and William Gath, were extended a vote of thanks and appreciation for services rendered the club during their term of office.

President Humphriss' Address

In the course of the evening President Humphriss spoke interestingly to the members, reviewing the work of the organization during the past year, his address being in part, as follows:

The close of the year brings us to a point in the history of the Bunting club when your officers must again give an account of their stewardship. Another year has come in the ceaseless round of the ages, and as we stand on the threshold we pause for a moment to wonder what the coming year may have in store for us, and the thought comes to us as to how we may make the new year more profitable and productive than the year now drawing to a close.

No one can deny but what the Bunting club has made great progress during the year. The board of management for the year 1917 has set a pace for other succeeding boards to follow. This year saw the beginning of a movement to pay off our floating debt, and the success of such an enterprise by reducing our floating debt nearly one-half is a cause for congratulation in which the humblest member must share. Credit for this should not be withheld, and I believe there is not a member present here tonight, but what will be fair-minded enough to say that the work of the outgoing board of directors speaks for itself when they hear the financial report of the treasurer.

As president, I have given considerable thought to matters and things pertaining to the affairs of this club, and believe this an opportune time to give expression to them.

During many years of experience, I realize that the success of such an organization as ours depends upon the loyalty of the individual members, and that good team work is an important factor in keeping alive that enthusiasm necessary for our continued activity. The social feature of our club is a reserve that can never be estimated in figures, nor will it be found among the ledger assets of our society. It is an asset that can never be capitalized or supplanted by money. It is the enemy of none and the friend of all. It holds clubs and societies such as ours together; brings new members and extends an opportunity for social intercourse and intellectual development.

The question then arises, Do we have enough social activities in our club rooms?

Every thoughtful chairman of house committee or entertainment committee that has regard for the true welfare of our club has this problem to meet: How to make the clubroom most entertaining and alluring. The wide variety of clean, pure, solid fun open to us gives us opportunities to plan most enjoyable events. The amusement for one evening will suggest something for the next. We have had several social events during the year, our annual banquet and concert and ball were successful in every way and were enjoyed by all who attended. The visitations of the members of the C.M.A.C., the Arlington club of Lawrence and the French-American Citizens' club of Lowell were social events which pleased the entire membership and created new and lasting friendships between members of the social clubs of Lawrence and Lowell.

New Members

During the year we have admitted many new members, and I recommend that the same inducements be offered this year to get new members as were offered last year. If every member would make a resolution tonight to bring in at least one new member before the first of May, the club would be able to pay off the entire floating debt. We have a good club and there is no reason why every member should not go out and say a good word for the club and get a new member.

The question which every member should ask himself tonight is, What have I done towards the success of the Bunting club in the past? Have I done my share and, if not, what can I do in the future for the success of the club? The future of the club rests in the hands of the individual members. The officers may be doing all in their power but they cannot do it alone. They expect and should receive the hearty co-operation of every member.

Now, then, is the time to get busy. Now is the time we should realize that if we are to do anything to help our organization we must begin at once. We cannot stand still,—we are advancing or retreating—and the club is what we make it.

Deceased Members

I take the opportunity at this time to refer to our deceased members. During the year we have lost by death some of our best members. None of us knows whether we shall be present one year from now. One year ago we had with us several well known members who have since passed to the great beyond. We know that by their death we have lost staunch supporters and advocates, and their places left vacant are hard to fill. We deeply mourn the loss of our brother-members and co-workers, and sincerely join in the sorrow of relatives, friends and associates in their deep bereavement and affliction.

In conclusion, I congratulate the members on being able to give such a good account of our stewardship. I believe it is the best in the history of the club, but with the united efforts of all our members there is no reason why at this time next year we should not be able to again come before you with still a better account of our stewardship. All that your officers and board of directors ask for is the hearty co-operation and support of the members. The maxim, "United we stand, divided we fall," can nowhere be more appropriately applied than to our club, individually and collectively. The traditional bundle of sticks has ever been a forceful lesson. Bound together, it has resisted the efforts of those who have undertaken to break them. Taken separately, the several sticks have been broken, and thus the whole bundle has been destroyed. Let us ever remember then that "In unity there is strength." I take this opportunity of thanking the officers and members of the board of directors for their support during the year closing. Our sessions have been well attended and the best of feeling and harmony have prevailed at every meeting. To the members I express my grateful thanks for the favors with which they have been pleased to honor me. I have tried to bear in mind that this club is an organization composed "Of the people, by the people, and for the people," and that the will of the majority in all cases is to prevail, but that the minority possess their equal rights. Having been called upon, much against my will, to again undertake the duties of president for another year, I enter upon these duties which mean everything of value to you, with the determination of making this year as prosperous as the one now closed. All I ask for is to give me your moral and financial support, and a board of officers and directors who will work with me in everything pertaining to the welfare of this organization. You have an election tonight. See to it that you elect men who will work unceasingly and keep a watchful eye on everything pertaining to the success and welfare of your organization. You want men of integrity, common sense, courage and experience, competent and fit to perform the duties which they will be called upon to fulfill. You want men, who when weighed in the balance will not be found wanting. You want men whom you can trust and have confidence in. Elect such men to manage your club affairs and your club is safe.

"CASCARETS" FOR HEADACHE, COLDS, LIVER, BOWELS

Enjoy life! Don't stay bilious, sick, headachy and constipated.

Get rid of bad breath, sour stomach, coated tongue, indigestion.

Get a 10-cent box now.

They're fine! Cascarets liven your liver, clean your thirty feet of bowels and sweeten your stomach. You eat one or two, like candy, before going to bed and in the morning your head is clear, tongue is clean, stomach sweet, breath right and cold gone. Get a box from your druggist and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets stop sick headache, biliousness, indigestion, bad breath and constipation.

Mothers should give a whole Cascaret to cross, bilious, sick, feverish children any time. They are harmless and never gripe or sicken.

Backache of Women

How this Woman Suffered and Was Relieved.

Fort Fairfield, Maine.—"For many months I suffered from backache caused by female troubles so I was unable to do my house work. I took treatments for it but received no help whatever. Then some of my friends asked why I did not try Lydia E. Pinkham's Vegetable Compound. I did so and my backache soon disappeared and I felt like a different woman, and now have a healthy little baby girl and do all my house work. I will always praise Lydia E. Pinkham's Vegetable Compound to women who suffer as I did."—Mrs. Alton D. Oakes, Fort Fairfield, Maine.

The Best Remedy is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Thousands of women have proved this

Why don't you try it?

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

BUNTING CLUB EMPLOYES HOLD ANNUAL PARTY

The employes of the U. S. Bunting Co. held their tenth annual dancing party in Associate hall last evening and was largely attended both by the employes and their friends. A general dance order of 20 numbers interspersed with cabaret features by well known local entertainers composed the evening's entertainment. Music was furnished by Miner-Doyle's orchestra.

The officers of the affair were:

General manager, John A. Calnin; assistant general manager, John Gleason; floor marshal, Josie Cashman; assistant floor marshal, Josie O'Donnel, Mary Tighe; chief aid, Sadie Hayden; aids, Minnie Tanson, Anna Bradley, Anna Livesey, Elizabeth Blackstock, Edith Richardson, Julia Harrington, Nellie Spillane, Alice Delaney, Frances Casey, William Hamilton, Mae Reynolds, Dolly Mills, Elizabeth Davidson, Anna Hockney, Anna Lardner, Bernard Ward, George Matthews, Frank Ogden, Dave Coleman.

JOHN A. CALNIN,
General Manager.

ACADEMY OF MUSIC

Beginning Monday and continuing throughout the week, The Geo. B. Alexander Co. will appear at the Academy of Music twice daily in some of the best musical comedy seen in this section for years.

Mr. Geo. B. Alexander, the producer and principal comedian of this company needs no introduction to the theatregoers of this city.

The lark lyrics and music are all written and composed by Mr. Alexander and are restricted to use in these productions and cannot be heard anywhere else.

The bill for the first half of the week is "Swindling Swindlers" and is guaranteed to be a cure for the blues.

Among the cast are John McDonald, Mrs. Alice Kew, Miss Marion Kerrigan, Al Fox, Miss Miriam Daylos, Mr. Geo. Estes and John H. Fuygan.

In this bill Mr. Alexander portrays his well known impersonation of the hobo in his inimitable way.

The chorus is well trained and handsomely gowned and the theatregoers of Lowell are promised a rare treat in being able to see this clever company.

SOLDIERS ENTERTAINED BY LOWELL TALENT

A number of local entertainers under the auspices of the Lowell lodge of Elks and under the immediate direction of Commissioner James E. Donnelly journeyed to the Y.M.C.A. recreation hut at Camp Devens last evening and staged a thoroughly enjoyable entertainment for the soldiers. Tommy Fall and partner, Fluney Boyle and Tom Doyle, and Gardner Brooks and partner were the principals in several boxing bouts and the musical end of the affair was looked after by Commissioner Donnelly, Walter Davis, John F. Roane, Jr., Charles Clancy, Walter Clough and the Honey Boy Four with W. P. McCarthy as accompanist.

SAFEGUARD ELEVATORS AND STOCK YARDS

WASHINGTON, Oct. 27.—In response to a warning telegraphed by Food Administrator Herbert C. Hoover of a reported conspiracy afoot in the northwest to destroy grain supplies and cattle, steps were taken to safeguard elevators and stock yards in this state.

In his telegram Mr. Hoover calls attention to the recent destruction of cattle by fire at the Kansas City stock yards and to the serious loss of grain by the burning of elevators at Brooklyn, N. Y.

ABSECON LIGHTHOUSE

WILL NOT FILL FIFTH AND EIGHTH REGIMENTS

BOSTON, Oct. 27.—The remnants of the old Fifth and Eighth regiments of the Massachusetts National Guard, now attached to the depot brigade, will not have their ranks filled from the draft army, and will in all probability lose their local character soon. It is the purpose of the war department to send the men remaining in these regiments to France as soon as possible as "surplus units," to be used by General Pershing in forming corps troops.

This information was contained in a letter received by Senator Weeks from Secretary Baker, which was made public last night. The secretary of war also informed Senator Weeks of the departure of the complete New England division under command of General Edwards. This is the first official statement of the leaving of New England troops for France. Nothing was said in the letter as to the assignment of General Sweetser when his corps reaches the war zone.

The letter to Senator Weeks follows:

"My dear Senator:

"I have your letter of the 17th instant in respect to filling to war strength the 5th and 8th regiments, Massachusetts infantry, National Guard.

"When it was decided as necessary to reorganize the National Guard divisions so as to conform to the organization recommended by General Pershing and the general staff. Instructions were given division commanders to use their judgment in the selection of troops to compose the divisions and to do all things necessary to complete the organization of the divisions for early active service abroad.

"I find that General Edwards, in the reorganization of the 26th (New England) division, utilized the Second and Ninth regiments of Massachusetts infantry in the composition of his division and transferred to the depot brigade the Fifth, Sixth and Eighth regiments of Massachusetts infantry. The necessary privates and non-commissioned officers and some junior officers were taken from the last named regiments to bring up to war strength the first two named. The division has now been completely organized and has left the United States.

"The units assigned to the depot brigade, in which are included as above stated, the Fifth and Eighth Massachusetts infantry, are regarded as surplus units, and it is contemplated to send them to General Pershing as fast as transportation is available, for use in forming corps troops and for such other duty as he may determine. Inasmuch as the use to which General Pershing will put these troops must be left to his discretion no effort will be made to fill up regiments before sending them abroad. In this connection I desire to invite your attention to the fact that, after our troops become engaged in active service in France, it will be utterly impracticable for units to retain their local character, since replacements of casualties must be made from troops at hand.

"You can readily see that it would not be possible, in case the Massachusetts troops lost heavily in an engagement, to defer the filling up of their ranks until men from Massachusetts could be obtained for that purpose.

"Had it been necessary to send to General Edwards men for the purpose of completing the organization of his division it had been decided to take these men from the quota drafted from the localities from which the regiments came. It was found, however, that but few drafted men were needed, and none of these were needed for Massachusetts infantry regiment. Very truly yours,

"Newton D. Baker, secretary of war."

GARDE SACRE-COEUR

A successful whist and social was conducted last evening in Sacred Heart hall, East Pine street, by the members of Garde Sacre-Coeur. The affair was largely attended and the receipts of the evening was very substantial. Under the direction of Lieut. Henri Guerin, a pleasing entertainment program was given and whist was played, suitable prizes being awarded the winners. In the course of the evening, Rev. J. B. A. Barette, O.M.I., chaplain of the organization, delivered a forceful appeal in favor of the Liberty bond campaign.

C.M.A.C. MEETING

At a meeting of the officers of the C.M.A.C. held last evening the following committee was appointed to make arrangements for a whist and social to be held in the near future: Louis St. Jean, chairman; Philippe Morin, secretary; Henri Barry, treasurer; George Simard, Odillon Chandonnet, Arthur Hubert, Raoul Pelletier, Aurelien Simard, Theodore Letourneau, Joseph Elf, Joseph Tremblay, Hector McDonald, Albert Hamel, Ludger Ouellette, Ernest Lemire, Joseph Gosselin, Hector Laplante, Isidore Trudel, Emile Beauchesne and A. J. Fortier.

GENERAL STRIKE OF TELEPHONE EMPLOYES IS THREATENED

BOSTON, Oct. 27.—The state board of conciliation and arbitration closed public hearings yesterday in its investigation of the differences between the Western Electric company and its Boston employes. When the session ended William H. O'Brien, director of the telephone bureau of the public service commission, who has been an interested spectator at the hearings, told the newspapermen that the situation was extremely serious, because of reports that union electrical workers in Boston and elsewhere in New England may refuse to handle material constructed or repaired by strike breakers.

James H. Vahey, attorney for the employes, called attention in his argument to the possibilities of a general strike of telephone employes.

GREAT DEMAND FOR TICKETS FOR REINALD WERRENRATH'S RECITAL, NOV. 7

Persons who intend to hear Reinald Werrenrath's recital in Colonial hall, Nov. 7, had better purchase their tickets at once, as there is a very brisk advance sale already. The mere announcement of his name as one of the soloists at a Choral society concert has always been sufficient to sell out Keith's theatre, and as the seating capacity of Colonial hall is less than half that of Keith's theatre, it is entirely probable that there will be no tickets on sale on the night of the recital. Inquiries have already been received from Lawrence and Nashua concerning the recital and a large contingent is expected to be present from both of these cities.

BRITISH OFFICERS WOUNDED

LONDON, Oct. 27.—Capt. The Hon. Arthur J. P. Howard, second son of Baroness Strathcona has been wounded. Other British officers wounded include Maj. The Hon. Edward G. French, son of Viscount French, commander of the home forces and the Earl of Dunmore.

Bright, Sears & Co.

WYMAN'S EXCHANGE

Bankers and Brokers

SECOND FLOOR

TO REACH FIVE BILLION

WASHINGTON, Oct. 27.—The Liberty loan campaign went into its final hours today with every energy of two million field workers straining to carry it past the five billion dollar mark.

"Revised official and unofficial reports today strongly indicate, the treasury department announced "that approximately $4,000,000,000 in bonds have been sold.

"Additional sales of $1,000,000,000 today, bringing the total to the highest mark hoped for, seemed not only possible but entirely probable.

"Official returns show that the twelve federal reserve banks had returns of $2,750,105,000, representing subscriptions officially reported to them when they opened their books today. Inasmuch as this total indicates only sales upon which two per cent deposits have been paid the total is well under the amount of actual sales. A margin of at least $1,000,000,000 should be given unofficial sales over the official total. The official totals follow:

"Boston $330,100,000; New York, $1,175,000,000; Philadelphia, $102,026,000; Cleveland, $526,000,000; Richmond, $114,470,000; Atlanta, $33,545,000; Chicago, $271,250,000; St. Louis, $93,844,000; Minneapolis, $100,250,000; Kansas City, $57,980,000; Dallas, $37,105,000; San Francisco, $108,535,000. Total, $2,750,105,000."

Big Parades in Boston

BOSTON, Oct. 27.—A decided military tinge was given to Boston today for the purpose of making a rousing success of the last day of the campaign to reach the $500,000,000 maximum Liberty loan quota of New England. Two separate parades of coast artillery companies were arranged for the forenoon through down-town streets, converging on the common.

"Boston's Own," the 301st regiment of the National army, came from Camp Devens to march through the business district this afternoon. At the conclusion of this parade a great demonstration was planned, to be held on the common. All the banks will remain open till midnight to receive subscriptions.

The new "Liberty Mall" on the common, designed to give a vista of the state house from Tremont street, was dedicated today, having been christened in honor of the Liberty loan.

Motor Truck "Banks"

NEW YORK, Oct. 27.—A fleet of motor truck "banks" manned by volunteers from the sub-treasury and guarded by soldiers and policemen and each carrying new Liberty bonds in denominations from $50 to $1000, were prepared to rush to any part of the city today to divert waiting lines of bond buyers at banks and stores. This emergency force will remain on duty until midnight, and banks in all sections of the city will be kept open tonight as long as there is a demand to buy or subscribe for bonds.

New York Near Maximum

NEW YORK, Oct. 27.—Subscriptions rolled in yesterday in such large volume and amount that it was impossible for the banks, trust companies and other agencies to tabulate their figures, but it was conservatively estimated that the day's "drive" had produced at least $200,000,000, thus advancing the total for the second federal reserve district up to $1,375,000,000, as against its maximum quota of $1,500,000,000.

Trading in the new Liberty loan bonds will begin on the New York stock exchange next Monday, but transactions will be limited to actual dealings.

New England's Total

BOSTON, Oct. 27.—Liberty loan subscriptions of $386,347,000 for the First Federal Reserve district were announced today after the tabulation of over-night reports from all but 102 of the banks in New England. The total includes $49,270,000 subscribed yesterday and while the district must raise more than $100,000,000 to reach the maximum, members of the general committee said there was every reason to believe that this would be in hand by midnight. The report by states:

	Oct. 27	Total
Maine	$ 1,929,000	$ 18,870,000
New Hampshire	1,299,000	12,072,000
Vermont	1,092,000	8,075,000
Rhode Island	4,042,000	35,929,000
Connecticut	5,503,000	60,554,000
Massachusetts	35,405,000	261,341,000

PLOT TO DISABLE ARMY ANIMALS AT VANCOUVER

VANCOUVER, B. C., Oct. 27.—Double guards with orders to shoot any intruders have been placed at the army post stables and other points here, owing to the discovery of evidence indicating a plot to disable army animals. Several mules were crippled within the last few weeks by the insertion of needles into their joints. These mules were so badly hurt that they were shot.

SAILOR WAS JOY RIDING IN STOLEN AUTO

Joseph P. Shay, a sailor who claims to come from the northern part of New York, and Frank L. Henry, who has a residence in Arlington, were arrested in Merrimack square by Patrolman Winn last night when they failed to stop their machine upon receiving a signal from the officer. When questioned as to having a license, neither was able to produce one and the officer took the two men to the police station, where, after being put through an examination, it was found that they had stolen the machine in Boston.

An automobile which was coming through Prescott street to Bridge street was the cause of the arrest of the two men. The car in question had the right of way, according to Patrolman Winn, who was acting as traffic officer at the time. The sailor and friend in the machine, ignored the signal of the officer and kept on going with the result that there came near being a collision between the machines.

Patrolman Winn halted the machine operated by Sailor Shay and finding that he could show no license had the latter drive the machine to the police station where it was subsequently learned that the machine had been stolen.

Shay when questioned said that he and his friend were passing through Joy street in the rear of the police station about noon yesterday and seeing the machine jumped into it and drove to Manchester, N. H. Shay was at the wheel and they were on their way back to Boston when held up by Patrolman Winn.

The Boston police were notified and it was learned that the machine belonged to H. C. Darling, who is employed by the city of Boston. He had left his machine in the rear of the state house for a short time and upon returning found that it was missing.

This noon Patrolman Wm. J. Lennard of Division 3 of Boston, and Mr Darling came to this city and returned with the prisoners who will be arraigned in one of the district courts in Boston Monday morning on a complaint charging them with larceny.

MATRIMONIAL

Thomas Ruckledge and Miss Annie Spencer were married Wednesday, the ceremony being performed at the home of Mr. and Mrs. Harry Spencer in Burton street by Rev. A. C. Archibald of the First Baptist church. The bridesmaid was Miss Elizabeth Howard, while Collin C. McCord acted as best man. After a honeymoon trip the couple will make their home in Lawrence street.

Randlett—Isherwood

Herbert Randlett and Miss Eva Isherwood were married Wednesday at the home of Mrs. Arthur Hird, 518 Princeton street by Rev. J. T. Carlyon of Newton. After an automobile wedding trip the couple will make their home in this city.

McNamara—Sullivan

One of the prettiest autumn weddings of the season took place Wednesday afternoon when Joseph J. McNamara and Miss Margaret T. Sullivan were united in marriage at the rectory of the Sacred Heart church, Rev. John P. Flynn, O.M.I., pastor, performing the ceremony. The bride looked charming in a gown of white Georgette crepe with pearl trimmings. She wore a white picture hat to match and carried a shower bouquet of lilies of the valley. She was attended by her sister, Miss Catherine Sullivan, who wore a gown of white duchess lace with silver trimmings. She wore a white picture hat and carried pink roses. Peter F. Scroghan, a nephew of the groom, acted as best man. The groom's gift to the best man was a set of gold cuff links, while the gift of the bride to the bridesmaid was an emerald ring. After the ceremony a reception was held at the bride's home, 70 Andrews street, and a wedding supper served. An elaborate display of handsome and costly wedding gifts testified to the wide popularity of the happy couple. Mr. and Mrs. McNamara left late in the evening for an extended wedding trip to New York and Philadelphia. They will be home to their friends at 70 Andrews street after Dec. 1st.

MORTALITY OF LOWELL

For the week ending Oct. 2, 1917: Population, 107,978; total deaths, 29; deaths under five, 12; infectious diseases, 1; acute lung diseases, 5; tuberculosis, 1.

Death rate, 13.37 against 15.41 and 20.22 for previous two weeks.

Infectious diseases reported: Diphtheria, 6; scarlet fever, 1; typhoid fever, 2; tuberculosis, 4. Board of Health.

REPORT OF DEATHS

For the Week Ending Oct. 27, 1917

Oct.

26—Christina C. Morse, 85, lob. pneumonia.

Stephen Flynn, City Clerk.

FOR CO. K

Continued

war strength as a measure analogous to the general rehabilitation of the Sixth regiment. The sergeant will be at the armory in Westford street every afternoon until further notice and the men who sign up may be sure of going away to camp at once. There will be no hanging around the armory.

Sergt. Hart is looking as well as ever and Lowell people who remember the excellent work which he did in the recruiting campaigns for Co. K last spring and summer are confident that he will go back to Westfield with his desired quota.

Since leaving Lowell the sergeant has made his way rapidly up the military ladder. He was formerly drill sergeant of K, but now he holds the premier non-commissioned rank of the unit—first sergeant.

Sergt. Hart says that the Lowell boys at Westfield more than did their bit in the Liberty loan campaign and Co. K "led all the rest." Here's tabulation, as the bankers would say, of the loan in Westfield as it affected the Sixth regiment units:

Co. K (Lowell, Capt. Greig)	$2100
Co. E	1950
Co. G (Lowell, Capt. Doyle)	1450
Co. S	1300
Headquarters Co. (Lowell)	1050
Co. M	650
Regimental Hdqtrs.	500
Supply Company	200
Medical Dept. (Attd.)	150
Quartermaster Corps. (Attd.)	150
Company H	100
Company A	50
Co. C Lowell, Capt. Powers)	50
Total	$9700

It will be noted that Co. K heads the list and that of the $9700 in bonds purchased, three Lowell organizations bought half the total for the regiment. This is a splendid showing for K and is all the more appreciable when it is stated that at present there are but 18 members of the original company left, practically all non-commissioned officers, and that these are the men who purchased the bonds.

Capt. Greig's company had planned a barbecue for Liberty day but on account of the storm it was postponed to Monday, Oct. 29. The boys bought bonds, nevertheless, and much credit should be given to Corp. Ralph Pollard of Co. K who had general charge of the sale of Liberty bonds in the entire Sixth regiment. The Lowell boys wish to extend a word of appreciation to Humphrey O'Sullivan for the interest which he has taken in them.

Sergt. John McClellan arrived in town last night and he, too, is on the outlook for men. He is the particular representative of Co. G, and he expects to add a little weight to his unit upon his return to Westfield. Sergt. John Egan is taking care of Co. C's interests and all three men will be stationed at the armory in Westford street daily until further notice. There is considerable rivalry between the three units and there ought to be an enthusiastic campaign staged while they remain here.

British Recruiting Party

The members of the British recruiting party who have been in this city for the past few days journeyed to Fitchburg yesterday and succeeded in signing up 21 men for the British forces. Tonight a monster rally will be held here in Lowell at John and Merrimack streets at 7.30 and later one will be held at the C.M.A.C. club in Pawtucket street.

The officers will "cover" the greater part of Middlesex county next week and will maintain their headquarters in Lowell at the war work headquarters. Schedule for the week has been mapped out and the party will be divided into two squads, each of which will have a certain town to cover each day. Following is the schedule as announced this noon: Monday, Salem and Peabody; Tuesday, Winchester and Woburn; Wednesday, Lynn and Wakefield; Thursday, Reading and Stoneham. This will take in all the Lowell district.

The local navy recruiting station had a total of 25 applicants during the week ending last Thursday, and of these only two were able to pass the required examinations. Joseph C. Tremblay of Lawrence was accepted at the station yesterday as an apprentice seaman.

Richard J. Grant of 2 Stackpole street has joined the Quartermaster corps of the regular army and left Lowell this morning. On Monday, Caleb F. Rogers of 12 Waldo street will leave these parts to become a member of the Coast Artillery corps. Rogers was formerly a Boy Scout belonging to Troop 9.

FUNERALS

McLARNEY—The funeral of Mrs. Mary A. McLarney took place this morning from her late home, 4 Runels pl. at 8 o'clock and was largely attended by many sorrowing relatives, including many from Quebec, Canada, and Nashua, N. H. The funeral cortege proceeded to St. Peter's church where at 9 o'clock a funeral mass of requiem was celebrated by Rev. Daniel J. Heffernan. There was a profusion of beautiful floral tributes to testify the high esteem in which the deceased was held. The casket was borne from the church to the hearse by the following bearers: Messrs. Edward, William and John Farley, and Henry Mullin. Burial was in the family lot in St. Patrick's cemetery where the last solemn rites of the Catholic church were read at the grave by Rev. Fr. Heffernan. Funeral arrangements in charge of Undertakers O'Connell & Mack.

DWYER—The funeral of John H. Dwyer took place this morning at 8.30 o'clock from the home of his sister, Mrs. Katherine Lord, 215 Lincoln street and proceeded to the Sacred Heart church where at 9 o'clock a high mass of requiem was celebrated by the Rev. T. Franklin Wood, O.M.I. There was a profusion of beautiful and appropriate floral offerings and several spiritual bouquets showing the esteem in which the deceased was held by his many friends and acquaintances. The casket was borne by the following bearers: Messrs. Frank O'Neil, Thos. Mooney, Daniel Sullivan, Charles Provencher and Frank Dean. The funeral cortege proceeded to St. Patrick's cemetery, the burial being in the family lot where the committal prayers were read at the grave by the Rev. T. Franklin Wood, O.M.I. The funeral was largely attended and under the direction of Undertakers Higgins Bros.

FUNERAL NOTICES

CLOUGH—Died, in this city, Oct. 27, at the home of his parents, 58 West 6th ave., Frank A. Clough, aged 2 mos., 2 days. Services will be held Sunday afternoon at 2 o'clock. Burial private. The funeral in charge of Undertakers Young & Blake.

DERKHOOGASIAN—The funeral of Oscar Derkhoogasian, who died Tuesday, will take place on Sunday afternoon at 1 o'clock from the funeral parlors of Undertakers M. H. McDonough Sons. Services will be held at the Lawrence Street Armenian church at 2 o'clock. Burial will take place in the Edson cemetery. Undertakers M. H. McDonough Sons in charge.

DUGAN—The funeral of Margaret Dugan will take place Monday morning from her late home, 51 Butler ave. at 8.45 o'clock. At St. Peter's church at 9.45 o'clock a funeral mass of requiem will be celebrated. Burial will be in the family lot in St. Patrick's cemetery. Funeral arrangements in charge of Undertakers O'Connell & Mack.

FORGAYS—The funeral of Mrs. Margaret Burns Forgays will take place on Monday morning at 7.45 o'clock from her late home, 98 Cosgrove street. Solemn high mass of requiem will be sung at the Sacred Heart church at 9 o'clock. Burial will take place in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge.

HALE—The funeral of Mrs. Laura A. Hale will take place from her home in North Chelmsford, Tuesday, Oct. 30th at 2 o'clock. Friends invited without further notice. Funeral arrangements in charge of Undertaker John A. Weinbeck.

MORSE—Died Oct. 26 in this city, Mrs. Christina C. Morse, aged 85 years, at her home, 572 Westford street. Funeral services will be held at the Baptist church at Northwood Ridge, N. H., Sunday afternoon at 2 o'clock. Friends are invited without further notice. Please omit flowers. The funeral arrangements are in charge of Undertaker George W. Healey.

O'KEEFE—The funeral of the late Mrs. Catherine O'Keefe will take place Monday morning at 8.15 o'clock from her home, 169 Broadway. A funeral mass will be sung at St. Patrick's church, at 9 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

RILEY—The funeral of James Riley will take place Sunday afternoon at 2.15 o'clock from his home, 104 Concord street. Services at the Immaculate Conception church at 3 o'clock. Monday morning a mass of requiem will be sung at the Immaculate Conception church at 8 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

TYERS—The funeral of Walter J. Tyers will take place on Monday morning at 8 o'clock from his late home, 90 Union street. High mass of requiem will be sung at St. Peter's church at 9 o'clock. Burial will take place in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge.

CENTRALVILLE REBEKAH LODGE

The regular meeting of the Centralville Rebekah lodge, No. 137, I.O.O.F., was held Thursday night, and was followed by a delightful Halloween party, which was in charge of Mrs. Vina Prentiss and an efficient committee. An entertainment program was carried out which proved to be of an enjoyable nature. At the conclusion of the entertainment program dancing and games were held.

DEATHS

FORGAYS—Mrs. Margaret J. (Burns) Forgays, aged 45 years, died last evening at her home, 98 Cosgrove street. She was an attendant of the Sacred Heart church for many years, and leaves her husband, Charles N.; four sisters, Mrs. Annie Sheerin of Lowell, Mrs. Hugh McQuarrie of Perth Amboy, N. J., Mrs. Joseph McDonald of Lowell and Mrs. McGrade in Ireland; five brothers, John of this city, James of New York, and Thomas, Patrick and Francis of Ireland.

HALE—Died, at North Chelmsford, Mrs. Laura A. Hale, widow of Oliver H. Hale, aged 68 years, 6 mos., 18 days. She leaves two sons, Charles H. Hale of North Chelmsford, Alfred H., of Lowell; two brothers, Horace Robbins, of Fitchburg; Edward Robbins, of Ashby, Mass.; three sisters, Mrs. Isabella Elliott of Mason, N. H., Mrs. Sarah D. Hamilton, of Brookline, N. H., Mrs. Elvira Wright of Nashua.

KEEFE—Mrs. John Keefe, a well known resident of St. Patrick's parish, died last night at her home, 169 Broadway, after a lingering illness. Besides her husband, she leaves one brother, Edwin Woods, and three sisters, Mrs. Michael Hennessy, Mrs. John J. O'Malley of Methuen and Mrs. Michael Murnane.

DAIGLE—Alderic Daigle, aged 15 years, died early this morning at the home of his parents, Mr. and Mrs. Isaie Daigle, Arlington avenue, Dracut. Besides his parents he leaves five brothers, Telesphore, Wilfrid, Isaie, Jr., Wilbrod and Albert and two sisters, Aldea and Sylvia Daigle.

CLOUGH—Frank A. Clough, infant son of Mr. and Mrs. Frank Clough, died this morning at the home of his parents, 58 West 5th ave., aged 2 months. He leaves besides his parents, two sisters, Ethel and Frances; one brother, Robert.

DUGAN—Miss Margaret Dugan, a well known resident of St. Peter's parish, died last evening at the home of her parents, Patrick and Mary Dugan, 51 Butler avenue. She leaves one brother, Joseph and one sister, Catherine Dugan.

DUBE—Alexandre Dube, aged 71 years, died today in Tewksbury. The body was removed to the home of his daughter, Mrs. Napoleon Potvin, 35 East Merrimack street. Besides his daughter he leaves a son, Napoleon, of Spencer.

KREEN—Thomas B. Kreen, aged 61 years and formerly of this city, died Thursday at his home in Jewett City, Conn. He leaves his wife, one son and one daughter.

MORSE—Mrs. Christina C. Morse, aged 85 years, died yesterday at 573 Westford street.

TEXTILE WORKERS WILL MEET IN LOWELL

The 17th annual convention of the United Textile Workers of America will be held in this city beginning next Monday. The sessions will be conducted in Elks hall, Middle street, and it is expected about 150 delegates from all parts of the United States and Canada will be in attendance.

Some of the delegates, about 50 in number, arrived in this city this morning. The majority of them registered at the headquarters of the convention, the New American hotel in Central street, while others took up quarters in other hotels. During the forenoon the executive council of the organization, which includes John F. Golden of Fall River, president; Mrs. Sara Conboy of Dorchester, secretary, and John Hanley of this city as well as eight other members, held a meeting at the hotel and appointed the following committee of credentials: George Creech, Philadelphia, chairman; Theresa Cosgrove, Paterson, N. J., and John Mullin, Lowell.

WILL REOPEN SATURDAY NIGHT FOR THE SEASON
—LADIES FREE—
Two Nights a Week, Saturday and Monday
MARKHAM'S ORCHESTRA NEW FLOOR

The council held another session this afternoon for the purpose of completing all arrangements for the first session of the convention, which will be held Monday morning at 10 o'clock.

According to present arrangements, the convention will open in Elks' hall Monday morning and sessions will be held every morning and afternoon until all the business is transacted. Monday evening it is planned to hold a big parade through the principal streets of the city, while Tuesday evening a banquet will be tendered the delegates. One of the features of the convention will be a report of President Golden on industrial conditions in England. Mr. Golden was one of a committee sent from this country to study industrial conditions in England and he returned from Europe a couple of days ago. Considerable business concerning the textile workers of this country and Canada will also be brought to attention of the delegates. The delegates will be welcomed at their opening session by Mayor James E. O'Donnell.

BROADWAY CLUB BUYS LIBERTY BONDS

The Broadway Social and Athletic club, one of Lowell's most prominent social and athletic organizations which since the declaration of war has more than once demonstrated its loyalty to the government and the cause for which the United States entered the conflict, again came to the front last evening, and unanimously voted to subscribe $200 to the Liberty loan. In addition to the club contribution, Pres. Timothy O'Sullivan sold 21 bonds to 15 members. The club subscribed $100 to the first loan, making a grand total of $1300 that the club and its members have contributed to the two issues.

Tonight at the clubroom a service flag, with 12 stars, signifying the number of members now in the service, will be raised.

Tomorrow the annual meeting of the club will be held, with the election of officers as the principal business. Timothy F. O'Sullivan, president, will have no opposition, the members being anxious for a continuance of his successful administration.

hob-nailed boots, and in the darkness the dim form of men could be seen marching.

Move With Machine-like Precision

The cautious flash of an electric pocket lamp disclosed that they were American infantry, packs on their backs, rifles slung on their shoulders, rain glistening on their helmets and coats, the wind whipping the bottoms of their coats around legs which were moving with machine-like precision.

The Americans swung down the street apparently as proud as though on dress parade, notwithstanding that they had marched miles from the billets where they had been since coming by motor trucks and railway from the instruction centers. As the ranks passed, every now and then a soldier could be heard whistling softly to himself, his nearby comrades listening silently to sentimental and popular pieces.

Sammies Whistle "Tipperary"

Finally from the rear came the whistled strain of a tune which all knew, and from many places in the ranks whistles and voices joined in. The tune was "Tipperary." It lasted briefly as an officer, turning, ordered "Stop that noise."

As the Germans were nearby, much depended on approaching the zone quietly. The troops turned a corner and disappeared down an ink-black screened road. As a major standing there listened, he looked continuously at an illuminated watch dial. He said:

All Entered Trenches In Safety

"The men from the other direction should now be entering the trenches. I have been standing here waiting to hear if the Germans discover the movement." He paused, listened and then continued:

"There is no firing yet, although I expect it, for no doubt we are in for a 'strafe' if the 'Boche' knows we are going in."

No "strafe" developed, although the Germans put over a few customary shells—hitting nothing.

The troops entered the trenches safely, unit by unit, passing quickly to the places assigned them. Quietness was essential, but the French welcome none the less was heard and it was enthusiastic.

Kissed by French

Every American was shaken by the hand, some were hugged and even kissed on both cheeks in the French custom. Some of the French troops were those who helped to train the Americans.

Battery Shatters Enemy Group

The trenches were found to be muddy but nevertheless in a condition of excellent construction. Greetings being over, the Americans settled down and at daylight, under low-hung dripping clouds, they got their first view of the German lines stretching away in the rolling terrain.

It has rained daily since, and the troops now are covered with mud. Officers say they are certain the Germans know the Americans are opposite them, but there has been no special activity.

One American battery observed and scattered a marching enemy group with shell fire.

MERRIMACK ST.

THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

Member of the Associated Press

NOW FOR THE GRAND WIND-UP

We are now on the last lap of the second Liberty loan. After hearing the reports of Wednesday, Liberty Loan day, Secretary McAdoo announced that the results indicated the success of the loan. But at that time only $3,500,000,000 had been subscribed and $1,500,000,000 was certainly a large sum to get in the three remaining days.

Therefore, the fight must go on until the last minute or until midnight tonight. Let the dollars fly to make the bullets fly later at the head of the kaiser.

Within the past few months the German rulers ceased their pretense of paying little attention to what America is preparing to do in the war.

They are now directing their hymn of hate at us. First it was against the French, next against the English; but now it is our turn. The enmity of the "all highest" is directed particularly at President Wilson, who is scoffed at as a "presumptuous parvenu" for trying to drive a wedge between the German people and their "divinely appointed" rulers.

The German press asserts that the German people will answer Wilson's insult to the kaiser by oversubscribing the seventh war loan, said to be something over $3,000,000,000.

The American people in this Liberty loan are determined to show they are back of Wilson and that they will outdo Germany's effort, dollar for dollar and man for man.

If we agree with our president in his stirring and noble words, in which he lashed the Prussian masters of the plain people, if we resent the slurs and ridicule heaped upon the brave lads who comprise our army and navy, if we do not wish to be placed in a position where we shall have to pay a thumping indemnity to the kaiser, we will show the feeling that is in us by making the second Liberty loan go many millions over the mark set by the treasury department.

Only in that way can we help convince the kaiserists that our army is something more than a phantom and that we are going to equip it with something more than ghostly rifles and hot-air bullets.

Only in that way can we force the Prussians to believe that we are going to see this war through to the end—until the Hohenzollern autocracy is crushed to earth never to rise again.

RUSSIAN SITUATION BAD

Things go from bad to worse in Russia. The fatuity of the council of soldiers' and workmen's delegates is deplorable. The delegates will do nothing themselves and they will not allow Premier Kerensky to do what is necessary to save Russia. They charge him with ulterior motives, with a desire to become dictator and even to turn the nation over to Russia. Oh, the ingratitude of it.

Alas! for the fate of Russia when she has to depend upon men who do not see the real danger, the real situation, or seeing it, ignore and evade what patriotism demands.

The delegates cry out for an early peace. It appears that the subterranean German intrigue has reached them although they may not be conscious of that fact. They speak against Germany and declare their intention of defending Russia. To this end they want all the power and authority transferred from Kerensky to themselves which would mean an early peace with Germany regardless of what the allies may think about it.

If the men who talk in this strain get control of the government they will submit to German terms and in a short time Russia will be but a base of supplies for the Teutons. There is just one way to prevent this possibility, to wit the invasion of Russia by a large Japanese army. That would entail vast expenditure of men and money that the allies would much rather exert directly against Germany. But it seems that nothing can hold Russia in the war. The army is not fed or equipped to fight. The leaders are not supported by government authority. There is disloyalty, discord and anarchy brewing at every point. The council of workmen's and soldiers' delegates apparently does not know what liberty means. They do not seem to be able to see the real danger that threatens the nation if they keep on restraining the government and paralyzing the power to use the army and navy.

The German plotters will take all possible advantage of the situation to promote the separate peace propaganda. The forces of anarchy keep surging at the door of Premier Kerensky and his cabinet, and it is so difficult to secure any general support for the government that the case of Russia at the present moment is almost hopeless.

FOR CHILD WELFARE

The state department of health has taken a wise step in its determination to start a movement for child welfare in all large cities during the war.

Unfortunately in Lowell the rate of infant mortality has been so high that even in the absence of war, the time was ripe for a survey of the causes of this high death rate among young children.

There is no mystery about it in our judgment. It is due to ignorance, neglect, carelessness, poverty, drunkenness, and the breaking up of families from one cause or another. Young children are left to run around the streets while their mothers work in the mill. Many of them are killed by accident, while the infants left in care of older children are so neglected or so unskillfully treated that they contract diseases from which they die.

To some mothers the high wages paid in the factories is a great temptation to leave their infants under two years old in charge of somebody who is in no sense qualified to care for them.

There is certainly a big field here for the workers for child welfare and it is to be hoped they will be able to eradicate many of the evils that in the past have sent hundreds of little ones to their graves. In all fairness we should say that but for the work of the district nurses furnished by the Lowell Guild and the Metropolitan Insurance company, the death rate among young children here would have been even much higher.

BOOST FOR WOMAN SUFFRAGE

The surprise of the hour is President Wilson's endorsement of woman suffrage as a state issue. He was known to be favorably disposed to the suffrage issue, but he had given no indication that he would come out squarely in its favor as a step in the reconstruction of the new democracy of the world.

The obstinate pickets who have pestered the White House for the last six months will doubtless say that the president's endorsement is due to their work; but there is little ground for any such assumption. The pickets want the president to declare in favor of the Susan B. Anthony amendment to the federal constitution. This would be an unwarranted interference with state rights in the opinion of many prominent authorities. That is why the president has not heretofore declared in favor of it.

The suffrage issue comes up with prospects of unusual strength in the New York election, November 6. If the women win, their victory whether justly or not will be attributed to the president's declaration in their favor. This endorsement of the movement in New York state will of course apply equally in every other state in which the issue comes to the front.

GERMANY PLANS RETREAT

Between the crushing blows of the French under General Petain and the continuous pressure of the British under General Haig, the Germans are reported to be planning another "strategetical retreat." Of course Germany will never admit that the defeats inflicted upon her on the western front have had anything to do with this proposed retreat. That would not be in line with her policy of making her people, and so far as possible the rest of the world, believe that she is absolutely invincible. Germany is being steadily forced back and she will soon be obliged to evacuate her naval and submarine bases on the Belgian coast and transfer them to Wilhelmshaven or to the Baltic through the Kiel canal.

Germany undertook to send a force to help Austria against Italy, but while she was so doing her other armies suffered one of the most severe defeats of the war.

No Reason For It

WHEN LOWELL CITIZENS SHOW A WAY

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what this Lowell man says.

W. T. Foss, city fireman, 37 Pond St., says: "I can recommend Doan's Kidney Pills as a medicine of merit, for by using them occasionally, I have kept my kidneys in good condition. My kidneys have caused me to suffer a great deal, especially when I have taken cold. Doan's Kidney Pills have never failed to help me when I have had one of those attacks and I would not be without them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Foss uses. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

The local evening newspaper is the paper that reaches the home when the whole family is there to read it. The Sun fills this field in Lowell.

SEEN AND HEARD

Even in advertisements you see pictures of winter girls wearing furs, muffs and pumps.

When a woman is shopping and sees something she likes, even if she can't afford it, she likes to know the price.

When a man is wearing full evening dress, it doesn't make much difference whether he gets a splash of coffee or a splash of claret on his shirt front, unless he is a prohibitionist.

Just where self-esteem leaves off and egotism begins is hard to determine sometimes, but in your case, of course, it is proper self-esteem, while in the case of the man you don't like it is rank egotism.

Grateful to the Doctor

A Chinaman was asked if there were good doctors in China.

"Good doctors!" he exclaimed. "China have best doctors in world. Hang Chang one good doctor; he great; save life, to me."

"You don't say so! How was that?"

"Me velly bad," he said. "Me callee Doctor Han Kon. Give some medicine. Get velly, velly ill. Me callee Doctor San Sing. Give more medicine. Me glow worse—go die. Blime-bly callee Doctor Hang Chang. He got no time; no come. Save life."—Ladies' Home Journal.

Cupid Busy in France

This story of the lighter side of war comes to us from a correspondent at the American field headquarters in France:

Suzanne Ioves Donald. It is written in Susanne's little composition book like this:

"My love Donald, yes, much."

But it's 50-50, because on the next line is written in regular American script:

"Je aimer Suzanne, Beaucoup."

Donald's French isn't any better than Suzanne's English, but it means that his manly heart has been doing a little fluttering too.

They met one afternoon recently when Donald came thundering along in a big army truck. The motor gave an expiring snort and died right outside Suzanne's house—the little white cottage with the red roof and posies growing in pots on the window sills and pigs and chickens churning up the front yard in search of chow.

Donald climbed down, shoved his goggles up on his forehead and began experimenting with all the thing-a-majigs on the engine. Having no luck, he sat down on the nearest doorstep to wait for the next truck to come along and tow him in.

That was Suzanne's doorstep, under the eaves of the red-tiled roof.

"Bon jour, American," said Suzanne, looking out through the flowers on the window sill.

Well, Suzanne came and sat beside him and Donald pulled out his pocket edition combination French and English dictionary to help the conversation along. She fetched a note book, and they talked with a pencil, looking up the words one by one.

Arrival of another truck with a tow line broke up the lesson. But Donald walked down that evening from his billet in the next village. And he has been calling at every opportunity since then.

Suzanne says they will be married when the war is over—it is written in the village church.

Then Donald will take her with him back to America—in New York, where his parents live in a big house.

And Donald is not the only American to fall in love over here. Dozens of them are learning French and dozens of pretty village girls are acquiring English.

If a French village belle, especially a peach like Suzanne, ever spoke to you with her eyes you'd understand how it is.

TRY THIS FOR A COLD—IT'S FINE!

"Pape's Cold Compound" Ends Severe Colds or Grippe in Few Hours

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-TIVES".

NORAH WATSON
86 Drayton Ave., Toronto.
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only *the natural result of pure Blood.*

"I was troubled for a considerable time with a very *unpleasant, disfiguring Rash*, which covered my face and for which I used applications and remedies without relief. After using "Fruit-a-tives" for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without "Fruit-a-tives".

NORAH WATSON.

50c. a box, 6 for $2.50, trial size, 25c. At dealers or sent by Fruit-a-tives Limited, Ogdensburg, New York.

Bungalonely

Since I first hopped from my mother's arms, just leaping into pants,
I have always had a vision of some lucky circumstance
That would fix me nice and cumfy where the air is sweet and free
On the border of some water—river, lake or bay or sea;
And I've always wished that some time—on the Magothy, we'll say;
Or the shimmering, glimmering Severn, or along the stretching Bay—
I could get a rolling soul rest, half a mile of shore or so,
And just anchor in the harbor of a cozy bungalow!

I have planned in dreams, and, waking, seen the layout of the place,
With eternal green and autumn gold to fringe the water's race,
And a little orchard—just enough to please a fellow's eye
And provide inside essentials for the joy we know as pie!
And a garden—yes, indeedy!—and a chicken yard, I guess!
And a lot of flowers blooming; by the stream, some watercress!
All the trimmings we're permitted—we poor mortals down below—
And the central gem of glory just a little bungalow!

I have dreamed, and, dreaming, loved it, hugged it to my hopeful soul;
And it's really been a pleasure just to dream it on the whole!
When the city lights are blinding and the hum of things is pain,
Then I close my eyes and hurry to my bungalow again!
And if never in reality my dreams shall come to pass—
If, perchance, Dame Fortune, pimping has let fall, and cracked, the glass—
Still I've always got the picture, and I've faith enough to know
That I'll find it somewhere, some time and somehow—my bungalow!

Richmond Times-Dispatch.

TWO MORE PAGES OF JINGLES TO BE PRINTED IN THE SUN

Jinglers: Do you realize that there are but two more pages of the Jingle page to be printed in The Sun for this contest? There has been so much going on, so many calls upon your time that some of you have not taken the usual time for Jingles, and before you realize it your opportunity will be gone to win a few more dollars in this fine advertising contest.

These frosty days should brighten your wits and send the blood "Jingling" through your system. Take a turn around Lowell and visit the places of business of those advertising on the Jingle page and you will then return home with some new ideas to put into verse and make a winning Jingle for next Saturday's Sun.

Some of the winners are very appreciative of the checks that they receive for Jingle prizes.

Here is a note received by Jenny Wren this week:

"Dear Miss W——": Please accept my sincere thanks for the check for 50c. It is worth $50 to me because it was earned in a way different from my regular occupation. Sincerely, Blank."

It does one good to find that he has a latent talent and can make it worth while to bring it out and air it.

All forms of advertising that are successful take time and talent. You will read advertisements in verse in all the magazines, in the street cars and in fact these little verses are catchy, instructive and best of all fasten the attention of the reader upon the article advertised or the firm doing the business.

Jenny Wren has laughed many a time to see that some advertiser, say in the hardware business, has written a Jingle for the hardware advertiser on the Jingle page and had it accepted and printed. You see he knew what and how he would like to have his business advertised and he tried it on the other man and it hit.

Now, Jinglers, put yourselves in the place of the twenty advertisers on the Jingle Page in The Sun and see if you can't write so catchy a Jingle that they will select it for the winner next week.

Here's one that a reader and admirer of The Sun sent in:

Don't bother 'bout high prices,
Just have it understood
That when "The Sun says, "buy 'em"
We know the buying's good.

BIG BILL.

Lowell Morris Plan Co.

THE MORRIS PLAN

The success of the Chalifoux-Morris Plan Furniture Deal is pleasing. People are buying furniture at cash prices and paying on the Morris Plan.

You do not have to get anyone to endorse your note on this plan.

Inquire at Chalifoux's or here for full particulars. It's simple, plain, dignified and easy.

LOWELL MORRIS PLAN CO.

EXPLOSION NEAR NAVY STORES

Two Explosions Followed by Fire on Constitution Wharf, Boston

$60,000 Loss—Six Firemen Injured—Two Fire Horses Killed

BOSTON, Oct. 27.—Two tremendous explosions, followed by sheets of flame, were the beginning of a fire that resulted in the injury of six firemen, the death of two hose wagon horses and a propery loss of about $60,000 to the big storage sheds and contents of the Quincy Market Cold Storage company on Constitutional wharf.

The firemen injured were all buried under bales of hemp that fell while they were fighting inside of the shed. They were removed to the Relief hospital, where the doctors said they were all suffering from contusions and smoke, but would be able to leave today.

The horses killed were hauling the hose wagon of Engine 4, Bulfinch street. They were struck by something falling from the Elevated structure, dashed madly for nearly a mile before ending in a ditch, dug for water mains, at North and Richmond streets.

The burnt sheds are on the wharf adjoining the big storage sheds of the United States navy on Battery wharf, being separated by a partition only.

Investigation Started

Because of the initial explosions an investigation has been started by navy officials, under a suspicion that the fire was meant for the valuable navy property and that the wrong wharf was picked by the incendiaries. The building burned is about 500 feet long and about 300 feet wide and filled with general stores, mostly hemp, cotton, oils, automobiles and other highly combustible materials.

It was a few minutes after 9 when the first explosion was heard by Lieut. Swendeman of the harbor police and his officers. The second explosion followed within a few moments. Employes of the Storage company rushed to the assistance of Israel Morse, the watchman, who found the entire street end of the building in flames.

Four alarms were sounded in a few minutes and Chief Peter F. McDonough called the three fireboats which, with the land companies, held the fire to the section in which it was first seen burning.

Firemen Caught

The work of the firemen among the hemp bales, near a great store of barrels of oils, was counted among the most remarkable ever performed in this city. There was nothing but a burlap and canvas partition separating this stuff from the burning goods.

It was while working in here that firemen from Engines 7 and 39 were caught when part of the roof caved in and brought big piles of bales of hemp. The section in which they were working was so narrow that they had absolutely no chance to flee.

Other hose lines were immediately shut down by the men manning them, and scores of firemen rushed to dig their comrades out.

Dr. Wilcox of the Relief station and Dr. Edward R. Gookin, who was waiting outside, Medical Examiner George B. Magrath and Fr. Lynch of Dorchester gave the men first aid after they were extricated.

The burned material is such that the fire will not be fully extinguished for a number of days. Tons of hemp and other materials will be all hauled out and pulled apart to make sure that no smouldering fire is there.

Fire in Roxbury District

BOSTON, Oct. 27.—Many families were driven from tenement houses early today when sparks from a factory fire in the Roxbury district set fire to roofs. The factory of the Globe Tanning Co. on Ellsworth street was destroyed, causing a loss estimated at $20,000. The incipient blazes in the dwellings were quickly extinguished.

HALF OF $5,000,000 ESTATE OF WIDOW OF ROBERT D. EVANS BEQUEATHED TO CHARITY

SALEM, Oct. 27.—More than half of the $5,000,000 estate of Mrs. Marie Antolnette Evans, widow of Robert D. Evans of Boston and Beverly, was bequeathed to charitable, educational and other institutions under the terms of the will filed for probate here today. The largest specific bequests were $200,000 each to the Massachusetts Institute of Technology and the New England Conservatory of Music, while the Boston Museum of Fine Arts and the Robert Dawson Evans Memorial for Clinical Research and Preventative Medicine, a department of the Massachusetts Homeopathic hospital, are expected to receive upwards of $1,000,000 as residuary legatees.

The bequests include: Tuskegee institute, Tuskegee, Ala., $100,000; Hampton institute, Hampton, Va., $25,000; American Unitarian association, $100,000; Simmons college, $100,000; the Associated Charities of Boston, $100,000; Massachusetts Woman's Suffrage association, $25,000.

SALE OF 1000 SHIRTS
At $1

These Shirts are better than any we've seen this season for a popular price—they are worth vastly more than the $1 we ask for them. Cut over full generous patterns—carefully tailored, a fit is assured—

The materials are woven and printed Madras, Russian cords, Herringbone weaves and high-cut Percales; designs and colorings are very attractive.

The shirts may be had with either soft French or starched cuffs, and they're wonderful value for

STEAMER TURIL AFIRE --PLOT SUSPECTED

AN ATLANTIC PORT, Oct. 27.—Twice while at sea, once in the Mediterranean and once while in the Atlantic, fire, thought to have been caused by an infernal machine, broke out in the forward hold of a large freighter which arrived here yesterday. The fire was discovered first when the ship was off Gibraltar. It was a consignment of Turkish cigaret tobacco.

The compartment was flooded, and as a result the steamer sank down by the head. She then became almost unmanageable, as the sinking of the nose of the ship raised the stern out of water so far that the screws could hardly move her. For a while it was believed she would founder.

At last she reached Madeira, where the local fire department pumped the water out of the hold. She remained there three days, and then headed for the United States. Two days ago a smouldering was noticed in the same part of the ship. The boat's squad attempted to put the fire out but failed. She was smoking when she arrived in port yesterday, and a police boat went alongside, but could do nothing. Steam is now being pumped into the compartment.

MUNICIPAL FOREMEN AND FRIENDS HEAR INTERESTING TALK

At a finely attended informal meeting of the Association of Municipal Foremen, held Thursday evening, the foreman and their guests enjoyed a very pleasant evening. The address of the evening was delivered by Frank J. Donahue, chairman of the industrial accident board. Mr. Donahue took for his subject one with which the majority of people are unfamiliar, "The Compensation Act." This act was explained by Mr. Donahue, who told of its construction, workings and benefit to the working people. He cited the fact that for the year ending July 1917, over 6 million dollars were paid to the injured and their dependents in the state of Massachusetts alone. Those who were so fortunate as to hear Mr. Donahue realized that he was without a doubt the one man most familiar with this very humanitarian legislation.

The gathering was in the nature of a "Smoker" and proved to be a huge success. Among the out of town guests was Ex-Senator Quigley, of Holyoke, who enjoyed the meeting greatly.

FOUNDERS' DAY AT WHEATON COLLEGE—DEDICATION OF NEW CHAPEL

NORTON, Oct. 27.—The dedication of a new chapel, built along the lines of the traditional New England meeting house, marked the observance of Founders' day at Wheaton college today. Gov. McCall, Ralph Adams Cram of Boston, architect of the chapel and President Samuel Valentine Cole of the college delivered addresses.

GERMAN GOVERNMENT CONSIDERING INTRODUCTION OF NEW TAXATION MEASURES

COPENHAGEN, Oct. 27.—The German government is considering the introduction of new taxation measures at the December session of the reichstag. Additional revenue is necessary to meet interest on the seventh and preceding war loans, part of which were paid from the proceeds of the loan themselves.

FOOD BOARD RESCUES GRAIN EXPORTATION

NEW YORK, Oct. 27.—Desirous of "maintaining every facility of the American grain business," the federal food administration has arranged with the entente allied powers for discontinuance of grain buying by the Wheat Export company and resumption of buying through the established American export houses.

The milling division of the food administration explains the object in the following statement: "The importance of serving their steamers with grain exactly as needed in conjunction with their munition allotments has, in the past year, resulted in the creation by the allies of a grain forwarding organization which threatened to put out of business entirely the American grain exporting houses at the Atlantic seaboard and on the Gulf.

"The new plan starts with the most cordial co-operation on both sides and should facilitate the marketing of the crops of coarse grain. The forwarding organization built up by the allies for the tracing of cars will be used under the new plan, the wheat operation being in the hands of the food administration grain corporation."

MARLON S. WILLIS, PROMINENT NEW HAMPSHIRE MAN, IS DEAD

CONCORD, N. H., Oct. 27.—The death occurred last night in Warner of Marlon Simmons Willis, in his active life one of the best known men in New Hampshire. Born in Cambridgeport, Mass., July 16, 1843, he was the son of Rev. Lemuel Willis, one of the pioneers of the Universalist church in New England. Marlon S. Willis served with Berdan's sharpshooters in the Civil war, was later a gold miner and from 1888 to 1907 a federal postoffice inspector. He had served in the state legislature and held other public positions.

LIBERTY LOAN COMMITTEE OF NEW ENGLAND

BOXING AND WRESTLING AT THE Y.M.C.A.

Tommy Fall, national amateur boxing champion, and Wilfred Barrette, champion middleweight wrestler of the west, both Lowell men, have been appointed as boxing and wrestling instructors at the local Y.M.C.A. for the 1917-18 season.

Classes in both these sports will be formed immediately and those desiring to become members of one or both classes should register at once.

Both men are well qualified for their new positions. Fall is a scientific fighter and has the added advantage of being able to impart to others what he knows of the game. Barrette's skill is well known to followers of the wrestling game and the following comment from the Detroit Free Press indicates what the western people think of him:

"Wilfrid Barrette, one of the best middleweight wrestlers in the world, has been appointed wrestling instructor of the Park Athletic association. The association couldn't have made a better choice. Barrette is well liked, as a fellow of gentlemanly deportment and what he doesn't know about the mat game hasn't been discovered."

LIVELY BOWLING CONTESTS

On Kittredge's alleys last evening four games were rolled and several lively contests were resultant. The scores:

BASKETBALL GAME TUESDAY

Lowell basketball fans will see their first game of the season next Tuesday night in Associate hall, when the jolly jackies from Charlestown navy yard will form the opposition.

Cecil P. Dodge, who is behind the enterprise, announces the appointment of Herve Cote as manager of the team. Cote is a clean, aggressive player, who knows basketball in all its angles. He is popular with the fans, who have followed his work the past two years with unfailing interest. Finn and Costello admittedly are the stars of the team, with the artful Allison and the reliable Law to be considered in rounding out the outfit's strength.

The game Tuesday night will begin at 8 o'clock sharp. At the close of play, dancing will be enjoyed.

CARLSON BEATS DONOVAN

BOSTON, Oct. 27.—After 12 furious rounds of boxing at the Commercial A. C. last night, Harry Carlson of Brockton was given the decision over Johnny Donovan of South Boston, in the feature bout.

So bitter was the battling the boys had to be forcibly separated when the bell rang for the end of the last round. Donovan was so intent on continuing his assault on his opponent that Referee Larry Conley was unable to halt the action for almost half a minute after the bell rang.

LOWELL INCLUDED IN NEW POLO LEAGUE—PLAYERS SIGNED—TWO GAMES A WEEK

Fred M. Moore has signed three polo stars for his Lowell team and is now looking about for three more men. The players already under contract are Harkins, Hardy and Dugan. The new polo circuit will be Lowell, Worcester, Taunton, Brockton, Providence and Lawrence. Lowell's home games are to be played on Tuesday and Friday nights. Mr. Moore attended a league meeting in Providence yesterday and heard satisfactory reports from all cities. He says:

"Fans haven't had a good polo in this section for a dozen years or more, and with arrangements for playing surfaces perfected by men who have abundant means to make the game a success, we are looking forward to some excellent sport."

RANGERS DEFEATED AT BASKETBALL LAST EVENING BY THE O.M.I. CADETS

The O.M.I. Cadet basketball team won from the Rangers last evening, in the opening game of the season, with a score of 34 to 11. The game was played in the Cadet armory and was largely attended. A number of spectacular plays were furnished by Capt. O'Connor and LeMoine of the Cadets, and Curran and Carty of the Rangers. The proceeds were turned over to Lieut. Bernard McArdle for the Co. M Christmas fund.

NEW YORK WRESTLER WANTS TO GRAPPLE WITH WILFRED BARRETT OF LOWELL

Young Montana, an Italian wrestler from New York, is in Lowell as the guest of Jim Prokos, the local grappler. He dropped into The Sun office today and announced that he would like to meet Wilfred Barrett, the well known mat artist. The New York man, tips the beam at 165, and he has been at the wrestling game for about six years. During that time he has won a number of matches, and he feels confident that he can pin Barrett to the floor if given a match. During his stay in Lowell Young Montan will be found at 22 Hancock avenue.

LOWELL HIGH FOOTBALL SQUAD MEETS FITCHBURG HIGH AT FITCHBURG

Lowell high's football squad left this city this morning at 10.45 for Fitchburg where the high school team of that town was on hand to greet the local men. Preceding the game itself a celebration to mark the formal opening of a new stadium was held and Coach Conway's men participated in a parade through the town to the new grounds.

Ideal weather conditions marked the game itself and in the early stages of play both teams showed a lot of snap.

FOOTBALL GAME AT AYER

AYER, Oct. 27.—National army soldiers were given an opportunity today to watch a gridiron battle between the Harvard varsity informal football eleven and a team made up from members of the Depot brigade. The army eleven has been coached by Charles Coolidge, of last year's Harvard team.

COLLEGE FOOTBALL GAMES

PHILADELPHIA, Oct. 27.—The football teams of the Universities of Pennsylvania and Pittsburg clashed on Franklin Field in their third annual gridiron struggle today. Pittsburg was the victor in both previous contests.

HANOVER, N. H., Oct. 27.—Five of the Dartmouth eleven were missing from the line-up because of injuries and the New Hampshire football squad expected to put up a hard fight in the game today. The state college team averaged 185 pounds.

ITHACA, N. Y., Oct. 27.—Cornell will present a new line-up against Bucknell here this afternoon. The weather is ideal and a close contest is expected.

PRINCETON, N. J., Oct. 27.—A football team made up of stars still at Princeton and a Camp Dix eleven composed of high class material from several colleges in the east will meet here today in a so-called informal game.

ANNAPOLIS, Md., Oct. 27.—After piling up a total of 123 points on Maryland state and the Carlisle Indians during the past two games and having continued to show improvement in practice this week Navy will meet Haverford college this afternoon.

WEST POINT, N. Y., Oct. 27.—The army meets Villa Nova here today in what will prove an interesting game from the viewpoint of army rooters who are watching the development of the soldier team. New men will be in the cadets line-up. Barrick, a plebe, will be at quarter, Badger will take Adams' place at guard and Hahn will go in one of the half back positions.

THE INDIAN SECONDS

The Indian Seconds football team wishes to correct a mistaken impression that they have already played and lost to the Mud ating team. The Indian seconds have not yet played a game this year but expect to get into the fray within a short time.

WOMAN SUFFRAGE PARADE

NEW YORK, Oct. 27.—A parade of 20,000 women to be held on Fifth avenue this afternoon, added interest to the vigorous campaign being conducted by New York state women for a woman suffrage amendment to the state constitution at the elections on Nov. 6.

An order was issued at police headquarters today instructing policemen along the line of march of the parade to suppress any banners casting reflection upon President Wilson or his cabinet and to arrest the women carrying them, should they resist this action.

THE DEATH RATE

The death rate for the week as reported at the office of the board of health is 12.97 against 15.41 for the past week and 20.22 for the week previous, the number of deaths being 29 against 32 for the past week and 42 for the week previous. Deaths under five years numbered 12, infectious diseases, 1; acute lung diseases, 5 and cases, 1; acute lung diseases, 5 and tuberculosis, 1. The diseases reported were as follows: Diphtheria, 6; scarlet fever, 1; typhoid fever, 2 and tuberculosis, 4.

TO SUPPLY COAL TO NEW ENGLAND

WASHINGTON, Oct. 27.—Five New England governors, McCall of Massachusetts, Milliken of Maine, Keyes of New Hampshire, Graham of Vermont, and Holcomb of Connecticut, who called on Fuel Administrator Garfield yesterday to demand a more adequate and steadier supply of coal for their states, were told steps were being taken to meet the needs of that section.

For Massachusetts, Gov. McCall said the situation was note acute.

On the other hand, Gov. Keyes said that by Jan. 1 the supply would be short 6,000,000 tons of coal, and that, unless relief soon were given, it would be necessary to close down scores of plants which now are turning out every variety of necessaries for war and especially for the individual soldiers and the army as a whole.

Some industries already have been obliged to shut down, he said, and added that even water power was failing, because of lack of rain in the state.

Connecticut, in which a tremendous amount of munitions is manufactured, also was said to need coal, and Dr. Garfield was impressed with the imperative necessity for immediate relief.

The fuel administrator told the governors that coal would be available in sufficient quantities in their states before the cold weather sets in. Dr. Garfield said, however, that they will be expected to conserve the supply wherever possible.

Besides the plans to expedite the loading of ships at Hampton Roads by bunkering transient vessels in midstream, the fuel administration is considering taking vessels of the Great Lakes before the close of navigation, cutting them in half is necessary to get them through the Welland canal, and using them in the coastwise trade.

Coal also will be expedited by rail as much as possible and orders were issued yesterday by J. J. Storrow, New England fuel administrator, to continue the arrangement for sending at intervals special through trainloads of coal to New England points.

LUDWIG AND MICHAELIS OBSTACLES TO PEACE

COPENHAGEN, Oct. 27.—King Ludwig of Bavaria and Chancellor Michaelis were denounced as the two great obstacles to peace by Deputy Simon, a socialist, in the Bavarian diet, Thursday. The king, he said, had demanded that Germany control the mouth of the Rhine.

Premier von Hertling protested against the statement that the king of Bavaria wished to seize the mouth of the Rhine. The king, instead, advocated an artificial outlet for Rhine traffic by means of a canal under German control.

WAR RELIEF FUND

To see the pictures of "Our American Boys in the European War," which are to be shown at The Strand, October 31 from 11 a. m. to 1 p. m., makes one forget private grief, selfish aims, the petty rancor and desires of daily life. They are an inspiring object lesson for young and old. What these boys, for the most of the drivers are boys, are doing is not merely giving the temporary service to aid the wounded, they are laying a splendid cornerstone for newer American manhood. These ambulance drivers who are now so heroically facing the dire realities of life will return to their own country rid of theories, pretenses and smug contentment; they will bring back a deeper understanding of the meaning of patriotism, of humanitarism and a standard of ideals that will make them citizens to be proud of.

The tickets for this offering are on sale at Carter & Sherburne's in Merrimack square, and the prices are 25 and 50 cents. Mrs. H. M. Thompson is chairman of the war relief committee under whose auspices the affair is being conducted. Attend and help show your patriotism. At the same time enjoy a privilege that is not offered in every city.

SUN BREVITIES

Best Printing. Tobin's, Asso. Bldg.

When you have any real estate to sell, consult J. F. Donohoe, 223 Hildreth bldg. Telephone.

The Molly Varnum chapter, D.A.R., will hold open house at the Spalding house, Tuesday afternoon.

Thomas F. Kelly of this city has been appointed superintendent of the Bowditch dye works of Putnam, Conn.

Mr. George Bell, who recently underwent an operation, is staying with his sister, Mrs. John Lynch, 42 Third st.

The Educational club will meet next Tuesday at the home of Mrs. A. F. MacElroy, Billerica road, Chelmsford Centre.

Louis A. Spiess of Washington, examiner for the federal trade commission, is visiting at the home of Mrs. P. J. O'Brien in Concord street.

A regular meeting of the members of Washington Commandery, United Order of the Golden Cross was held last evening with a large attendance. In the course of the meeting G. C. Butterfield and G. T. Turnbull addressed the gathering. Refreshments were served.

The young ladies who are to take part in the "All-Girl" show at Camp Devens a week from tomorrow are requested to meet in the Bay State waiting room in Merrimack square tomorrow afternoon at 2.30. From there they will go to a hall selected for a rehearsal of the show.

At the regular Sunday afternoon reception and entertainment at the Y.M.C.A. building tomorrow afternoon a committee from the Kirk Street Congregational church will be in charge. The reception which is open to all soldiers from Camp Devens who happen to be in the city tomorrow afternoon will continue from four to six o'clock and will consist of a general entertainment and buffet supper.

BIG PUMPKIN SALE AT THE A. G. POLLARD CO.'S STORE, PALMER STREET

Last spring, the A. G. Pollard company gave away to children of the public schools 3000 packages of pumpkin seeds on condition that they be planted and of all the pumpkins raised at least one of them be given for the benefit of the Red Cross society. This idea was thought up by Mr. Pollard and it had very satisfactory results. The school children gladly accepted the seeds and planted them in the various school gardens and are now harvesting the fruits of their labor. Although Jack Frost came in quite early in September and a great many pumpkins were blighted, still the plate glass window front is filled with pumpkins raised by the school children and were on sale today. If the public doesn't have pumpkin pie for dessert at tomorrow's dinner it won't be the fault of the school children.

Miss Alice Lee, who was greatly in favor of school gardens, encouraged the children of the Lyon street school in the planting of flower seeds and it was thereby the first school to show wonderful results in the cultivation of flowers.

And this year, the increase caused by the war in the demand for vegetables was so great that even the children of various cities made themselves proud in their efforts to help in the production of vegetables to assist the Red Cross in supplying the wants of the soldiers here and "over there." Today, Miss Lee and Mrs. G. A. Leahey and a number of other ladies are conducting a sale of these pumpkins for the benefit of the Red Cross.

One of the interesting features of today's Sun is the names of the winners of these prize pumpkins and there are perhaps no prouder boys and girls in the city today than the ones who received these prizes. That is why Uncle Sam will win a glorious victory, because everybody, young and old, are interested in the welfare of our great country.

2000 GERMAN TROOPS REVOLT

LONDON, Oct. 27.—Two thousand German infantrymen at Cologne mutinied when ordered to the Flanders front last week and destroyed their rifles and equipment, according to a despatch from Amsterdam to the Daily Press. A general who tried to calm them was stoned. The mutineers were arrested and 26 of the ringleaders were courtmartialed.

COL. ROOSEVELT 59 YEARS OLD TODAY

OYSTER BAY, Oct. 27.—Col. Theodore Roosevelt celebrated his 59th birthday at his home here today. Congratulatory letters and telegrams were received from all parts of the country, many of them from the "rough riders."

KAISER REFUSES TO DROP MICHAELIS

COPENHAGEN, Oct. 27.—The Berlin Deutsches Zeitung reports that Dr. Michaelis is to remain in the chancellorship. The Tageblatt says, according to what it considers a credible source, the emperor, on the counsel of his advisers, decided to retain Chancellor Michaelis and not to accept the solution of the crisis advocated by the majority party in the reichstag.

The National-Liberals, as well as representatives of the majority bloc, were unanimous, according to this newspaper, in their views that Dr. Michaelis' retirement was necessary and in their action at Potsdam loyally supported this view.

MEATLESS DAY
Continued

vation. It is pointed out that some men can fight, but all men must eat and you are told in very plain language that if you cannot go to war for your country, you can at least eat for it.

Then you are asked to think of nice, hot corn muffins; delicious, creamy, southern batter bread; tender chicken or duck; fish, fresh or salted as you like best; eggs in wonderful sauces, creamed or tasty broken; tender, green vegetables; mealy baked potatoes, piping hot; fruits in infinite variety.

That doesn't sound very difficult and you are told that if you eat those, consistently, you will serve your country as truly as he who carries a gun. Because that will leave the meat, the wheat, the fats and the sugar to go across the sea to the army and the allies. Food will win the war!

And besides the notices appearing in the dining room there are hung in conspicuous places in the kitchens, notices to stewards and assistants, chef and all cooks, bakers, pastry cooks, head waiter, dining room captains and waiters.

They are admonished to serve bread or rolls made from corn, rye, or from mixed flours, and to use breakfast food and hot cakes composed of corn, oatmeal, buckwheat, rice or hominy. They are also admonished to use more chicken, fish, hare, rabbit, duck, goose, lobster, oysters, clams, sea foods and egg dishes of all kinds. They are told to use less beef, mutton and pork and to use smaller portions of these. "Have fewer of these items on the menu," the notice reads, "and if you must use one of the three, use mutton in preference. War portions at reduced prices may be served. Provide more entrees and made dishes. Beans are most useful as they contain nearly the same nutritive values as meat. Serve bacon only as a dish, not as a garniture."

Besides bread and meat the notice deals with fish, milk, fats sugar, vegetables and other foods coming under a general head. The notice urges the use of more vegetables and potatoes and the making of fruits and vegetables into salads is encouraged. Those for whom the notices are intended are advised to feature vegetable dinners and vegetable salads of all kinds, and to encourage the use of cheese with salads. The foot note to the big circulars reads as follows: "The essential is a sincere and patriotic will to save —and thus serve the country."

CITY OF LOWELL

NOTICE
— OF —
State Election

Tuesday, November 6, 1917

City Clerk's Office, Oct. 27, 1917.

Notice is hereby given in accordance with the provisions of Chapter 835 of the Acts of 1913, and amendments thereto, that meetings of the voters of the City of Lowell will be held on Tuesday, the sixth day of November next—state election—at the polling places designated by the Municipal Council in the several precincts of the different wards, for the election of state officers as follows:

Governor; lieutenant governor; secretary; treasurer and receiver general; auditor; attorney general; councillor in the Sixth district; senator in the Seventh and Eighth Middlesex districts; representatives in General Court in the 14th, 15th and 16th Middlesex districts, and county commissioner.

Also to give in their votes "Yes" or "No" on the question of the acceptance of the following articles of amendment submitted by the Constitutional Convention:

Article of Amendment No. 1—

The General Court shall have power to provide by law for voting by qualified voters of the commonwealth who, at the time of an election, are absent from the city or town of which they are inhabitants in the choice of any officer to be elected or upon any question submitted at such election.

Article of Amendment No. 2—

Article XVIII. Section 1—No law shall be passed prohibiting the free exercise of religion.

Section 2—All moneys raised by taxation in the towns and cities for the support of public schools, and all moneys which may be appropriated by the commonwealth for the support of common schools shall be applied to, and expended in, no other schools than those which are conducted according to law, under the order and superintendence of the authorities of the town or city in which the money is expended; and no grant, appropriation or use of public money or property or loan of public credit shall be made or authorized by the commonwealth or any political division thereof for the purpose of founding, maintaining or aiding any school or institution of learning, whether under public control or otherwise, wherein any denominational doctrine is inculcated, or any other school, or any college, infirmary, hospital, institution, or educational, charitable, or religious undertaking which is not publicly owned and under the exclusive control, order and superintendence of public officers or public agents authorized by the commonwealth or federal authority or both, except that appropriations may be made for the maintenance and support of the Soldiers' Home in Massachusetts and for free public libraries in any city or town, and to carry out legal obligations, if any, already entered into; and no such grant, appropriation or use of public money or property or loan of public credit shall be made or authorized for the purpose of founding, maintaining or aiding any church, religious denomination or society.

Section 3—Nothing herein contained shall be construed to prevent the commonwealth, or any political division thereof, from paying to privately controlled hospitals, infirmaries, or institutions for the deaf, dumb or blind not more than ordinary and reasonable compensation for care or support actually rendered or furnished by such hospitals, infirmaries or institutions to such persons as may be in whole or in part unable to support or care for themselves.

Section 4—Nothing herein contained shall be construed to deprive any inmate of a publicly controlled reformatory, penal or charitable institution of the opportunity of religious exercises therein of his own faith; but no inmate of such institution shall be compelled to attend religious services or receive religious instructions against his will, or, if a minor, without the consent of his parent or guardian.

Section 5—This amendment shall not take effect until the October first next succeeding its ratification and adoption by the people.

Article of Amendment No. 3—

The maintenance and distribution at reasonable rates, during time of war, public exigency, emergency or distress, of a sufficient supply of food and other common necessaries of life and the providing of shelter, are public functions, and the commonwealth and the cities and towns therein may take and may provide the same for their inhabitants in such manner as the General Court shall determine.

Also to give in their "Yes" or "No" on the question of the acceptance of Chapter 217, Acts of 1911, entitled "An act relative to vacations of laborers employed by cities and towns."

The polls to be opened at 6 o'clock in the forenoon and closed at 4 o'clock in the afternoon.

By order of the Municipal Council.
STEPHEN FLYNN, City Clerk.

If you have never dined here you have missed the best restaurant in the city. Remember the place, 338 Middlesex

ANOTHER AUTO ACCIDENT ON LITTLETON ROAD

James Cavanaugh, said to belong in Lowell, was instantly killed and five others were injured, three of them seriously, when a seven-passenger Buick automobile containing four soldiers and three civilians, on its way from Camp Devens, Ayer, to this city, crashed into a tree on the state road near Littleton about 7 o'clock last night.

The injured are: Private Charles Curtin of Waltham, skull fractured; Private G. F. Jennings of Waltham thigh fractured; E. A. Casone of North Adams, internal injuries; Beecher White of Salem, leg fractured. White is at St. John's hospital in this city, Casone is at the Groton hospital and the two soldiers are at the base hospital at Camp Devens.

The accident occurred on the state road near the junction with the road which leads to the depot and opposite the residence of former State Senator Charles E. Kimball. The place is known as Kimball's crossing and is considered very dangerous owing to a sharp curve.

There is a big tree on the curve and it sets well out in the road. As the jitney rounded the curve the driver faced the big Buick machine, a Ford automobile and a motorcycle. They were all going at a pretty good clip and in trying to avoid the collision the jitney smashed into the tree with the fatal result above recorded. The wreck was viewed by many Lowell people, including those who went to Ayer to entertain the soldiers at the Y.M.C.A. but at Camp Devens.

The car was owned by Rose Robinson and was driven by her son, Benjamin Robinson of 153 Smith street, this city, it being used as a jitney between this city and the camp at Ayer. The soldiers in the party were members of Battery B of the 301st artillery and the civilians were employed at the camp.

The party left the camp about 6.30 o'clock last night and everything went along all right until Kimball's crossing was reached when the machine crashed against a tree.

The occupants were thrown out and Cavanaugh, striking on his head, was instantly killed. All the others with the exception of the driver, sustained injuries. The front of the machine was demolished.

Dr. James D. Christie of Littleton was soon on the scene and, assisted by Chief of Police Hibbard and officers of the Littleton force, the injured men were cared for. Two of them, White and Polequin, were rushed to St. John's hospital in this city, and Casone, with Privs. Jennings and Curtin, were taken to the base hospital at the cantonment. Casone was later released and sent to the Groton hospital. Assisting Dr. Christie in his first-aid work were Dr. B. H. Hopkins of Ayer and several camp surgeons, who were quickly on the scene.

Following the accident, the body of Cavanaugh was taken to the rooms of Undertaker E. C. Page in Ayer. Cavanaugh's name does not appear in the Lowell directory and so far as can be ascertained he is not known here.

60,000 CAPTURED

Continued

have been begun further south on the Carso front, but these have been repulsed by the Italians.

Final Effort to Bring Peace

The Austro-German blow apparently is a final effort to conquer one of the strong allied nations in the hope of bringing about a favorable peace. The efforts against Russia depite the poor morale of the Russian army cannot be said to have been greatly successful with such an aim in view. In France the Germans cannot advance, but on the contrary have been slowly giving up valuable strategic positions. The final hope was in aiding war-weary Austria to crush Italy.

Fighting in Mountains

In the spring of 1916 the Austrians carried out on extensive offensive movement in the Trentino, only to be thrown back beyond their original positions by the Italians a few months later. Whether the present offensive will result similarly depends on General Cadorna.

The fighting is in the mountains, and the Italians still hold positions capable of a stronge defense. Even a retirement to a line running from Ampezzo through Gemona to Cividale and thence to Gorizia could hardly affect the territory east of Gorizia and southward along the Carso.

French Extend Gains

The effectiveness of General Petain's smash on the Aisne southwest of Laon is shown by the fact that the German crown prince has not attempted counter attacks. The French are extending their gains eastward along the plateau north of the Chemin-des-Dames, while organizing their new positions for further action. Under a heavy downpour of rain the Anglo-French troops have carried out a successful minor movement in the Ypres salient, capturing more than 800 prisoners. The French, on the north, advanced their positions north of Bixschoote, west of Houtholst forest. The British gained ground around Passchendaele, east of Ypres, and in the region of Gheluvelt, southeast of Ypres.

Last night, besides consolidating the ground already won and repulsing two strong German counter attacks west and south of Passchendaele, Field Marshal Haig's troops made further progress in the direction of Passchendaele, clearing out ground in which eighteen German machine-guns were captured.

The French on the British left flank likewise continued pushing ahead during the night despite the difficult conditions. German trenches beyond the objectives reached yesterday were captured and additional prisoners taken.

Turks Retreat

LONDON, Oct. 27.—"On Tuesday Turkish columns, moving on both banks of the Tigris from Terkit approached our positions at Samara (on the Tigris above Bagdad) says an official report from the Mesopotamian front. The Turks retreated up the river during the night without fighting, on the advance of the British."

To Evacuate Helsingfors

PETROGRAD, Oct. 27.—Preparations are being made in Helsingfors for the evacuation of that city, according to a telegram received here.

A report from Stockholm to the Novoe Vremy says that in view of the easy advance in the Russian territory the Germans are preparing for a descent on Finland and, profiting by their propaganda, expect to be able with small forces to capture the Russian troops without resistance and to cut the railway at Tornea cutting off communion tion with Russia and Sweden.

Tornea is a Finnish town at the head of the Gulf of Bothnia, opposite the Swedish port of Haparanda.

French Capture German Trenches

PARIS, Oct. 27.—Continuing their offensive in Belgium, French troops have captured German trenches north of the objectives reached yesterday, the war office announces.

The statement adds:

"On the Aisne front the night was calm, being marked only by intermittent artillery actions, especially in the region west of Ailles.

"On the right bank of the Meuse enemy attacks against one of our trenches nort of Chaume wood and in the forest of Apremont were broken up by our fire.

"On Thursday evening German aviators threw down 20 bombs of large calibre on Dunkirk. There were 30 victims among the civilian population."

Italian Situation Grave

ROME, Oct. 26.—A semi-official statement, issued tonight, says the struggle on the Isonzo front is more than bitter, and that its alternatives are undecided. The situation created by the power of the enemy, says the announcement, is "certainly grave."

The statement says headquarters has taken necessary measures and that if the troops remember that on ten different occasions they defeated the enemy on his formidable Carso positions he is unlikely to tread the national soil long. The thanks of the country are due to the fifth Borsaglieri, which in the last few days has held the Globocak position at the Auzza gorge and is defending it by indefatigable and magnificent counter-attacks, during which prisoners have been taken.

Continuing, the semi-official announcement says:

"At the head of the Natsione valley and at the head of its confluence enemy regiments are headed toward Cividale, to the south of the communications with the central Isonzo.

"In the presence of this threat it has been necessary to anticipate the situation created in the sector which we conquered in August and to ameliorate the conditions on the Bainsizza plateau, which represents the whole of the Italian lines before Tolmino barring access to the Natisone basin."

British Bombing Raids

LONDON, Oct. 27.—The admiralty announces that yesterday afternoon bombing raids were carried out by naval aircraft on the Varssenaere airdrome and the Thouroury junction, in Belgium. Bad weather conditions rendered observation difficult. All the machines returned safely.

XMAS GIFTS FOR AMERICAN SOLDIERS GO TO HOBOKEN, N. J., FOR SHIPMENT

WASHINGTON, Oct. 27.—The war department made public yesterday rules governing the handling by mail and express of Christmas presents for members of the American expeditionary forces in France.

A general officer of the army will be stationed at Hoboken, N. J., as forwarding agent and will pass judgment and arrange for the delivery of the packages in co-operation with the postmaster and express company officials in New York city.

The rules provides that all parcel post packages must be under seven pounds and inclosed in wooden boxes; that express packages, also boxed, do not exceed 20 pounds, and that the covering of such boxes be fitted to facilitate inspection. Food products must be in cans or glass jars.

Mail and express packages should be addressed as now prescribed by postal regulations and plainly marked "Christmas Box." They should be sent to Pier One, Hoboken, N. J."

Every package before shipment will be inspected for explosives or other dangerous matter. The regulations require that the contents of each box be clearly stated on the outside.

The war department order provides that shipment of Christmas boxes may begin at once, but that none will be forwarded which reach Hoboken after midnight December 4. The name and address of the sender must be stated on the outside of each box.

MISS CUDAHY ENDS HER LIFE AT SEA

PARIS, Oct. 27.—Miss Helen Cudahy, daughter of Patrick Cudahy, the Milwaukee meat packer, committed suicide in mid-ocean on Oct. 19, according to the army edition of the Chicago Tribune.

Fear of submarines is believed to have been the motive for her act, the newspaper says. According to this account, Miss Cudahy, who was coming to France on a Red Cross mission, appeared to be cheerful in the early days of the voyage, but when the submarine zone was approached and a convoy met the steamer on which she was a passenger, she remained in her cabin.

A friend who went to her cabin on the night of Oct. 19 found the room empty, a porthole open and this hurriedly written note:

"It was all for the best. Keep as much as possible from father and mother. Notify my brother Michael."

Search of the boat failed to reveal any further evidences of her disappearance or any person who witnessed the tragedy. Miss Cudahy's body has not been recovered.

SHORT TIME CERTIFICATES

WASHINGTON, Oct. 27.—The second day's response of banks and other subscription agencies to the treasury's offering of short time certificates of indebtedness of an indefinite amount was announced today to be $95,228,000. This brings the total for the two days up to $264,025,000.

Today's subscriptions to the issue bring the total of outstanding certificates of indebtedness up to $1,868,225,000.

TOWN TREASURER MISSING

PROVIDENCE, Oct. 27.—William Burton, town treasurer of Johnston, has been reported as missing from his home in Thornton and an apparent shortage in town funds has caused Town Solicitor Frank W. Tillinghast to make a formal demand upon a surety company for $7500, the amount of the treasurer's bond.

Chief of Police Hiram Kimball of Johnston has asked the police of this and other cities to search for the missing treasurer, who is wanted to answer to a warrant alleging embezzlement of town funds.

WANT $35,000,000 FOR Y.M.C.A. WAR WORK

NEW YORK, Oct. 27.—A campaign to raise $35,000,000 for Young Men's Christian association war camp work on extended lines both among the forces of the United States at home and abroad and also among the troops of Russia, France and Italy will begin on an intensified nation-wide scope, it was announced here today by the association's war work council.

The $50,000,000 raised last April, it was shown, was proved inadequate to meet conditions arising from the fact that army mobilization has gone forward more rapidly than "anticipated even at Washington."

"Instead of 1000 secretaries," the announcement says, "$25,000 had to be provided and instead of 200 buildings costing $3000 each the call came for 500 at a cost of from $5000 to $8000.

For raising the $35,000,000 wanted in this country the campaign has been laid out in accordance with the military departments.

The northeastern department is to asked for $3,500,000.

LIBERTY LOAN

Continued

to divulge the name. The Morris Plan Co. has subscribed for $20,000 worth of the securities.

These sums combined to give the Lowell total a substantial boost and every effort will be made in the few remaining hours of the drive to make the ultimate total a record breaker.

The banks of the city will be ready to take subscriptions this evening and everyone who intends to participate in the loan must save his or her subscription "behind the bars" by closing time. The campaign ends officially at midnight.

The Boy Scouts of the city gave their total a substantial boost today when they reached the $192,750 mark at noon. This sum represents a total of 1122 bonds sold. The young men will not cease their efforts until the last minute and Executive Alex. Williams said at noon that they were out to reach the $200,000 mark. Harper Dixon, mascot of Troop 22, got into the game this morning and by noon he had corralled 11 subscriptions. The youngster is not yet 12 years old and for that reason is not a Boy Scout. Nevertheless, he wanted to do his bit and he did it. On account of the fact that he is not a scout he will not be entitled to the war service medal of the treasury department, but he was presented a suitable token this noon in recognition of his good work.

A telegram was received today from the national headquarters of the Boy Scouts in New York stating that in the first two days of the campaign the scouts all over the country had sold 36 million dollars' worth of the Liberty securities.

The Ancient Order of Hibernians has voted to purchase 30 $100 bonds as the organization's contribution to the fund.

The bank tabulation to date is as follows:

Union National	$1,945,700
Appleton National	1,051,000

Lowell Five Cent	100,000
Washington	67,000
Total	$1,117,350

NEWS OF THE DAY IN THE POLICE COURT

Louis Henry Welch and Daniel Hogan, otherwise known as Francis Jones and Thomas Murray, soldiers, who appeared in police court during the earlier part of the week, were charged with the larceny of an automobile belonging to Thomas W. Smith of Nashua, N. H.

According to the story told by the police and also by Mr. Smith, the latter left his machine in front of the Middlesex street station last Monday night, and returning in about ten minutes found that it was missing. He reported the matter to the police and as a result of telephone calls to the police of cities and towns in the vicinity of Lowell, it was learned that the machine had been stopped at Nashua for gasoline and later was found abandoned in Hudson, N. H., across the river from Nashua, and two soldiers, who gave the names of Murray and Jones, were placed under arrest. Subsequently it was learned that Jones' name was Welch and that Murray was Hogan.

When asked to plead to a complaint of larceny this morning, each entered a plea of not guilty, but entered a plea of being guilty to having the machine in their possession. Each was held under $500 for appearance before the court one week from today.

Neglected Children

A number of cases of neglect took up the major portion of this morning's session of the police court. The case of Telesphore Vachon, charged with neglect of children, was continued until Tuesday, while in the case of Denis Connors, also charged with neglect of children, the defendant was placed on probation on condition that he pay his wife $8 a week.

When the case of Joseph Pepin, charged with neglect of wife, was called, it was learned that the wife was unable to be present, but the latter's daughter told a story to the court which caused Judge Enright to find the defendant guilty and give him a suspended sentence of five months in the house of correction on condition that he pay $5 a week.

It was the third time that Michael Considine had appeared before the court for drunkenness and after Sergt. Petrie had testified that the defendant had been giving liquor to soldiers Considine was found guilty and ordered to pay a fine of $10.

Arrested On Capias

Samuel H. Jarrett, who was arrested on a capias for the neglect of his children, was sentenced to five months in the house of correction.

The case of John S. Greig, charged with violation of the milk law, having watered milk in his possession, was continued until November 9. Walter A. Andrew, also charged with having watered milk in his possession, had his case continued until the same date.

Declared Defaulted

Joseph McSweeney, one of the pair arrested at the Middlesex street station on the night of July 3d and who was charged with attempt to commit larceny from an unknown person, having narcotic drugs in his possession and also with having a hyperdermic needle in his possession, failed to appear in court this morning and was declared defaulted.

Other Offenders

Lillian and Agnes King, sisters, were charged with being stubborn children. They were allowed to go on their personal recognizance on condition that they would appear in court Monday morning.

Peter Markewitz was charged with attempting to steal property from Alice J. Saunders yesterday, it being alleged that he reduced a check handed him by a clerk which he was to give to the cashier. According to the story told the court, the defendant purchased goods to the amount of $2.72 and upon receiving the check erased the $2 and proffered 72 cents, but one of the clerks detected the alleged theft and the goods were not delivered. A fine of $10 was imposed.

John Coyle, charged with assault and battery on Abraham A. McCutcheon was found guilty but by agreement of counsel and the court the defendant was allowed to go on his personal recognizance to keep the peace for one year.

There was but one drunk arrested during the 24 hours and he was released by the probation officer.

WANT ALL-AMERICAN TRANSPORT CREWS

BOSTON, Oct. 27.—The importance of having all-American crews for the new merchant fleet that will carry supplies to our soldiers in France was discussed in an all-day conference at the chamber of commerce yesterday by officials of the United States shipping board recruiting service, whose national headquarters are at the Boston custom house.

The sense of the conference was that it is highly important to have only men of unquestioned Americanism on board our cargo transports.

Other phases of the work of manning the country's coming great merchant fleet of 1600 ships were also taken up in two three-hour sessions. Most of the conference was devoted to methods of training experienced American seamen at government navigation and marine engineering schools to serve as officers on the new cargo ships that will be controlled by the shipping board.

Henry Howard of Boston, director of the nation-wide recruiting service, presided. George Uhler, supervising inspector general of the United States Steamboat Inspection service, who had planned to attend, was detained in Washington by pressing business.

Chief speakers were Prof. Carl C. Thomas of Johns Hopkins university, Baltimore; Farnham P. Griffiths, San Francisco; William J. Grambs, Seattle; Capt. Irving L. Evans, Cleveland, all section chiefs in the recruiting service, and Capt. Eugene E. O'Donnell, supervising inspector 5th district, Steamboat Inspection service.

The conference was continued today, when the general policy and expansion of the service will be discussed.

The service is to undertake to train 10,000 officers; already it has received 15,000 applications.

NEW LIBERTY LOAN DAY RECORD IN BOSTON

BOSTON, Oct. 27.—Boston with subscriptions yesterday of $20,981,000 established a new one day record for the Liberty loan campaign, and today was over 20 per cent over its maximum quota of $105,300,000.

Two Maine towns are given special mention in the report of the campaign committee today. Andover, Me., with an adult population of only about 500, ten miles from any railway and with no manufacturing industry has taken $16,250 worth of bonds, and Norway at noon Friday was 25 per cent beyond its maximum of $95,000.

MAJ. GEN. SCOTT AT THE BATTLE FRONT

PARIS, Oct. 27.—Maj. Gen. Hugh L. Scott, former chief of staff of the United States army, has arrived in France and gone to the front.

After his retirement last month as chief of staff, Maj. Gen. Scott was made chief instruction officer of the new national army. He went to France to study operations on the western front and on his return will supervise the intensive training of the national army in trench warfare.

CUTS BUTTER PRICES IN CHICAGO

CHICAGO, Oct. 27.—The consumer began to realize the benefits of government supervision of food sales yesterday when the butter price was slashed 8 to 6 cents by the local food price committee. This was done in the face of predictions by retail grocers that best grades of butter would sell at 55 to 58 cents a pound next week.

The food committee, after conferring with a committee from the Chicago butter and eggs board, decided that 44 to 49 1-2 cents a pound is a fair price for creamery extras in bulk and 45 to 50 1-2 cents the right figure for butter in cartons. Retailers have been asking 50 to 55 cents a pound.

The butter and eggs board committee agreed that a fair profit for the grocer would be 2 cents a pound over the jobber's price on bulk butter and 3 1-2 cents for cartons.

The price committee also cut the cost of corn meal 1-4 to 1-2 cent a pound, with promises of a greater cut.

WEATHER PREDICTIONS

WASHINGTON, Oct. 27.—Weather predictions for the north and middle Atlantic states for the week beginning Sunday, issued by the weather bureau today are:

Fair until Wednesday or Thursday, and also for Friday and Saturday. Lower temperatures during last half of the week.

ANOTHER ZEPPELIN DESTROYED

TOULON, Oct. 27.—In addition to the four Zeppelins known to have been lost by the Germans in French territory last Saturday another has now been reported destroyed by falling into the Mediterranean last Saturday night. Two French naval aviators made this report today.

FINE MEN IN VICE DEN CASE

BOSTON, Oct. 27.—William Kirmis, a photographer, and Louis A. Dow, an artist, were fined $300 and $200 respectively in the superior criminal court yesterday and discharged from further prosecution. The men were rounded up as a result of the raids on vice dens in this city some months ago. Both men were given jail sentences in the lower court, but appealed to the superior court.

Judge White presided at the session yesterday.

SWITCHMEN DEMAND RAISE

CHICAGO, Oct. 27.—Switchmen of 19 railroads entering Chicago decided today to demand wage increases which would make $5 a day the minimum.

HERO DEAD, HIS WIDOW GETS CARNEGIE MEDAL

BOSTON, Oct. 27.—Mrs. Maud M. Sterling of 52 Falcon street, East Boston, has been awarded a silver medal and $40 a month by the Carnegie hero fund commission, according to a despatch from Pittsburg. The award is made for an act of bravery by her husband, the late William L. Sterling, a foreman carpenter, who died while attempting to save Edward J. Hughes and three others from suffocation on Nov. 2, 1916.

The accident which led to Sterling's act was on the steamship Devonian. Three carpenters were overcome in the boat's hold, which had been fumigated with prussic acid gas, and a fourth man fell from a ladder as he was descending into the hold. Sterling and another man started to the rescue. The group of men above advised them not to enter the hold and one man returned. Sterling continued to the bottom, 43 feet below the main deck. He tied a rope about a man and started to re-climb the ladder, but was overcome and fell backward before he reached the deck. His injuries proved fatal. Two of the men were removed from the hold and recovered, but the two others died. One of the latter was Sterling's eldest son.

In connection also with the accident the following other award was made:

John J. Shelby, Tuebrook, Liverpool, England, helped to save Charles J. Coleman from suffocation in the Devonian's hold at Boston, Nov. 2, 1916.

ROOSEVELT PLAN DROPPED

WASHINGTON, Oct. 27.—The plan for drafting Col. Roosevelt into the army as division commander of New England troops, which five governors of that section were due to present to Secretary of War Baker today, fairly died a-borning.

Last night when it was all over, Gov. McCall of Massachusetts and Gov. Milliken of Maine, whose names have been most prominently connected with the movement, admitted that the colonel's name had not even been presented. Early in the conference Mr. Baker and Gen. Bliss, by plain statement of army conditions and plans, made it plain to the governors that there was no use in going any further on the project.

JOHN M. FARRELL.....Auctioneer
Office, 162 Market St., Lowell, Mass.

Administrator's Auction Sale
OF THE REAL ESTATE AND HOUSEHOLD FURNITURE OF THE LATE MAJOR ANDREWS, THURSDAY, NOV. 1, 1917, AT 10 A. M., SITUATED IN THE TOWN OF TYNGSBORO, MASS., ON THE CORNER OF THE DUNSTABLE AND TYNGSBORO ROADS, RIGHT IN THE CENTRE OF THE TOWN, ON THE STATE HIGHWAY.

The real estate will be sold in three lots, as follows:

Lot 1. The Homestead, consists of a 2½-story house, barn, carriage house and about three acres of land. The house has 10 large, sunny rooms, fireplaces built in, with old Colonial designed mantels, is in good condition and would make a very desirable home. It is on the state highway, in the centre of the town, facing the square, sets well back from the road, with a large lawn in front. It has town water, electric lights may be had if desired; electric cars pass the place and there is good steam car service to Boston. The barn is large; there is a good carriage house and some fruit trees.

Lot 2. Consists of 1½ acres of land, more or less, on the Dunstable road, in the centre of the town, just beyond the meeting house adjoining the homestead property.

Lot 3. Consists of a six-acre lot of hay land on the Dunstable road, on the border of Flint's pond, directly opposite the homestead property. This is a good piece of tillable land.

The household furniture consists of many antique pieces of mahogany furniture, swing-top table, tip top table, sewing table, spinning wheels and reels, old-fashioned pictures, hand-worked pictures in worsted yarns, parlor suite, mahogany framed mirror, lot of books, chamber suites, extra dressers, rocking chairs, bric-a-brac, whatnots, fire irons, lot of china, kitchen and parlor stoves, old trunks and many pieces of furniture that space will not allow mentioning.

The furniture will be sold commencing at 10 a. m. The real estate will be sold at 3 p. m. The house will be open for inspection Tuesday, Oct. 30 and Wednesday, Oct. 31.

Terms of sale: $500 must be paid as a deposit on the homstead, $200 on lot No. 2, and $200 on lot No. 3, as soon as sold. All personal property, cash. Other terms at sale. Per order
W. A. BARRY, Administrator.

ARE YOU HELPING
THE UNITED STATES WIN THE WAR?

You can help fight in the trenches---or you can help fight by buying a LIBERTY BOND. Your part, your duty, is to fight or pay. Every dollar you give may help save one of our soldier's lives. Uncle Sam does not ask you to give your money, he only asks that you lend it at a good rate of interest.

Buying a LIBERTY BOND is not merely a patriotic act, it is a wise, far-seeing, profitable investment. It is better than hoarding gold because it is as good as gold and draws interest. It is the best investment in the world and NOW is the time to buy.
